(What follows is intended for those who would understand and apply the science of cosmic cycles applied from the teachings of the Ascended Masters of the Great White Brotherhood (of Light) as given through their Messengers, Mark and Elizabeth Clare Prophet and applied using the science of the cosmic clock and astrology. I have followed as faithfully as I can the direct application and translation of the cycles as given, understanding it is karma making to interpret. I have taken the Master's dictations to the altar and sat under my Christ Self and the Masters who tutor my soul and have applied these cycles in my own world for the purpose for which they are given, to save my soul. What follows is the product of the cycles as given by the Masters and as applied and understood in the meditation of my heart with the hearts of Mother, my Guru, Saint Germain, Kuthumi, and Maitreya. I have followed and applied this science for years. I have been compelled to share these with you. I have applied the science of light and the cosmic clock with my understanding of esoteric and mundane astrology to translate the hand writing on the wall of returning karma and to walk the Path of Initiation home. The light flushes out the darkness. The methodology of this applied science is not given here, but the inquiring mind may understand. The methodology will be given separately at a later date as new age astrology of the initiate for the soul's odyssey of the return home. It is my intention and purpose that you sit under your own vine and fig tree and use the material here and study the Masters teachings referenced here to enter into a dialogue with your God Presence and be God taught so as to acquire God's gifts of the Holy Spirit of Knowledge and Understanding, Discernment, and Interpretation of Tongues. Your Christ Self is your teacher. What truth lies here is only of value to you if it sets your heart to vibrate as two tuning forks that come into contact. The Truth will set you free. Your Christ Self is Truth. Seek and you will find.

(What follows is for your intercession on behalf of mankind for the saving of souls and your ascension in the light.)

Preface

Winter quarter 2018 is the gestation period for the seeds of life times of preparation for our soul's victory in this embodiment, as the seeds harvested in the fall of 2017 gestate while the soil lays dormant until they are planted in the spring of 2018.

2018 is a year of the soul's accounting to the great initiator, Lord Maitreya. All are called to account for their service in the Order of the Diamond Heart (*POW vol 30*), founded Christmas day 1987, as they stand before Lord Maitreya now in the Saturn return (*Nov 2nd, in 2017*) for the saving of America and **to stop the adversary**. All are called to account, for the abdication of their destiny (*balancing their Karmic debt to America*) and the destiny of America whose judgment went forth on Jan 4th 1988, as they stand before Maitreya now at the Saturn return (*Nov 14th, in 2017*). All are called to account for their soul's evolution at the Saturn return of the Prophecy of the 1990's on December 20th, in 2017 and of Saturn's re-entry into Capricorn, the day before, on Dec 19th, in 2017.

The soul is called to an accounting on Christmas day, 2017 during the Saturn Return of the initiation of the heart (2/21/1988) of the soul's assimilation of the Guru and the teachings becoming the Son out picturing their Sun, Jupiter and Venus or for their accommodation of the Guru and their playing out the returning karma delivered by the Four Horsemen, Mars, Saturn, Uranus, and Neptune (*taught us by the Maha Chohan*) in the community and the nation(s) these last 30 years.

Many of the dispensations and judgements (the dictations and teachings) that were given in 1988 are now in their Saturn Return. All are called to an accounting in 2018. Many are ready to enter upon the stage in 2018 as the faithful chelas aspiring to fulfill the role of their Christ self having fastened themselves to the cosmic cross of initiation with the Ascended Masters standing behind them as taught by El Morya. While others entering upon the stage in 2018 are playing out the great drama of the Four Horsemen backed by the False Hierarchy of the Ruby Ray. This cycle of the initiation of the heart by the Holy Spirit, that began in Feb 1988, now stands accountable before Maitreya in the Saturn return on Christmas Day 2017 to play out in 2018 and beyond, the final prophecies of the Book of Revelations and of Daniel.

CHRIST AND ANTICHRIST

2018 is Maitreya's year. Maitreya is Saturn (*it's causal body*) and it conjoined the Sun on Winter Solstice at 0 Capricorn 11 minutes. All will answer to Maitreya in 2018 (*for their talents*). Saturn returned to Capricorn after 29 years initiating the American people (*Saint Germain*) and the chelas in the initiation of the heart (*Saturn entered Capricorn last on Feb 21, 1988 for the initiation of the heart by the Holy Spirit, Maha Chohan*). The Cosmic Christ Maitreya is come to slay the dweller (*Pluto*) in Capricorn. Time has run out. Everything is as if it is moving in slow motion as Maitreya conjuncts Pluto in late 2019 as Saint Germain on Prophecy (*The Prophecies of the 1990s*) writes of His (*Cosmic Christ*) descent as "God's judgments of his own, the return of their karma for their disobedience to him, is allowed to descend upon them through the fallen angels as a great fire, the fire of nuclear war already kindled". The original warning was given in a dictation on Lanello's Ascension Day Feb 26, 1988 in Lisbon. Its solar return was on Dec 28th, 2017; in the year 2018 which began at winter solstice.

Following the New Year's Address by Gautama Buddha on Dec 31st, 2017, Maitreya came for the evaluation of the Temple, the 12 Tribes, and Jerusalem. This occurs every New Years Day since first given by Maitreya on Jan 1st, 1987. The solar return (1/1/2018) finds the souls of the accommodators confronting the assimilators in 2018 as Venus at 8 Capricorn 55 conjuncts Black Moon Lilith at 9 Capricorn 46 conjoined Mother's Mars (*those chelas who have rejected her out of the pride of their ego, having fallen like Lucifer, so great will be their fall*) conjunct the Sun at 10 Capricorn 50 (*all within a 1 degree 55-minute orb*) in the 3rd house of the disciple.

2018 will see the karmic drama playing out as those who do not believe the promise, who have not prepared for the last 29 years are now sealed in their karma to play out the drama of the final judgment of the fallen ones as they (*attempt to*) seize the office and authority of Christ. They will face the Watchers and their wives (*Lilith*) and the Nephilim hierarchy believing in the superiority of their outer attainment built upon the electronic belts of Mars, Uranus, Saturn, and Neptune. They are driven, the Masters teach, by their greed and their ambition.

Whereas, those who have sought to walk in the earth but live in the etheric having assimilated the Guru and the teachings are raised up by the Cosmic Virgin as they fasten themselves to the cross of initiation and in communion with the Holy Spirit (*taught by Maitreya in his teaching, the six-pointed star of the Lord of the World*). They speak the truth into the lies of the propaganda and reasoning of the serpent logic of the accommodators who in their pride stand in the coming winds of the Holy Spirit as the mighty oaks as taught by El Morya. As the faithful recede into the heart while Helios delivers the judgment. These latter following the admonition of Saint Germain, prepare to survive what is coming upon the civilization of the Golden Calf and the rebellious generation of Arron, for their betrayal of the Guru. (*see Saint Germain of Prophecy Book 2 Chapter 2*).

This judgment began, as an avalanche of karma descending (*both good and bad*) "upon his own" for their disobedience to him, last summer during the Solar eclipse over North America (*at 28 Leo*). This played out as the confrontation in the summer and fall of 2017. Under this eclipse window (*2 years 8 months*) of the solar eclipse, the soul of each one and of America must stand on the light internalized with the cutting off of the I Am Presence, in the final period of the Dark

Night of the Spirit. Now in 2018 the soul faces the first rumblings of the avalanche of karma descending as she stands under the Lunar eclipse of Jan 31st, 2018 known as the Super Blue Blood Moon. This means that the great drama unfolding is of these souls cut off from the Sun Presence who are now untethered, unbound to follow their dweller and play out upon the stage their unresolved ambition and greed as they betray the Guru as they did on Atlantis and in many civilizations during the last 25,800 years.

This will play out as Pluto conjuncts Mother's Descendant beginning on Feb 15th 2018 in the 7th house of the Guru chela relationship as Lilith conjoins Mother's Mars (*her chelas*) in the 7th house that will cause to fall upon the soul this avalanche of karma represented by the planetoid Vesta (*Maldek*) at 14 Sagittarius conjunct Mother's Moon (*her soul*) in the 6th house of service to the Guru conjunct Mars at 12 Sagittarius. This occurs with the Sun at 27 Aquarius conjunct the Jan 1994 Saturn and the prophecy of the destruction of the church and America by Mother and Elohim. El Morya tells us that evil triumphs because good people do nothing. Thus, the assimilators stand on the cross in the initiation of the Word upholding the Arms of the Guru in the judgment, for the victory. Pluto will make an exact conjunction for second time on July 2nd with the unveiling of the picture to replace El Morya. The third time is at winter solstice 2018. This is the great drama El Morya and Mother told their chelas about. Saint Germain says to prepare physically to survive this.

In each of the first two centuries (*of America*), we faced war in the battle between Christ and antichrist, now in the third century we must prepare for the final war prophesied by Mother Mary and the Masters. We must prepare with the Masters to win and to survive. The meek shall inherit the earth and the nation.

Summer of 2018

This document is intended to document the coming initiations and the challenges that these tests will present to the soul. It is intended to describe the rise and reign, for a short time, of the Scarlet Beast described by the Buddha of the Ruby Ray; John the Revelator; by Daniel in his dreams; and by Mother, the Masters and Nostradamus. As well as, describe the initiatic journey of the soul risen in the embrace of the Divine Mother to the inner temple to be God taught in preparation to come forth to fulfill their destiny.

2018 is unique in the lifetime of all generational lifewaves in embodiment today, why? We must understand the unique requirement and responsibility of this initiation in 2018. As we have come to the revelation, after 33 years on the path, of what is coming upon the Earth, beginning in 2018. We understand the role that we are called to play out, as it is written *or* how we have re-written it.

Regardless of whether we come to do God's will or our own self will, we are come to pay our karmic debt of destiny, as we take to the stage in the summer of 2018 as we conclude the 60th year of the Summit Lighthouse of Love's Mission (66 years to conclude) to the Nations on August

CHRIST AND ANTICHRIST

7th. As we come to the final months of the 22 steps of the ascension, we play out the remaining prophesies of the Book of Revelation (*written, yet unfulfilled*).

We must understand the office and mantle of the Seventy Elders, their role and responsibility and their betrayal. We must understand how the nation and the Church are being crucified as the leadership of the people is eroded from within by the soul's desire to rule over the children we are come to teach. As many reject the role of World Teacher because of the price to be paid. Instead, desiring to rule over them as Rich Richards rejected the Guru Morya (*Thomas More*) causing him to be cast out and imprisoned as the accuser of the brethren provide false witness in the murder of the Guru and her chelas. Re-enacting the Great Drama of the casting the Emperor Jesus, out of Atlantis with his faithful.

We must understand the contradistinction between 1985 and 1994 and how they come together in 2018, as the leadership spiritual and material of this Church contend with the cycles of initiation and returning karma midst themselves, the members, and the Nation(s). We must look at the roles and responsibilities of the Twenty-Four ('85) and the Seventy Elders ('94) and those called to the Order of the Diamond Heart ('87) and their initiation in 2018. We must look at how the future is being written by those in the Church, that will play out in the Nation (s) over *the next 14 years* (2018 ~ 2032).

We must understand the message of (*initiatric*) astrology and the message of the portal that is opening that will provide the choices that will determine for all (*each one*) their future over these *next 14 years*, that will be the final years for many, if not most, people in embodiment.

We were told in 1996 by the Buddha of the Ruby Ray to watch for the coming third Anti-Christ and we were told by Sanat Kumara's Messengers to watch for the coming (*return*) of Genghis Khan (*prophesy of Nostradamus*). The Portal or doorway is being opened by our actions and non-actions in 2018. How is it happening and who is behind it and what is it opening to? Moreover, what can we do to influence the outcome? We are here and the crystallization of the God Flame in our Individualization of that God flame has the power and authority to call upon the Lord and the Armies of Heaven to change the future, that is playing out. This is why we are in embodiment. This is our initiation on the fourteen stations of the cross. Who is keeping watch? Who has prepared? (*Unto this hour*).

We are witness to and participants in 2018 to the playing out of the Great Drama as the Seventy Elders took to the stage at Easter and prepared their Temples in the upper room for 50 days till Pentecost and the coming of the Holy Spirit. We must look at the (*astrology of the*) initiation and the returning karma from two perspectives one spiritual and one material; two perspectives yet one initiation, one Great Drama. (*The Next*) **Fourteen years**, fourteen tests are given to prepare for the coming dawn of the new day in the Kingdom come. Only the meek, as a little child may enter.

This is the coming end of the Reign of the Gentiles (*Rev 11:1*) and of Babylon the Great and the Harlot. It is the coming end of the Beast out of the pit and the Scarlet Woman that has emerged

SUMMER 2018 THE SEED GATHERED WHAT IS PLANTED WILL SPROUT CHRIST AND ANTICHRIST

within the Community and the Nation(s). It is the coming end of the false prophet of the illuminati who has orchestrated the opening of the portal and the coming of the Third Antichrists. The coming end of those who would rule over those who were called and chosen. Those who have denied Christ to govern over them, in church and state. Those who are now given a time, Daniels says, seventy weeks to now rule and to fulfill the prophecies.

What of the faithful, the remnant? What has God wrought for them? What are his instructions to them? This is the hour and the power of the God flame in our hearts to ignite freedoms flame as you stand a furnace of violet flame for the Turning of Worlds.

The solar cycle of 2018 entered the emotional plane at Summer Solstice on June 21st, 2018 to take from the willing soul the outworn mental patterns and feelings driven by desires (*Mars*) that feed ambition and idolatry that opposes the soul's ability to *recede* into the secret chamber of the heart. This is manifest as eleven solar bodies *retrograde* in the summer of 2018. The solar cycles are enabling the soul to enter the flame in communion with the Holy Spirit to meet the coming challenges that these retrogrades present. Those who are unwilling to give up these patterns and feelings will plant and water the seeds harvested from the fall of 2017 and will replay their pattern of betrayal of the Word Incarnate across time spanning the last 25,800 years and more. The pattern of their rejection of the love of the Divine Mother and her daughter, Guru Ma, as people retrograde back down the mountain having gone far enough.

This document begins with the story unfolding with the *solar cycle of the solar eclipse on July 12, 2018*. The preface to the story now unfolding sets the stage with the coming of Helios at summer solstice. When the drama of 2017 that played out in the land has returned (*in 2018*) to play out the consequences of what began in 2017.

The Watchers [*Psyche*] stand in the sixth house as the unjust stewards' conjunct those who embody the vibration of Maldek, Vesta at 28° Sagittarius. Vesta represents the records of the

karma of Maldek, of her planetary evolution's rejection of the love of the Divine Mother and the consequence of the karma that destroyed the planet (*karma of inaction, silence*). This drama that is playing out, that began in 2017, is the drama of the 2017 T-square at 28° Sagittarius to the 28° Pisces-Virgo axis (at winter solstice 2016) of the judgment of a people who follow the false hierarchy of the Ruby Ray in rebellion against the Woman Clothed with the Sun and her manchild and their rightful office and authority. This rebellion is now playing out in the sixth house, third decant where the initiates are faced with the choice to repudiate the rule of antichrist and to refuse to cross the line of the law drawn by Sanat Kumara and thereby be sealed in the protection of the law against those whose karma is now descending to carry out the judgment gone forth from the throne of heaven delivered by Helios at summer solstice, now manifesting with the solar eclipse of July 12.

The solar eclipse of July 12, 2018 occurred at 10:48 pm eastern daylight time at 20° Cancer 41 minutes in the fifth house, second decant (*see page 7*). This eclipse occurred during the solar cycle in the emotional plane and feeling body on the sixth day of the sixth ray in Cancer as taught by Kuthumi. This means that Helios came at summer solstice in the Helios cycle of the year for the judgment at the conclusion of the 33 years of the playing out many of the prophecies of the Book of Revelations. The stage was set at summer solstice with all the players having had the last 33 years to prepare for their roles. Those having assimilated the Guru; the teachings and the path have come for the final initiations and testings of their soul in preparation for coming before the Guru to be anointed for the mission of their personal Christhood. Others having accommodated the guru and the teachings, placing more value on the pride of their own egos, have come prepared to play the roles that they have repeated over and over throughout the ages having infiltrated and destroyed the activities of the Great White Brotherhood as taught by Saint Germain and the Maha Chohan. On the one hand the assimilators have come to uphold the law on the path of the seven initiations under the hierarchy of the Ruby Ray while the accommodators have come to play out the karma delivered by the four horsemen under the false hierarchies of the Ruby Ray.

In the summer of 2018 following the second of three Pluto conjunctions of Mother's descendent at 20° Capricorn 16 minutes in the first decant of the 10th house on July 2 [*the first occurred on February 15, 2018 during the solar eclipse at 27° Aquarius in the seventh house activating the 1994 mega conjunction that threatens to destroy the church and the nation; the third and final Pluto conjunction of Mother's descendent is on winter solstice 2018; and will play out throughout 2019 and beyond*]. This is the prophecy come full circle in 2018 of that which was spoken by Mother 34 years ago in 1985 following Mother's trial and the creation of the 24 Elders by El Morya. This is the fulfillment of the prophecy that the fallen angels would change their strategy from attacking the guru to attacking the chelas, to strip them from the guru (*service to*). This is the fulfillment of the prophecy of Lanello stated by Archeia Aurora in The Vials of the Seven Last Plagues that in the end, few would remain faithful to the Mother.

The judgment of Helios given in 1991 for the cutting off of the fallen angels, entered the 28th year in Aries on July 4, 2018. The beginning of this cycle corresponded with the acceleration of

SUMMER 2018 THE SEED GATHERED WHAT IS PLANTED WILL SPROUT CHRIST AND ANTICHRIST

darkness as the fallen ones lusted after the light of the people (*in revenge and self-preservation*) as the Neocons plotted the new Cold War in the Middle East; the first attack on the twin towers, the first Iraqi war and the establishment of the new economic world order. The karma of the fallen angels and of those tied to them descended (07/04/18) in an astrological pattern of a basket, the handle stemming from Saturn at 5° Aquarius and the Sun at 12° Cancer. The midpoint between Sun Saturn is 23° Aries 49 minutes conjunct the nadir at 22° Aries 28 minutes. The chelas and the Lightbearers were called to demonstrate their mastery at 22° of Aries Libra, the line of the heart by arcing the light from the Great Central Sun and anchoring it in the earth to consume this darkness before this returning karma plays out in the fertile consciousness within the souls of the people through the Moon at 12° Aries in the third house third decant of the lower mind's carnal logic and reasoning. Thus, opening the soul to the return of the serpent to the mystery school in the Western Shambala in 2012, in the 22nd year of the cycle on the 9 o'clock line in Libra when the souls of the chelas, the people and the Lightbearers of the world were to have attained to a level of God Mastery in God Reality to anchor the judgment of the beast out of the sea and the beast out of the earth usurping the authority and the office of Gautama Buddha and the chelas called to be World Teachers. Now in 2018 in the 28th year in Aries the karma playing out on our land is the untransmuted karma of the judgment of Helios in the consciousness of the chelas and the people. It must be noted that some are fulfilling the hope and the promise of their God Reality by anchoring the light of their God Mastery to hold the line against this wall of karma with their finger in the dike through the end of the dark night of the spirit, the Tribulation.

In 2018, the judgment that went forth from the courts of heaven at summer solstice (*celebrated at the conclave at the Royal Teton retreat*) is being carried out by Helios and delivered upon the fallen ones during the solar eclipse of July 12, 2018. This judgment is delivered as the seven last plagues and is following the pattern of the 10 plagues of Egypt that came one following upon the other. This judgment was announced on August 21, 2017 with the first of five eclipses during the next 35 years over (*North*) America [*between 2017 and 2052*].

CHRIST AND ANTICHRIST

The judgment, Helios tells us in the message of the stars, is that the faithful must research and study the actions and the words of those whose dwellers have risen to dominion over their souls and who lust after the light of the office and authority of the Guru as spiritual leader of the church and the nation. The judgment is of the dwellers of those who seek to usurp the authority and subvert the office of Christ in America and our land. These are those who are a law unto themselves, who demand the right in their lust after the light of the Mother and her children to rule (*them*) having failed in America and the church to bend the knee before the Lord God and his path of initiation.

This is the judgment of those, the unjust stewards, who have taken to themselves that which is the Father's, given to his sons. God has a plan to deal with the dwellers of those attacking the Guru, her office and authority and her chelas [*Pluto conjunct the descendent of Mother, the seat of the guru chela relationship, the seventh house cusp.*] This judgment plays out as the acceleration of initiation and the acceleration of karma, as the great drama unfolds.

The science of astrology teaches us that in the first decant of Leo and of the fifth house the soul must choose to be governed by Christ or be ruled by antichrist, also taught by the Masters. Having made the choice, the soul then comes to the second decant of Leo and of the fifth house in the knowledge of the teachings and the example of the Guru prepared to transform self or failing to assimilate the Guru and the teachings, to transform the outer organization having changed the laws and the bylaws to accommodate their own meaning, no longer willing to bend the knee before the law. They have declared themselves a law unto themselves.

On the one hand the soul enters the path of transformation having been long suffering in the transmutation of their karma. The souls of the initiates are being prepared for the Transfiguration in the fulfillment of the promise given by the Lord Sanat Kumara that the day will come when he will no longer look upon their soul as her karma but by grace will bestow upon the soul the mantle they wore upon Atlantis before the last Golden Age fell. These are the initiates who follow the seven initiations on the path of the Ruby Ray (*following the opening of the 7th Seal*).

On the other hand, the soul stands in her dweller before the Guru, lusting after her scepter and as taught by the hierarchy the Ruby Ray, they usurp her authority and subvert her office and that of those who stand with the guru in Aries on the East Gate as the true Christs and the true prophets. The latter are those who stand with the Guru on the South Gate, as her chelas and with the Woman Clothed with the Sun, as her manchild, keeping the mystery school in the Western Shambala. The latter are those who stand with the Guru on the North Gate as the true sons and daughters of God who keep the white cube of the Church Universal and Triumphant with the remnant of the faithful of the Woman and her seed. The latter are those who are being prepared to take their stand on the West Gate with the Guru as World Teachers and those who wear the mantle they once wore on Atlantis in the last Golden Age. These are they who are being prepared as the many, who follow the one, as the Divine Mother is giving birth, as the Woman Clothed with the Sun, Guru Ma, to the manchild who is being initiated to take the scepter of the Divine Mother to rule with the King of Kings and the Lord of Lords in the Kingdom Age. We have been

CHRIST AND ANTICHRIST

told that before the dawn of the new age comes, there does come the darkest point of the dark night of the spirit.

Daniel speaks to us of this period of the greatest darkness during the dark night, in chapters 7 through 12. Saint Germain tells us about this period of darkness of which Daniel speaks. They both identify this period as the Tribulation, the last 3 ½ years of the dark night of the spirit that will end in the final (*spiritual*) battle of Armageddon. Saint Germain tells us that Armageddon is a spiritual battle playing out in the astral plane for the hearts of men. Although, Saint Germain tells us that it is within the hearts of men to play out this last battle in the physical. We are told that this played out on Hedron, Maldek and upon Atlantis and Mu because the good people did nothing. Jesus tells us that on Atlantis the faithful allowed the fallen angels to lead their children as the Pied Piper in rebellion because of their idolatry towards these fallen angels in order to keep peace with their children. This was the drama of the karma of nonaction, of doing nothing. This is the playing out of the law, that silence is consent. This is the law of duplicity. It is the law of accountability. This is the great drama that is playing out as the darkest of the dark night of every Golden age when there were not sufficient numbers of chelas that obeyed the law and pursued the next level in hierarchy, the office of individual Christhood.

Astrology is the science of discerning the law of initiation, the path of the putting on of the teachings, of the walk with God up the spiral staircase as the cycles unfold day by day. As the soul calls down the light to the centers beneath the heart to wash daily, one day one ray, seven days in each of the four lower bodies in the 28 solar day cycle under each of the hierarchies of the Sun in the light cycle of the year, as taught by Kuthumi and Maitreya.

Pluto stands on the descendent conjunct Mother and the Guru chela relationship and those of twin flames of the chelas, of the Messengers, and the two Witnesses to make war against the Lamb and his faithful [*Revelations chapter 17 verse 14*]. Pluto representing the dweller of the chelas [*and of all Americans, as Saint Germain tells us that all Americans are initiates of Maitreya*] stands in Leo and the fifth house in the third decant to face the initiation on the mountain with Saturn, the causal body or the electronic belt and must face the records of *ambition within the organization* and the souls standing and position in community and the nation. The soul comes with her momentum of transformation of self or externally in the organization in order to rule under the initiation of the causal body of Saturn or the electronic belt of Satan [Saturn]. The dweller is conjunct the guru giving birth to the manchild in the chelas determined to devour that manchild by stripping the chelas from the guru. Therefore, the dweller believes, they will delay the delivery of the judgment. The dweller believes that the true chelas are the only thing standing between themselves and the power and authority of the office of the Divine Mother and her scepter. They are blind to the law which is impersonal and infallible.

Helios comes to deliver the judgment of the law to the Abusers of the Word on the First Ray. This judgment went forth on May 27th 1984. The judgment is playing out on the ascendant in the first decant as the activity of the soul receives her Holy Christ self and works the works of the ages or she rejects the love of the Holy Christ self and in the idolatry of self-love works the works of Chiron in the second decant of the first house standing on the apex of the Y. The

exaltation of the Christ or of the antichrist, in the guru or the dweller. This is the conditioning of the soul through the ages at 2° Aries conjunct Guru Ma's midheaven in the lust after the power and the authority of the Guru to rule the church, as taught by Kuthumi in the Exposé of the False Teachings number 13, that those who fail the initiation lust after the light of the Vicar of Christ and as Peter they take it as is their right having followed the logic of the serpent mind and its reasoning standing on the fourth house cusp and in the first decant of Cancer in self-justification of their actions, believing in the rights of Kings. These are the 10 horns of the Book of Revelations who stand midst the Elders having seized the crown, in 2018. They are conditioned by Chiron to betray the Guru under the eclipse of the blue moon, a super blue blood moon whose window opened on January 31, 2018 at 11° Leo in the first decant of the sixth house of the soul's outer achievements having taken the scepter to Reform(action) the organization at 11° Leo under the eclipse of the sun of the soul in the dark night of the spirit. This the revelation (11) of those Elders who under Moses, in his absence, were tested during the initiation of their souls whether they would be governed by Christ or ruled by antichrist; who led the people in the worship of idols of the god of gold as the love of money having refused to move on up the mountain they reformed the organization of the people to lead them off the mountain back to Egypt and the materialism of socialism, of Egypt. The dialectical materialism of the beast of Rome reborn in world communism. Now threatening America as The Week (*TheWeek.com*) headlines the Democratic Party becoming the Socialist Party of America. The handwriting is upon the wall and it is now up to the watchmen upon the wall. What will they do?

The return of karma, manifest in the confrontation of the personal and planetary dweller, Pluto with the Guru, in relationship to her chelas, on the path of initiation on the journey home in the ascension, plays out in the solar eclipse at 20° Cancer trine 20° Pisces in the first decant of the first house trine 20° Scorpio in the third decant of the eighth house forming the initiation of the grand trine as the soul takes their stand in the first house in choosing whom they will receive, the Holy Christ self or the dweller and whose works will they follow and carry out. The eclipse of the Sun conjunct Mother's Ascendant is come to eclipse all opposition to the victory of the soul who is taking her stand to receive her Holy Christ self and cast out the dweller and standing in the eighth house in the attainment of Pisces (*God Mastery*) on the right-handed path in Scorpio for the fulfillment of God's Vision of the original plan for the soul. This is in juxtaposition to the soul who stands in their dweller usurping the guru in the community at 20° Capricorn conjunct Mother's descendent usurping her authority and office in the community in the 11th house second decant stripping the faithful chelas from their true office in the community have usurped that office through ambition in Capricorn.

These latter are those who stand in the shoes of Hamlet knowingly abandoning the path to return to Egypt and dialectical materialism. These are aided and abetted by those who become too lazy and comfortable on the path, no longer progressing and are "willing to give this dominant minority what they want" or are those who by their silence, abdicate the right of Christ to govern their actions and activities in our organizations and nations. This is the returning karma prophesied by Elohim and Mother in the spring of 1993 and addressed in the July 4th Address (1993) by the Messenger as that karma which would destroy the church and this nation. This is the karma, abdication, that caused the destruction of Russia in 1917. It was this abdication that

played out in the meeting between the presidents of America and Russia on the anniversary of the murder of Mother and Lanello in Russia in 1917 as the president of America abdicated in 2018 in Finland to the ruler of Russia, Putin. This was no coincidence. This pattern has played out repeatedly in 2018.

This is the karma for which the judgment is come. We are told in Revelations chapter 18 verse four to come out of her or receive her (*this*) karma. The judgment of this karma was announced during the solar eclipse at 28° Leo in August 2017. Eclipses follow cycles (*Saros 145*), the previous cycle of this eclipse occurred in 1918 two months before the outbreak of Spanish flu that killed millions during America's entry into World War I. Now, as then, the eclipse over America in 2017 delivered the judgment of the four horsemen upon those actors who played out the karma delivered by the four horsemen. The Spanish flu 1918 was the karma of the betrayal of Mother Mary and the Fatima prophecy as the outbreak of disease, through Neptune the pale horse, death. This is the warning of great danger that lies ahead, as this karma is now being delivered in Capricorn to the antistate and the anti-church; numbers eight and four in the Ritual of Exorcism, the false hierarchies of the Ruby Ray opposing Sanat Kumara and his two Witnesses.

The Cosmic Christ Maitreya, as Saturn, has entered Capricorn on December 19, 2017 at the conclusion of the harvest of the ascension spiral of 33 years that ended on Mothers birthday in 2017. Maitreya has come for the initiation of all who come to America, to Maitreya's mystery school to face the initiation of the return of the serpent to test the souls whether they will be governed by Christ or ruled by antichrist. All who have chosen the latter, and in the testings to come, will be cast out of the garden once again, lest in their corruption they taste of the fruit of the tree of life.

In the Odyssey of the souls journey up the mountain, the soul faces the challenges of each initiation and must pass the tests of each departure from the law of the souls decent down the mountain, long ago. The soul is on the journey of karma yoga to undo all that was set in motion as death on the decent down the mountain. The souls journey each day encounters the karma, of the karma made on the decent. This karma is returned to the soul in the astrology (*the story*) of the south node and Chiron playing out, as Pluto at 20° Capricorn conjuncts Mother's descendent in the 11th house of the community's leadership and in the nation in the Congress of the people's representatives. The soul either follows the Mighty Blue Eagle from Sirius by leading the people to fulfill their destiny as Christ or they follow the illuminati and the false hierarchies of the Ruby Ray to lead the people in rebellion against the office of Christ in church and in state by tearing down, by usurping and subverting the authority and office of Christ in the office of President and in the office of Guru as spiritual head of this church and this nation. They tear down the office by not upholding that office and by being a law unto themselves they have opened the door, the portal to the coming of antichrist. We are told by the Buddha of the Ruby Ray to watch for his coming and that we will know him when he comes. In esoteric astrology, the individualization of the God flame is represented by the causal body of Neptune, the Christ mind, the higher mind of the evolved soul wed to Christ and Guru. The antichrist is represented by the electronic belt of

Neptune and results in the occult of the Fourth Reich, national socialism, in the war of the gods between Gog and Magog, with world communism, better known as international socialism.

Saint Germain tells us in Saint Germain on Prophecy delivered in the Prophecy of the 90's that Maitreya will come during the war of these (self-made) gods that will play out in their battle for dominion in the lust for the light of the children of the Divine Mother at 10° Taurus, in America and the Church Universal and Triumphant (same sun sign degree, 1 minute orb separating). That when he comes his presence in contacting the vibration of Babylon will play out as a nuclear first strike against America. (*Foretold by Morya during the shelter cycle of 1990*).

Mother has taught us that the Nephilim and the false hierarchies will play out their revenge and retaliation for being chained in Tartarus [*Hades*] that their hatred would play out in Sagittarius as the poison of envy and jealousy that plays out in Gemini as the lust for the light and power, as the envy and jealousy amongst the Lightbearers for the right to rule the nations therefore as pawns of the false hierarchy of the Ruby Ray for the reforming (*restructuring, Saturn in Capricorn*) of the organizations and nations that are created by the Great White Brotherhood to be governed by Christ to raise up her people (*all this is under the influence of Saturn*). Mother taught that this envy and jealousy in Gemini would then play out as the attack upon the Guru and her chelas in Cancer, as it did on Atlantis. This played out against Thomas More by Rich Richards who being poisoned by envy and jealousy sought to rule. Having first rejected the opportunity given by Thomas More to be a teacher. His soul was being prepared for the day when his soul would be called to be initiated and tested to become a world teacher or an antichrist. When he (*Rich*) stood at the Y, he made the choice to rule the nation, having fallen before the electronic belt of Saturn in Capricorn on the mountain of initiation in the confrontation with his mountain of karma and his dweller. The soul standing in juxtaposition on the mountain must choose eternal life or the second death as taught by Mother in her lecture the 2000-Year Ride of the Four Horsemen.

Astrology teaches the soul as it navigates the path of initiation that she will face the joys of living in the etheric and the pains and sorrow of walking in the earth on the journey home. It teaches that the soul is required by the law, as taught by Kuthumi in number 11 of the Exposé of the False Teachings on the solar cycle in the emotional plane in the feeling body, that the soul must strive to be constant and humble on the path throughout the highs and the lows of the soul's journey through the pain and the joy, to arrive at the goal. Astrology teaches this path of initiation in the cycles of the mathematics of the initiations that are to be known and to be understood by the chelas on the path. (*Maitreya*)

The eclipse of the Sun on February 15, 2018 occurred at 27° Aquarius during Pluto's first exact conjunction with Mother's descendant in the confrontation between Christ and antichrist in the seventh house to strip the soul of the chelas from the Guru and from her holy Christ self. The solar eclipse at 27° Aquarius that (*triggers the testing of the soul as it*) conjoined Saturn of the 1994 mega conjunction that was square Pluto at 27° Scorpio during the mega conjunction of seven planets in Capricorn that released (*in 1994*) the karma that came to play out during the eclipse window beginning on Feb 15, 2018 during the eclipse of the Sun as the confrontation

between Christ and antichrist that would in time bring about the judgment of antichrist in the earth. This is a foregone conclusion by the law of God, but we were told that if we did not reorganize the church and the nation to focus on the mission of becoming the Christ under the Guru that it would result in the destruction of the church and the nation. The consequence of which Mother admonished the souls of the chelas to save their souls as their number one priority. Why, because the day will come when no man may work. Meaning the opportunity to return to heaven in this cycle will come to a close and those who have not attained to the consciousness of the Christ child cannot and will not return home. (*See Revelations chapter 20 verse four and five.*)

This eclipse of the Sun at 27° Aquarius that activated the karma released by the 1994 mega conjunction was to play out through Pluto conjunct Mother's descendent at 20° 16' Capricorn in 2018. This configuration injected the poison into the experience of the confrontation between Christ and antichrist to strip the chelas from the Guru, to break the bond to the initiation of the heart [*Saturn return of the initiation of the heart Christmas day 2017, preparing the soul for the Christ mission in the 34th year in Libra in 2021*] and break the bond to the heart of the Guru to the heart of Maitreya.

The purpose of this eclipse is to accelerate the judgment and/as the returning karma, of the betrayers of the word on the first ray who are become the clock of betrayers under Abaddon on the North Gate on the 6 o'clock line during the eclipse of the Sun in Cancer on July 12, 2018 at 20° Cancer 41 minutes conjunct Mother's ascendant and opposing Pluto at 20° Capricorn conjunct Mother's natal descendant. This acceleration of the returning karma is to all who have betrayed the trust of the Guru our Father who gave into their hands this church and this nation and his people and as well as, the role and responsibility of the 13th tribe to lead this people back to Christ and the Divine Mother, and to the promised land of the Golden Age of the Kingdom Age.

The additional purpose of this eclipse (*February 15, 2018 at 27° Aquarius*) was to accelerate the initiation of the heart following the Saturn return of the initiation of the heart by the Maha Chohan given February 21, 1988. This acceleration is to prepare the soul through the confrontation with antichrist in church and state to be World Teachers and to be prepared in 2021, following the end of the Galactic Alignment that began in 1975, to be the light of the world to a people when in the dark night of the spirit, no man may work. (*In*) The final three years of the mission of the Summit Lighthouse, 2021 to 2024, the chelas are called to be the Summit Lighthouse of love, the light unto the world, as the many, who have followed the one (*Guru Ma*) who leads them through the final years of the dark night of the spirit, to the shores of the Kingdom.

Mother has taught that the purpose of the eclipse is to cut off the rebellious ones from the light of the I AM Presence under a solar eclipse and from the light of the Sun of the soul, the Holy Christ self, under the lunar eclipse. For some this is a blessing of a last opportunity to evaluate priorities and to summon the will to discipline the soul's desires that bare the soul to the lunar influences

of the planetary Dragon that exposes the mind to being pulled down into the lower mental plane and the programming of the mass consciousness. It is here that the soul is conditioned (*Chiron*) to crucify the Christ who stands apart from the collective consciousness of the herd, in the Community.

Mother also taught that the purpose of the eclipse is a stimulus and a protection to the souls of the faithful to whom she taught to call upon the Lord to eclipse all opposition to the soul's out picturing the Sun/Son of the soul and the Sun of the I AM Presence under the initiation of the Holy Spirit who is initiating the heart on the soul's Odyssey of her journey home. Providing the soul, the strength to meet the challenges of those karmas that play out in the scenarios as the crew of her ship (*the components of personality that have evolved as the prison house of the Earthbound soul*) succumbs to the challenges (*desires*). It is given for the soul to have the victory over these challenges through the acceleration the propels the soul to her victory over each challenge.

Lord Maitreya teaches that the path of initiation is to be known and that during the confrontation of each challenge the soul who is able to recede into the secret chamber of the heart to commune with the Holy Spirit will have her victory. While the soul who is unable to recede will retrograde and remain in the confrontation to be crucified. *See Lord Maitreya, the Sixth Pointed Star of the Lord of the World. Given on Wednesday afternoon, January 1, 1986, during the 5-day New Year's conference, Teachings from the Mystery School, held at Camelot. Published in POW vol 29 no. 22. This was preceded by LORD Maitreya's companion dictation given on December 31, 1985, titled "I Draw the Line!" 1986 Pearls of Wisdom, vol. 29, no. 19. This is a landmark dictation.*

In this dictation Maitreya teaches a deep understanding of initiation.

Maitreya teaches us that those in training under the Lord of the World are preparing to be public servants and that the epitome of attainment of the six-pointed star of the bodhisattva includes the victory as the warrior where the individual defends himself and the devotees against every enemy within or without, the community. Key to this attainment is a level of compassion whereby the soul is able to deal with all parts of life with poise, diplomacy, mercy, understanding and, above all Maitreya says, justice that is untainted by sympathy of the human nature but imbued with mercy's flame of the Bodhisattva Kuan Yin.

Maitreya teaches us that these points of the law are to teach, to minister, to defend, to hold the flame of justice and that they are positioned on the interlaced crystalline triangles. And that one of these is essential: the containment of the flame of the Divine Mother.

The path of the Great White Brotherhood, Maitreya teaches, as conceived by Saint Germain and beloved El Morya for the dispensation of this activity, is for the bringing of souls of Light to the remembrance of their divine identity, by a step-by-step process of choices.

Maitreya presents **a diagram of the Path**, so that the challenges that lie ahead for you can be seen and understood and by studying the teachings, know what are the “wise counsels”, to be followed.

The pattern of the **steps of initiation** follows the cycle of fourteen known as the stations of the cross, the cosmic cross of white fire to which the soul fastens herself, not Maitreya says, as crucifixion but as initiation, which he says may become the experience of crucifixion if the soul has not learned, “**the art of receding**” into the white fire core of the heart that lies within the secret chamber. Because he says, **when our karma descends**, the only safety lies in the eye of the vortex of Light you are becoming. This light is accelerating and descending to be anchored to consume the darkness now exposed. This vortex of light Maitreya says, is a purging and an accelerating Light, come to raise up the soul in the ascension.

This **path begins** Maitreya says, when the soul determines to take responsibility for these teachings which occurs at some point between our first contact with the Teachings of the Ascended Masters and the day* we decided to take responsibility for the Teachings. As the Maha Chohan stated we began to assimilate the Teacher and the Teachings and out pictured our Sun, Jupiter and Venus and for some the Moon. There then begins, Maitreya says, the spiral where the soul begins to walk, year upon year, the lines of the clock of these fourteen stations.

Maitreya wants us to understand this path in a physical sense as well as esoterically and according to our astrology (personal and planetary), understanding the role of the twelve hierarchies of the Sun and the lines of the chakras, and four quadrants of Matter and the four lower bodies. He states that the chela who would become the disciple and the bodhisattva must proceed with her eyes open, be aware of the protection of each of the hierarchies (solar and Ruby Ray), of the lessons to be learned, and the karma that must be confronted with courage, selflessness and a desiring for God, including an understanding of the fallen ones and the ways they manipulate personal and planetary karma against the chela on the Path.

Maitreya teaches that the **cycle of twelve** is **one circle of initiation under the twelve hierarchies** of the Sun. And that these are **twelve visitations into the ‘houses’ of these solar hierarchies** must be understood as the initiations all must face as did Jesus and the avatars of all ages.

CHRIST AND ANTICHRIST

These **stations begin** from the **moment of the soul's condemnation** to her being laid in the tomb, as described in the life of Jesus. **The first twelve around the circle** is for the **balancing of forces** and the **clearing of the four lower bodies by the violet flame**. It is by this clearing that we reestablish the **action of the Trinity, the threefold flame** and its functioning through each of our four lower bodies as the light Maitreya says is “readjusted, regulated, and balanced in the chakras and in the action of the Divine Mother from the base to the crown”.

Maitreya asked for a course of study to be “outlined” so that those who leave off the Path because they do not perceive or understand the initiations, or because they have left something undone, or because Maitreya says, they have neglected to care for the body and all that is needed to function at the level of Christ attunement—will have a course to fall back on in time of “karmic trouble”.

Maitreya says, “let the Path be made known, let it be made plain”, that the Ascended Masters’ University, or the universities of the Spirit and Maitreya’s Mystery School, has as its foundation this fourteen-point cycle, that all are called to follow. **The sealing** of fourteen-point cycle occurs at the conclusion of the twelve lines i.e. “the threading of the eye of the needle through the center of the clock, wrapping around the six o’clock line in a figure-eight spiral and returning to the twelve o’clock line.

Why? Because Maitreya says that **at a certain point** on the Path, which may be on **any line of the clock**, the individual **will confront his dweller on the threshold, on that point of the law of the soul’s original departure from the office of the Guru**, which Maitreya held in the beginning in the Garden of Eden **and now holds in the ending** in this hour at the Mystery School in the Western Shambala. at the Inner Retreat.

These confrontations Maitreya says **must be observed** by the teachers at Summit University, and by fellow disciples on the Path. It is essential Maitreya urges us that there be “**an awakening and a quickening**” of the **inner Christ Self of everyone in the Community** in order that the signs of “duress and distress and burden and of the challenges” of the individual’s untransmuted dweller be recognized for what they are **before** the disciple, not understanding his plight, may **lose his balance** on this tightrope walk to the heart of the Sun.

Some lines, Maitreya teaches, are more difficult than others, such as the three o’clock line of the pride and ambition, and the conceit and deceit of the human ego. But the **line that is “above all”** Maitreya says the most

THE SEED GATHERED
WHAT IS PLANTED WILL SPROUT
CHRIST AND ANTICHRIST

challenging where **many lose the way**, is the **six o'clock line**, which is the seat both of the Mother and the Guru Sanat Kumara.

This point of encounter with **the dweller**, when experienced by the individual, is always the challenge of the astral body, the electronic belt (at the point of the Nadir), and the personified dweller (in self and others who reflect to you your own that you may see it). This is the point Maitreya teaches that the disciple must come into the love of the Buddha, whose being, multiplied through Gautama, myself, and Lord Jesus, may be known through the love for the Trinity on the twelve o'clock, the nine, and the three. It is the love of the Buddha as the Lord of the World, the savior Jesus and the Ancient of Days that anchors the forces of the soul to the Trinity above and to her threefold flame.

It is **the devotion** to the Buddha and **the path** of the Buddha in **physical service** that enables the soul to **stand on the six o'clock line** and to begin to **externalize the flame of the Mother in love** for her children (Leo, 5th house) and her service (Virgo, 6th house) as well as in the **purification of the chakras** from the base to the crown.

Maitreya teaches us to take into consideration our age and that at age of six and eighteen..., the cycle of the six o'clock line repeats itself with increasing "measured" challenge to the individual soul. Why, because the earth has been at that point of confrontation with the Divine Mother and with the Guru Sanat Kumara, whose seat of authority is on that line of the Divine Mother, since the coming of the Black Dragon Lucifer was cast into the Earth.

Maitreya teaches us that the path of the fourteen stations takes **two journeys to the six o'clock line**—"one coming in the first turn [on the outer circle] from the twelve to the six and then finally at the end [in the inner circle] of the **figure-eight sealing from the twelve through the center to the six and back again to the twelve**". All of the **achievement and the attainment** that the individual acquires on the **outer rim of the clock** must be **sealed on the inner journey**, as the soul **lays upon the altar** of Alpha and Omega **that attainment** as the **gift** of individual **Christhood by the bodhisattva on the Path**. (key)

The **light of the Sun** is given for the **selflessness of the disciple** so that in the end, the **disciple may give that light** on the **altar of humanity**, in the conclusion of the lines of the **thirteen** (Capricorn, 12 o'clock the soul is taken down from the cross) and the **fourteen** (Cancer, 6 o'clock, the soul is laid in the tomb) that **must prove the commitment of the soul** and whether the soul will **keep her vow to use the light for universal healing and to elevate the planet**.

At the conclusion of the twelve points of the clock (Capricorn through Sagittarius, the first 12 stations of the cross), representing twelve years of service, there **is a primary initiation** that is called the **Y**— when the soul **stands in Capricorn in the 13th station** with her apparent attainment and oneness with the Brotherhood, and a certain degree of self-proof and excellence, as the mounting of Light [in the ascension coil and the Deathless Solar Body abuilding in, though, and around the chakras], having transmuted by the violet flame much debris, that now the individual must decide **to choose**, to **go his way** and enjoy the fruits of that experience for personal gain, using that attainment for another round of success or of the getting of wealth or of the getting of advantage in family situations, or whether he will **take his attainment** and **mount the intensity necessary to seal** it on the **right-handed path** through the two wings of Mercury, **fastening Alpha and Omega to the point of the third eye**.

Maitreya states that **in the eighth** (Leo, 7 o'clock line) and the ninth years, and the tenth to the twelfth **to the fourteenth**, there are very serious encounters that disciples must face. And that a fundamental **requirement is** for the **soul to stretch forth her hand to ask and receive help**.

Maitreya teaches an **important distinction** as the soul comes to the place where they **become their own guru, setting their pace** and determining what he can **do and what he will not**. Many have said (as taught by Mother and Morya in the 4-10 axis clearance), **"I will go this far but no farther. I will only do so much and then I draw the line."**

Sometimes, Maitreya teaches this is wise, because you have assessed your potential and the limits of your ability to function within the givens of time and space, karma, and the body itself. However, **a requirement of the path is that we stretch the ability through the assignments and the demands of the Brotherhood** that gives us the opportunity to expand the threefold flame. It is, Maitreya teaches **this stretching** that **expands the threefold flame** of the heart. For he says, "the threefold flame can expand only by an exercise of free will and co-creativity based upon a loving obedience". This is **the act of the giving of self that expands the flame of the heart**.

Maitreya wants us to understand that **rote obedience establishes a rhythm of life** that in fact **enables the chela to mirror the heart of the Guru**. But this **mirror only reflects the heart of the guru or another but does not in fact embody** or as the Maha Chohan says, **assimilate the heart of the Guru** and as the Goddess of Liberty says, for the **purpose of bonding to the heart of Maitreya**. **By mirroring the heart of the guru by rote obedience we are accommodating the guru and the path**, thereby the Maha Chohan says

SUMMER 2018

we are **out picturing the four horsemen, Mars, Saturn, Uranus, and Neptune**. Maitreya teaches that **to move from being the mirror of the Guru to become the Guru's own creative self, demands the expansion of the three plumes**—the love of the Will of God, the love of the Wisdom, the love of Love “for Love's own sake”, the love of co-creativity, the love of engaging oneself in adding to and embroidering upon the nucleus of the blueprint that is given. (multiply your talents)

It is **because of the sustaining presence** of Lord Gautama, that it is **not always clear who has attainment and who does not**. Because all line up with a certain equality due to his sponsorship allowing all to **perform at a certain level**. But it is **when the darkness becomes greater** in the earth and **the stresses increase**, that we can **see those who have the developed threefold flame** from many **past ages** and that these are **the ones who are enabled to endure**.

Maitreya states that **as the soul moves up the spiral, nearing the end of the fourteen years**— although he clearly states that this may occur on **any place** on the lines of the clock, depending where the individual **left off from that inner walk** with the representative of the Cosmic Christ—there comes the day when “**the dweller on the threshold stands there in all of its misrepresentation of the LORD's Christ**”. This initiation comes irrespective of the individual's development of the light of the rings of the causal body around the lower self.

It (may) comes to pass during an accelerated and intense encounter with the Messenger (on the inner or outer), myself through her, so that you will see exactly what that dweller is and know that you are even now **at that threshold** where **you must slay it**, else you may **become the internalization** of that one. In other words, Maitreya says you may become **the embodiment of your dweller** on the threshold rather than **the embodiment of your Christ Self**!

This is a serious crisis for the disciple on the Path because the dweller is an **all-consuming presence**. And Maitreya says that **not all make it beyond this point**. As they are not able to figure out that it **is a moment for a tremendous cry of help for the intercession** of the Archangels, of casting oneself upon the Rock of Christ in the Great White Brotherhood and in the Messenger.

Maitreya wants us to understand that **this is the time, the moment to cry out for help because, “I of mine own self can do nothing**. It is the **Father in me that doeth the work**.” <10> At that point Maitreya says, you are like a patient and your life is in the hands of the cosmic surgeon, the Lord Christ.

If you do all those things that the divine **physician tells you** to do and **do them precisely**, you will survive this operation. You will become an assistant in it. And **you will be able, through the power of the Great White Brotherhood, to bind the anti-self** even before you have fully **developed here below your own Christhood**.

It is then that, Maitreya says, when you stand bereft of your dweller because you have determined to stand, that **the angels** and we ourselves, the **ascended host, will place our Electronic Presence with you, providing you that Christ presence until you** have fulfilled and **filled in the matrix** of your own Christ self.

In preparation, then, for the day of **our encounter** with Maitreya and the dweller—and perhaps he says, the Messenger as the instrument [or facilitator] of both encounters—we **need to be practicing** our scales in the octaves of our being: meaning that we need to practice the **internalization of our Christ Self and threefold flame** and that we need to **develop skills of communication under Manjushri, of translating from the word received to practical action** by a system of obedient love.

This is why, Maitreya teaches, that the path taught by Maria Montessori is so important for children. For the **child learns to obey the “inner man of the heart”** <11> and the **precise formula** for the use of the equipment, the **right way of doing things** and that which is the wrong way. This is why the child must be **taught that there is a step-by-step procedure in these disciplines**.

This step-by-step procedure actually **follows the fourteen lines** of the clock, Maitreya tells us, and **develops in the child, in the first seven years, a momentum of divine order where the communication within from the inner teacher and the communication from the outer teacher become as one voice**. And the child, independent as a co-creator with the inner self, is truly prepared for the path of initiation with myself.

You can, therefore Maitreya says, **see and define the path of the betrayers of the Word**, those who have **left off their service at the altar**. Some of which have **seen coming, the day of the encounter** with Maitreya and the dweller on the threshold and have set themselves by setting their teeth **to a path of determination (the first decant of Taurus) of a mechanization and rote performance** and Maitreya says, **[false] sacrifice** while going about this **with a great intensity**. Maitreya says that they **have missed the path of obedient love and have missed the path of submersion—in the waters of the Christ Mind**.

They have **said with Cain, Maitreya says** quote, **“We will walk this path our way”**. We will demand that Maitreya accept us for what we do as sacrifice, and we will show that **we do not have to bend the knee** (in Capricorn, on the 12 o’clock line, during the Pluto transit, Sept 2009 - 2024), that **we will enter in by our own way.”** <12> When these have come to the day of encounter, many have dropped from exhaustion. Their machine method was unable to pass through the nexus from the twelve to the six and back again as the crossing from the twelve to the thirteen (in Capricorn on the 12 o’clock line) to the fourteen stations (in Cancer on the 6 o’clock line).

They have **fled in the night** (overnight to their dweller) having **lost** all that they failed to gain including the **mantle of the Messenger that was upon them**, is stripped from them. Mother gave this teaching in her July 4 address in 1996 titled, “To Be or Not To Be”. And they were once more as they were **before they entered the Path**, except they have **become worse off**—ten times more the Darkness, for now they have indeed become the full **embodiment of their dweller** on the threshold whereas when they entered the Path they had not yet gone through this transition.

Instead of accepting the engrafted Word, they accepted the engrafting fully of the dweller, says Maitreya. There now **being no separation between the dweller and the soul**. When the individual becomes the **embodiment of his dweller** on the threshold, there is Maitreya says, **the wedding**—not of the soul as the bride of Christ to her Lord but the **wedding of the soul to the lower nature completely**. Once this **marriage is accomplished**, Jesus taught his apostles, there is no more looking to the path of the ascension but only to **the fire of judgment**. <13>

This is **the process and the outcome of the Path** Maitreya says, that we might see that **the fourteen-year course brings us through fourteen thousand years of our own choices**. The most recent fourteen thousand years of our karma, being based on the prior fourteen-thousand-year cycles. Fourteen thousand years ago, Maitreya says, we were then on Lemuria and Atlantis. And that in **each year we go through all of the cycles on that line of the clock (back through the ages)**, both the positive ones where we have been victors and the darker ones where we have taken the wrong road.

Maitreya gave these teachings so that **the 14 years beginning Jan 1st, 1986 through the last fourteen years of the century** we would come **out on the other side (on Jan 1st 2000**, when we entered Revelations Ch 11:1) with that **measure of Christhood**, so that Maitreya says, we **could enter the Mystery School in the year 2000 not totally dependent, upon the Messenger** but dependent only in certain areas where we are **moving toward an inner and outer sonship** whereby we become the **examples in the Community of true**

shepherds who have earned our shepherd's crook. Maitreya says that this sign is truly the sign of these fourteen stations and fourteen years.

Maitreya said **he gave this message** to us on this day (1/1/1986) as an alert **so that we could endure to the end**<15> (Matt. 10:22; 24:13; Mark 13:13.) and truly understand our lines of the clock and receive the message and love of the Great White Brotherhood who sent Maitreya to deliver this message.

Maitreya tells us that there are **other cycles**, our **personal and world astrology**, and the **residual karma of the dark cycles** still affecting the planet, and especially the **association of our astrology with** that of our Messenger **Guru MA**, whom The God Surya tells us is her celestial astrology which means that it is just as relevant today (July 2018) as it was when Maitreya gave us this teaching on Jan 1st, 1986. Because, Maitreya says, the **claspings of hands** is also made **less difficult by a harmonious union of the (astrological) charts** between **Guru and chela**. And where the charts are not so compatible, the chela, then, may pursue transmutation on those lines (SIGNS) of the birth chart as the cycles appear and request the intercession of the calls by the Messenger.

We are here, Maitreya tells us, to **make plain a Path**, and to hope, and that **in our understanding of this Path** we may see that it is **difficult for anyone to pass through a fourteen-year program** in the Mystery School, that you will not only **set an example** but also be **watchful** with a new **understanding of what it is to remain the watchman of the night** <16>—and that it is to be the guardian, the keeper of the flame who watches those new on the Path and helps them so carefully with the profound understanding of Saint John of the Cross of what it means to approach nearer and dearer to the Holy of Holies of the Bridegroom.

Maitreya sheds vision upon the Path. For **though the old year 2017, and its difficulties have passed**, you must expect increasingly difficult hurdles, **in 2018 and beyond**, in order that we might attain to the point of the bodhisattva that is appointed unto you. (that hour is ordained, Maitreya says and the road well marked but now we know how difficult it is).

Coming Next

We will take a deeper look at the solar eclipse of July 12th and the prophecy of the accommodators (1994 mega conjunction) and the role and responsibilities of the 70 Elders, in 2018 and the next 14 years in Maitreya's Mystery School. We will look at the cycles of light accelerating the path of initiation and the karma descending. We will see how souls are being tested by the karmic patterns unfolding. As Chiron is conjunct Mother's Midheaven for a cycle.

As Chiron forms a YOD, the Y on the path for many in embodiment who must choose the right-handed path or that of the adepts on the left-handed path of the Black Magician as they call you to follow them on their journey back to Egypt from whence you came (out). We will look at the kite of the Divine Mother who has come to raise up her own to accelerate the inner teachings of the soul as did Saint Paul while Helios comes to deliver the Seven Last Plagues, as the Seventh Seal releases the final prophecies of the Age, that all that is written may be fulfilled (see Rev 17:17).

We will look at the choices to be made to the right or left on the path that lies ahead. We will look at astrology as the science of the Path of Karma and Initiation or as the science of Justification as the soul seeks to dodge her karmic path under (the lie of) dialectic materialism as she seeks to preserve her material wealth and the underlying economy of Babylon, in the face of the judgement descending.

We will look through the lens of esoteric astrology at the cycles of transforming the components of personality or of channeling the energy into transforming our organization and nation preparing the way for the coming of Christ and antichrist in the final confrontation of the dark night of the spirit, in the final 3 ½ years called the Tribulation described by Daniel in chapters 7-12. This is crucial to our understanding of what is coming to pass.

We will look at the doorway formed by the mystic rectangle that tests the soul of each one who by the light of attainment opens the door with no knob or key hole. It is the soul herself that is the key that opens the door by her vibration either from the right or from the left. One a mystical gateway into the secret chamber of the heart where she communes with the Holy Spirit in the final preparations for the transfiguration and mission of Christ (2021) or the doorway opens into the occult as the soul having stood at the Y takes the path of the adepts of the left-handed path of black magician her dweller, as taught by Mother and Maitreya. This window opened as the Sun entered Taurus and continues to lure the soul through the Sun's transit of Virgo. This Yod is the key to the souls opening the door of the mystic rectangle.

We will look at the rising astral sea and the fear it is generating in the people who see the judgement descending upon them, the organization, and the nation. We will see how the karma plays out and the choices the soul faces in the encounter...those who recede into the heart or retrograde back down the mountain to (Egypt) Babylon.

We will look at the message of the Sun and Mercury and those who heed the call because of the bond that ties their hearts to the Messengers and Maitreya. As they learn from our mistakes how not to make a Golden Age and the Kingdom come. As they learn from their lessons hard won how to build the Community of the Holy Spirit in the Kingdom come on the Earth. They also are learning what must be named and cast into the flame and be UNDONE lest it survive to poison the coming Kingdom. Also, so that the soul will know that what she sees must be washed from her four lower bodies that when it comes to her it finds nothing and the doorway opens to the right-handed path of the heart or if it were to hit, it will not stick as taught by Morya in the 4-10 axis clearance.

We will look at how all this is playing out as the Sun transits Leo and the Moon of the 7th lunar cycle (*of the dark cycle of the year*) enters the physical quadrant in the 4th quarter presenting a second Y with Transpluto at the apex to Chiron and Mars at 1 degree of Virgo, Aries, and (Mars) Aquarius. This window stays open through the Solar Return of TSL to test our souls throughout the next year, that will “Try all Men’s Souls”. This Yod (the Y) is testing the soul as the Sun enters the emotional bodies of mankind in Leo (in 2018) to test their hearts as to which way the doorway will open and the soul enter. This is the separating of the wheat from the Tares as Mother Kali prophesied that they (Divine Mother) would return to harvest the TARES.

We will look at the Lunar eclipse of July 27th at 4 Aquarius conjunct Mars and South Node and its import to the 60th Anniversary of the Summit Lighthouse, followed by the eclipse of the Sun on August 11th at 18 Leo. Initiations are accelerating and karma is returning as we find ourselves at a specific point on our journey up the mountain where we confront the karma made long ago on our descent down the mountain. We meet the same characters, the same tests, the same old nonsense as souls forsake their training and their roles and responsibilities for material gain or to hold onto what they have accumulated instead of meeting the challenge of the initiation of the next 14 years on the 14 stations of the cross in the community that unites us, to transcend the chains that hold us, earthbound.
