(What follows is intended for those who would understand and apply the science of cosmic cycles derived from the teachings of the Ascended Masters of the Great White Brotherhood (of Light) as given through their Messengers, Mark and Elizabeth Clare Prophet and applied using the science of the cosmic clock and astrology. I have followed as faithfully as I can the direct application and translation of the cycles as given, understanding it is karma making to interpret. I have taken the Master's dictations to the altar and sat under my Christ Self and the Masters who tutor my soul and have applied these cycles in my own world for the purpose for which they are given, to save my soul. What follows is the product of the cycles as given by the Masters and as applied and understood in the meditation of my heart with the hearts of Mother, my Guru, St Germain, Kuthumi, and Maitreya. I have followed and applied this science for years. I have been compelled to share these with you that my cup might be emptied that it might be filled again and again. I have applied the science of light and the cosmic clock with my understanding of esoteric and mundane astrology to translate the hand writing on the wall of returning karma. The light flushes out the darkness. The methodology of this applied science is not given here, but the inquiring mind may understand. The methodology will be given separately at a later date. It is my intention and purpose that you sit under your own vine and fig tree and use the material here and study the Masters teachings referenced here to enter into a dialogue with your God Presence and be God taught so as to acquire God's gifts of the Holy Spirit of Knowledge and Understanding, Discernment, and Interpretation of Tongues. Your Christ Self is your teacher. What truth lies here is only of value to you if it sets your heart to vibrate as two tuning forks that come into contact. The Truth will set you free. Your Christ Self is Truth. Seek and you will find. What follows is for your intercession on behalf of mankind for the saving of souls and your ascension in the light.)

The Sun's message is delivered by Mercury to the faithful Sons and Daughters of God. It is a warning message. The sun in Sagittarius entered the emotional plane to prepare our emotional bodies on December 6<sup>th</sup> at 15° in the first decant of the fourth house.

Sunday, December 9<sup>th</sup> the sun is in the third day, the third ray preparing our emotional bodies for the test of the sealing of God desiring in our four lower bodies. The sun is preparing the soul for the sealing of the victory of 2018.

The sealing of the victory is the sealing of our soul's last 33 years on the 22 steps, the 22 chapters of the book of Revelation. These 22 steps Saint Germain tells us are the 22 steps of the ascension. We concluded the 33 years of the cycle of preparing the soul for the ascension in this lifetime on Mother's birthday in 2017.

Now we are concluding in 2018 the 22<sup>nd</sup> step of the playing out of the prophecies of Revelations, of all who been called to America and to the Great White Brotherhood through their messenger Guru Ma, of the great drama foretold by her guru, El Morya.

This cycle of 33 years for the playing out of the prophecies of the book of Revelations began its conclusion at summer solstice 2018 concluding with the 404<sup>th</sup> verse on February 21<sup>st</sup>, 2019. We

Message of The Sun

come to the conclusion of the harvest cycle of 2018 on winter solstice, in 12 days. One complete cycle of the cosmic clock to wash our dirty laundry of this year, and the last 33 years. Mercury specifically warns us of this dirty laundry. It is the baggage of materialism, the disease of this age. We are preparing to climb the final stage of the highest mountain and many are bowed down by the weight of material density. This density is the desire in the emotional body of Sagittarius at the conclusion of the year 2018 of the cycles of the ascension for the material things of the kingdom. We stand on the midheaven at 7° Gemini, dual minded walking with 1 foot in the etheric and 1 foot in the earth. We stand in the Order the Diamond Heart at the conclusion of the year for the saving of America and the church. We stand at the Y in the decision to leave behind the things of this world to follow Jesus and his messengers to become fishers of men, world teachers or to cling to material substance and the substance of self (the ego) as taught by Kuthumi and to carry our baggage of karma up the mountain.

***The message of the sun through the Messenger is to be one pointed in Gemini on the midheaven in the bond to the heart of the Guru in upholding the arms of the Guru in the judgement of the not-self.*** We are called to prepare for the final tests of the final leg in the climb to the summit of the highest mountain. We are called to forsake the lies and the propaganda of the nonbelievers who have come to stand in the 61<sup>st</sup> year [TSL] in Capricorn in the 25<sup>th</sup> year of the Buddhic cycle of the initiation of our souls in the Summit Lighthouse of love and do not believe but pursue their own goals. We stand at the Y as taught by Mother and Lanello in Climb the Highest Mountain series, Christ and Antichrist. Here we are choosing to seal the victory of our ascension by engaging in the spiritual initiations and testings of our soul. We are preparing for what is coming upon the earth as our souls reach and stand upon the summit embodying the Divine Mother anchoring the Father in the **sun/Son** for the fulfillment of the work of the ages and the bringing in of the golden age of Aquarius. Many are standing at the Y in the road in 2018 doubting the guru. They believe in their own ability to build the Aquarian age when in fact they are repeating the cycles of the last 25,800 years of leading the people back down the mountain from the last golden age. They are following the false prophet too the beast, the antichrist. This the elders did on Atlantis and this the elders did on the mountain with Moses. Archangel Gabriel teaches that this the Sanhedrin, the council of elders did to John the Baptist and Jesus the Christ. Archangel Uriel and Aurora teaches that this is what happened to Mother and would do to the Christ in you.

We stand at the Y, to the right is the path leading to the individualization of the God flame and the spiritualization of matter; to the left is the path that leads to the materialization of consciousness and the building of the outer church/nation. The Elohim came in 1993 to warn us of the mega conjunction in Capricorn that would trigger this materialization of consciousness that would destroy the church and the nation. They placed their seven causal bodies over the seven planets in Capricorn that we could meet this challenge of the spiritualization of consciousness and the individualization of the God flame at the conclusion of the cycles of initiation of our souls. We have what's left of the 12 days to clean up our mess and prepare for the coming of Maitreya at winter solstice and for the coming of Lady Vesta who comes bearing a gift for the birth of the man-child in you. Maitreya comes (as taught by Kuthumi) with the reward for those who bear the fruit upon their tree of life of the Christ consciousness at the end of the harvest cycle of 2018.

Year's Victory  
**2018**  
Message of The Sun

This document looks at where we stand on the path upon the mountain and the challenges that we face as we stand at the Y. We must determine to finish what we started as we take the right-hand path and climb to the summit or if we believe the lie take the left-hand path that leads to death. Matthew teaches us that Jesus taught that many will come to lead you to Christ. Maitreya teaches that when they do come, they come to crucify and that the only alternative is to recede into the secret chamber of the heart to commune with the Holy Spirit and to follow your heart that is purified in the fires from heaven.

We stand on the third Ray in the emotional body in Sagittarius to conquer by love and to scour our subconscious, our water body [Pisces Scorpio and Cancer] on the nadir at 7° Sagittarius. The moon is at 13° Sagittarius conjunct the sun on the eve of the new moon on December 7<sup>th</sup>. The moon is conjunct the United States conceptual ascendant in the first decant of the fourth house as the Divine Mother is giving birth to the manchild [the Woman Clothed with the Sun who stands on the midpoint at 14° Sagittarius between the moon and the sun]. We were warned through the ages that in this hour of the birth of the manchild, the Dragon would be standing before the Divine Mother to devour the manchild as soon as it is born. This prophecy is being fulfilled in 2018 in the Saturn return of the initiation of the heart by the Holy Spirit on Christmas day 2017 that announced the birth of the Christ in 2018, in you. Now in the harvest cycle of the year 2018 the Dragon stands before the manchild to devour it. The Dragon is working through the dwellers of those elders who would lead the people back to Egypt who follow the golden calf, materialism. Saint Germain tells us that every golden age has fallen through materialism and that every activity of the Great White Brotherhood has been destroyed by Vivienne and Mordred.

We see the karma, as the astrology [karmic astrology, karma yoga], playing out in the nation and the church as prophesied by the Elohim and by their messenger in 1993 [Mother's July 4<sup>th</sup> Address]. The messenger, Mercury at 27° Scorpio is conjunct (activating) Pluto during the 1994 mega conjunction. It was this Pluto at 27° Scorpio squaring 27° Aquarius Saturn during the mega conjunction of seven planets in Capricorn within a 9° orb that threatens to destroy the church and the nation. This is the dweller on the threshold of those in the nation and the church who are amongst the people and its leadership. People who have come to this point on the path to challenge our right to rule ourselves as Christ in the God government of the church and the nation. This in itself is only part of the issue. El Morya tells us that the Mordreds must play out their great drama. The warning is to the faithful who are determined to climb to the summit. The Christ is always attacked by the antichrist, it is the nature of antichrist. The danger is what Maitreya teaches on the path of initiation that we come to that point on the path of the crucifixion when confronted by antichrist, the soul must recede into the secret chamber of the heart or to remain and be crucified. (see Maitreya, The Six Pointed Star of The Lord of The World.)

Mercury at 27° Scorpio is warning us that this is where we are in the cycles in the fall of 2018 as the sun enters the second half of Sagittarius for the sealing of the victory of Christ attainment in 2018 at the conclusion of the 33 years on the path of the Ascension and the 33 years for the playing out of the prophecies of the book of Revelation of the soul's encounter with the beast and the false prophets. Sanat Kumara teaches us in the Seven Initiations on the Path of the Ruby Ray that these are the false hierarchy of the Ruby Ray. He teaches that they follow the false

Message of The Sun

hierarchy, while claiming all the while to follow the Great White Brotherhood. This is the testing of the soul as she stands at Venus 2° Scorpio conjunct Apollyon at 2° Scorpio. The exact conjunction occurs at 2° Scorpio 53 minutes on the first day of the first ray of the sun in the emotional body of Sagittarius. The God desiring to complete the works of the ages and to expand his God awareness of self in the souls of the faithful sons and daughters of God. These are they who are climbing the mountain to the summit to stand with the Divine Mother as her Son who stands in the full radiance of the sun of the I AM Presence of the one.

In 2018 we stand in the fall of the completion of cycles of this lifetime and of many lifetimes that prepared for our victory in this life. As Venus stands conjunct the false hierarchy of the Ruby Ray, the pantheon of the gods of the 12<sup>th</sup> planet represented by Apollyon as the soul stands upon the mountain with Apollyon and Maitreya and chooses whom they will follow from this day forward. The soul stands at 13° Pisces, Mars conjunct Neptune and chooses to act upon the right-handed path (or the left-handed path) of the individualization of the God flame represented by the causal body of Neptune. Or the soul chooses the collective consciousness of world communism the electronic belt of Neptune as the soul pursues the material kingdom having forsaken the spiritual. The latter are the souls who are poisoned by the pride of the ego on the axis of the heart of Libra Aries [Libra is the poison of pride antidoted by the wisdom of Ratnasambhava, the pride of ambition.]

Venus stands in the third decant of the second house in the soul's mastership calling upon her causal body for all resources of the knowledge of the law and the teachings to know the initiation and to put the moon beneath her feet. With dominion over the moon, the soul stands in her Mars taking action in the Christ mind in the seventh house first decant of her relationship to the guru to carry out the work of the ages, the binding of the personal and planetary dweller on the threshold. Venus stands in love's mastership in the third degree of the Sabien symbols [2 to 3 degrees, the Christ] and cuts all ties with the false hierarchies of the Ruby Ray manifest as the 12 planet throughout the ages. The soul's choice is to do this or to relive the residual desires of unfulfilled desires amplified and magnified by the new moon that began shortly after the sun's ingress into the emotional plane with the sun in Sagittarius.

Venus, the faithful, cuts all ties economic and financial to Babylon the Great and its new economic order that began in 1991 when the judgment by Helios of the power elite was delivered upon those who propagate this global economic dominion of the planet. This economic ideology in America was propagated by the neoconservatives under the leadership of skull and bones. That cycle came to an end the judgement on November 30<sup>th</sup>, causing the eclipse in Anchorage Alaska.

Mercury the messenger warns the people to come out of her the harlot who rides the Scarlet beast or receive her karma [Rev 18:4]. The soul is called to cut all economic and financial ties and to pursue right livelihood independent of the economy of the Nephilim and their philosophy of the economy, scarcity and hoarding. The soul is called to leave off the exploitation of her fellow man for economic gain in exchange of value. The soul is warned to leave off those who have abandoned the guru whose consciousness of ambition is the poison of pride. This is a contagious disease, as is the rotten apple in the barrel. Confucius teaches that you must sacrifice

Message of The Sun

the limb to save the body; you must sacrifice the individual to save the family; you must sacrifice the family to save the community and you must sacrifice the community to save the nation. This is a spiritual law.

The warning has sounded for the coming judgment of the economy that is founded upon the principles of the Nephilim and the Watchers. This warning went forth in 1993 to prepare this nation and this church to survive the coming of this cancer of materialism. The judgment was delivered by Helios upon America and the church in August 2017 during the confrontation of Christ and antichrist. This played out in 2017 during the 28<sup>th</sup> degree T square of Pisces Virgo and Sagittarius. This was the first of five eclipses over the next 35 years. It was the first eclipse in 35 years and was tied to the Saros cycles of 1776 and 1918, as reported by NASA.

It is important to note that the judgment of the economy is intended to be the collapse of the economy of Babylon the Great. The Goddess of Liberty prophesied that with the binding of the dweller on the threshold of the black magicians in this nation America that the black magicians would flee North America. America would create an economy based on trade between North and South America and be sealed during the time of the judgment of the fallen angels in the rest of the planet. Saint Germain teaches us that we are to call for the freeing of Merlin from his crystal prison. Freed by his chelas, he would rise and return to Camelot to cast out the black magicians to fulfill his destiny. We are in the final seven years of the fulfillment of the mission of the Summit Lighthouse when all things that are written must come to pass.

The soul stands on the Part of Fortune in the joy and harmony of divine justice at 11° Virgo on the ascendant and receives her Holy Christ Self and the guru, the I AM Presence and works the works of the ages. The soul stands on the midpoint between Transpluto at 2° Virgo and the Part of Fortune conjunct the United States ascendant at 7° Virgo. The soul stands upholding the arms of the guru on the midheaven to bind these aliens and the false hierarchies of the Ruby Ray as taught in the ritual of exorcism by Lord Sanat Kumara. We are called to cut free the people to fulfill their destiny in 2018 with the birth of the manchild in the church and in the nation in the hour of the victory of the birth of the manchild foretold at Christmas in the Saturn return of the initiation of the heart by the Maha Chohan. We stand in the fall of 2018 in the Saturn return of the Safe Passage of Ye All, on November 9 following the elections. We stand on the ascendant in Virgo on the Virgo Pisces axis at the point of our journey through the Solar Plexus in Cosmic Christ Peace, in God Harmony (Part of Fortune 11 Virgo) and leap into the heart of the Guru to complete the work of the ages.

Mercury delivers the message of the sun at 27° Scorpio to the soul, that she stands at 27° Scorpio in the third decant of Scorpio in the attainment of her soul on the lower mental plane in the third house in God mastery over the lower mind [Neptune in Pisces] and to conquer the logic, the reasoning and the lies of the serpent in the third house third decant and in Gemini on the midheaven. Mercury tells the soul to stand in the higher mental plane in the ninth house in illumination's flame to deal with the serpent that returned to Maitreya's mystery school with the precession of the equinox on May 20<sup>th</sup>, 2012. Venus representing the faithful stands to bind the dweller of the threshold of the American people to cut them free from the influence of the lies of the serpent in Maitreya's mystery school in the Western Shambala as Saint Germain teaches that

Message of The Sun

all Americans are initiates of Maitreya on the path of the Ruby Ray and attending the ascended masters retreats at night.

Maitreya delivers the message of the sun, at 27° Scorpio of the threat to the nation and the church of the mega conjunction of 1994 of the return of the serpent to the mystery school beginning in 2012 with the first of seven Pluto Uranus squares [2012 to 2015] that threatens to destroy the church and the nation at 10° Taurus. There is a 1° orb between the sun sign of the church and the nation, the nation is 10° 46 minutes Taurus, the church is 10° 47 minutes Taurus. The destiny of the nation and its outcome is determined by the destiny of the church. The outcome in the church is played out in the nation. As the church rises so rises the nation. The inverse is also true.

Mercury's message to the church is to guard the birth of the Christ in the Order of the Diamond Heart whose purpose is the saving of America. So that the people in the fourth house, Moon 13° Sagittarius conjunct the US conceptual ascendant can give birth to the Christ in the people. The people represented by the US ascendant at 7° Virgo midpoint between Transpluto and the Part of Fortune. Keep the vigil of the Herculean labors to bind Transpluto, [El Morya teaches that there is a 12<sup>th</sup> and a 13<sup>th</sup> planet in our solar system, see 8/7/1987] the intergalactic dweller on the threshold and the aliens and their machinery and computers as taught by Archangel Gabriel.

They are programming the minds and hearts and psyches of the people to destroy the great awakening and the enlightenment of the people that is culminating in the coming revolution in higher consciousness, today. Mighty Victory teaches us how to defeat this machinery of the aliens, their psychic generators. He tells us to call for the helmet of peace and for a mighty blue sphere around the hearts of ourselves and the people. The people are called to come out of her the anti-church and the antistate of Babylon the Great or to receive her karma, Revelations 18:4. The people are called to come out the new economic order that was judged by the coming of Helios in 1991 so that the people would be responsive to the fulfillment of the final one third of the mission of the Summit Lighthouse to bring the ascended masters names into every household in America. We were warned in 1993 that with the coming of materialism and the interference of these fallen angels the people would reject the love of the Divine Mother and the Great White Brotherhood under the hierarchy of the Aquarian age, Saint Germain. Mighty Victory gives us the key to the victory over this interference of the hearts and minds of the people in the church and in the nation.

2018 is the initiation and testing of the people in the church and in the nation during the Saturn return of the initiation of the heart of the individual and of the planet. We came to the Y in the road with the sun's entry into Taurus through the sun's transit of Virgo with Chiron on the apex conjunct Mother's midheaven at 2° Aries. This was (is) the initiation and the testing of our hearts bond to the heart of the guru to the heart of Maitreya to determine who would make the final journey to the summit of the highest mountain. Only those who are bonded to the heart of the guru are sealed by the Divine Mother during the coming of Helios for the judgment of the fallen angels and their economy. This Yod to the right and to the left, is the choice to face Apollyon and the false hierarchy the Ruby Ray or to take the left-handed path with their minds programmed by Transpluto and its machinery and computers to play out the great drama of the

last Golden age on Atlantis, and of every civilization over the last 25,800 years. We are called to stand upon the grand square, the Cosmic Cross of White Fire in the 14 tests of the crucifixion and to fulfill the cycles of the initiation of the heart on the path of personal Christhood in the public demonstration of our Christhood as taught by Mighty Victory in preparation for the beginning of the three-year mission of our Christhood. So that we could come to stand in the resurrection flame to fulfill the mission of the Summit Lighthouse and as world teachers bring the ascended masters names into every household in America.

These are the cycles that we are passing through as we examine the remaining years of our life and that of our life-wave who are called to earth to come to the foot of the guru, to bend the knee in Capricorn to surrender our ambition and the Nephilim desire to rule through our carnal minds and dweller upon the threshold and to establish the golden age of the kingdom age under the rule of Christ. The soul of every man woman and child on the planet is called to stand at the Y in 2018 and to desire in Sagittarius with the sun in the emotional plane to desire the kingdom of God or to stand in the residual desires of Mars conjunct Neptune at 13° Pisces under the logic of the serpent in the mystery school to desire to build a material kingdom, in the very hour of our God's judgment of the civilization of Babylon the Great.

The message of the sun through the messenger is to bond to the heart of the guru to bond to the heart of Maitreya to walk the path of initiation all the way to the heart of Maitreya as taught by Guru Ma and El Morya in the 4-10 axis clearance, the clearance of the third eye of the *component of personality* as taught by Amitabha as *perception*. The serpent returned to the mystery school would have us believe that we don't need the Guru, that there is a better way. The **only safety** is in the Ark of the guru. The only way across the chasm of chaos descending upon the earth is the heart of the guru. The only thing between you and the heart of the guru is the lie and the leap.
