(What follows is intended for those who would understand and apply the science of cosmic cycles derived from the teachings of the Ascended Masters of the Great White Brotherhood (of Light) as given through their Messengers, Mark and Elizabeth Clare Prophet and applied using the science of the cosmic clock and astrology. I have followed as faithfully as I can the direct application and translation of the cycles as given, understanding it is karma making to interpret. I have taken the Master's dictations to the altar and sat under my Christ Self and the Masters who tutor my soul and have applied these cycles in my own world for the purpose for which they are given, to save my soul. What follows is the product of the cycles as given by the Masters and as applied and understood in the meditation of my heart with the hearts of Mother, my Guru, Saint Germain, Kuthumi, and Maitreya. I have followed and applied this science for years. I have been compelled to share these with you that my cup might be emptied that it might be filled again and again. I have applied the science of light and the cosmic clock with my understanding of esoteric and mundane astrology to translate the hand writing on the wall of returning karma. The light flushes out the darkness. The methodology of this applied science is not given here, but the inquiring mind may understand. The methodology will be given separately at a latter date.

It is my intention and purpose that you sit under your own vine and fig tree and use the material here and study the Masters teachings referenced here to enter into a dialogue with your God Presence and be God taught so as to acquire God's gifts of the Holy Spirit of Knowledge and Understanding, Discernment, and Interpretation of Tongues. Your Christ Self is your teacher. What truth lies here is only of value to you if it sets your heart to vibrate as two tuning forks that come into contact. The Truth will set you free. Your Christ Self is Truth. Seek and you will find.

(What follows is for your intercession on behalf of mankind for the saving of souls and your ascension in the light.)

Introduction

The mandate of victory in 2019 is to "*stand in the eye of the storm and uphold the guru.*" In 2019, the cycle of tens tells us that we are at the completion of an era, it is telling us that a *finality* will occur this year. This is the final stage of the period for which the current generations alive today have endeavored during the opportunity given to them. This is the ending that precedes a new beginning for the called-out ones upon the planet. Cycles must be completed this year; the lessor self must be emptied so that the soul is ready for the new cycles that will begin in 2020. Between this year of endings and next year (2020) of new beginnings (24 months), mankind especially the 13th Tribe, will begin to pass through *a transformation of civilization* while they themselves are undergoing a period of *self-transformation, the First Resurrection.*

Transformation is anticipated by all. In fact, it is eagerly being anticipated. But like adrenalin or too much caffeine it is often deceptive and misleading. One hundred years ago, in 1919 we stood on the cusp of a new century that promised much. But the self-proclaimed beautiful people became swallowed up in their self indulgence and the hedonism of the roaring twenties which when it crashed (1929) led to poverty, starvation, disease and war that began a genocide that took well over 100 million in an unprecedented, we thought holocaust.

This last century was itself an ending, an ending of an age (Piscean), a millennium, a century and more. It was the 10th stage of a greater cycle. While this century is the beginning of a new cycle (Aquarius) of personal freedom that our cosmology laid down for us by Jesus Christ, the Son of God, that tells us of our personal Christhood and of God Government in the new land, America. This is the place prepared through the ages for the fulfillment of the promise of the Ages, the renaissance nation for the renaissance man as promised by the God of Abraham to his people....to come apart and be a separate and chosen people. The Nephilim, with us today as the Illuminati in the Church and the nations are determined to stop this cycle of the mass exodus from the current, modern Egypt called Babylon The Great and the church age (while Pluto is in Capricorn, 2009-2024). This cosmology and the Everlasting Gospel tell us that the Dragon revives the Beast of Rome, they call it, the Club of Rome.

THE MANDATE OF VICTORY
IN 2019

As with the transition from this year to the next (2019 - 2020) we are aware of the greater transition from one decade to the next. And we shall also see, of one century, one millennium and an Age to the next as we transition from the age of the fishermen, Pisces to the next, Aquarius, the water bearer. Aquarius brings purification. Each succeeding year requires greater purification, Saint Germain says. This will become known and be made clear as we transition into the next decade. Long has it been known that "that the *meek* shall *inherit* the earth". To inherit implies that there is a transition and a transference. It means to be left with "the earth" from a predecessor or former owner (google it).

Jesus the Christ the Son of God left us a record, sealed by a judgment so it could not be altered like the rest of his cosmology and teachings by the Illuminati within the Church. This record is the Book of Revelations that tells us that this is the transition from *the Church Age* to *the Kingdom Age* that Jesus said would occur at the end of the 2000-year dispensation of the Age of Pisces (Revelations 20:4, the First Resurrection or Transformation). Revelations also tells us that at this time, at the end of the 2000 years, (in the 1990s) that the Fifth Angel would sound (the fifth trumpet judgment), it was then that John saw (in the 1990s) *a star* fall from heaven unto earth to whom was given the key to the bottomless pit which he opened (at Summer Solstice, June 1997), in Revelations chapter 9:2. Here it is written, "There arose a smoke out of the pit, like the smoke of a great furnace. The sun and the air were darkened and there came out of the pit locusts upon the earth". That is to say, that they came into embodiment in the 1990s; the Illuminati call them the **Millennials**, whom they are programming within their education institutions, by their mass media and information technologies to be revolutionaries, the long-sought Hitler youth and communist youth. They are programmed to bring in the Illuminati's brave new world and new economic order of world totalitarianism and the next great holocaust.

You can verify this by doing a Google search on world population. You will find that in 1800 the world population was 1 billion. In 1900 it was 1.6 billion and by 1990 it was 5.288 billion. By way of co-measurement in 1940 the population is estimated to be 2.3 billion but with what has been called the Baby Boom it jumps in 50 years, in the span of less than two generations to 5.288 billion. Beginning in 1990 to November 2018, in the span of one generation the population increased to **7.7 billion**, an increase of **2.4 billion**. The United States went from 2.6 million in 1776 to 300 million in 2016.

We see two great influxes of population.

First, in the 50 years from 1940 to 1990, world population growth of 3 billion.

Second, in last 28 years since 1990, world growth has been 2.4 billion

Who are they, these 5.5 billion? It is important to note that by the cosmology of the followers of the Law of the One God, the first group was the incarnation of the laggard evolutions and their Atlantean scientists who were responsible for the destruction of the continents of MU and Atlantis. They have gathered in the Middle East and are spread across the nations of the planet for the testing of the Sons of the Law of the One. Whether they will follow Christ and be governed by Christ as their Representatives in the Democracy of God Government as created in the Renaissance Land (America). Or whether they would choose to follow the false gods of materialism of world Capitalism and its religion Communism (dialectical

materialism...secular **humanism**, the doctrine of the church of Satan). Arnold Toynbee teaches that the populations of every civilization at one point, either spiritualize or they materialize and collapse at its peak, seemingly overnight because they all choose to follow the dominant minority (the first group). See Arnold Toynbee and his studies of the civilizations on the planet.

Revelations also tells us who the second growth spurt are. They are the locusts, out of the bottomless pit (Revelations 9:3, July 1997). They include those who are the bottom 10% of the evilest of the evil. They are the four angels loosed from the Euphrates river, come to lead the army of 200 million referred to in Revelations 9:16 (August 21, 1998). They are the legions of Gog and Magog. They call them the Millennials. See Neil Howe and William Strauss: "Millennials Rising", *The Next Great Generation*. They write about this generation of the current world population, authors of *Generations, 13th Generation, and The Fourth Turning*. The latter is very revealing.

Revelations 9:11 tells us that these Millennials (locusts) have a leader, a king over them. He is described as the angel out of the bottomless pit whose name in the Hebrew tongue is Abaddon, but in the Greek tongue is called Apollyon. This is the fifth trumpet judgment, the release into embodiment of many imprisoned in hell; come we are told by Gabriel, in the *Mysteries of the Holy Grail*, to re-visit the decision to follow Lucifer and for many, to join this activity and serve Guru MA and this Community or to attack Guru MA and this activity. Saint Germain tells us that they are embodied in America and by their works they defend America or attack America. In Phyllos the Thibetan they are the Atlanteans and Suernis (ancient India) returned in America today, as taught by the ascended masters (see *Ascended Masters and their Retreats* page 96-98). They have serious karma of hatred of the Guru.

Sanat Kumara teaches us on the Path of the Ruby Ray that these are the Great Black Dragon who stands before the Divine Mother giving birth to the man child in her sons and daughters who are undergoing the seven initiations of the Path of the Ruby Ray that began with the opening of the Seventh Seal (Rev 8:1, April 1996) which is composed of seven trumpets, each announcing a judgment upon the earth...upon men. Sanat Kumara teaches us in the Ritual of Exorcism that Abaddon is the person of the Accuser of the Brethren and with him are the fallen ones who make up the clock of betrayers who have come out of the bottomless pit that make war with the Lamb and his chosen and faithful. They stand on the North Gate on the six o'clock line of Cancer and they subvert the authority of the Father and usurp the office of the Lion occupied in Matter by the saints who are the sons and daughters of God, the 144,000, and the remnant of the Woman's seed who keep the flame in the white cube of the Church Universal and Triumphant.

A Google search tells us that in mythology and mystically in the Judean Christian tradition, Apollyon is known as the god of plagues, death and disease. Astrology tells us that [Apollyon](#) ≈ ([Apollon](#)) is a trans-Neptunian planet in Uranian Astrology. It combines the symbols of Jupiter (Power Elite) and Gemini (commerce, trade, science, education). It represents the Pantheon of Greek Gods and control of the planet. We know this today as the new economic order of the one world order of the Illuminati. Apollon rules many if not all of the houses supplanting the Solar Hierarchies of the solar houses of the signs, as taught by Maitreya.

THE CALM BEFORE THE STORM

THE MANDATE OF VICTORY

Apollon is among the other Uranians who were imprisoned in hell by Hercules and Amazonia when they themselves were in embodiment. A Google search will expose, the degree of idolatry that still exists by the many who have embodied with Apollyon, who is Abaddon, the person of the Accuser of the Brethren and king of the locusts, the Millennials.

In Revelations seven messages went forth to those who would come into embodiment in this age from the astral plane that describe the seven states of mind of the people (in community, congregations and nations) in their idolatry and sympathy for the devil (deified evil). These messages delivered the judgment upon them with the opening of the scroll's seven seals. These seven seals unleash the records (karma) that had been sealed in Hell, since the days of Hercules and Amazonia when the fallen ones were cast down and bound. The seals were broken beginning in *June 1993**, the first being the false Christ, the White Horse. Then with the opening of the seventh seal in *April 1996** - came the seven trumpet judgments as the stars from heaven were cast down into the earth called Wormwood and the people of Earth are called to come apart and be a separate people from those coming into embodiment with their karma or receive this karma, released with the 5th, 6th, and 7th trumpet blasts. (see Rev 18:4)

* Critical dates. They correspond to the coming of Elohim in the Spring of 1993 to place their seven causal bodies over the coming seven planets in Capricorn in January 1994 and to Mother's July 4th Address that launched the reorganization of the Church and the nation to save the birth of the Christ and to uphold the Guru, within them. Additionally, April 1996 heralds the reorganization of the activity and the nation as we knew them to prepare the way for the initiation of the faithful, the ascension of many, and to focus on getting these teachings out in the rapidly changing technologies that will allow for the fulfillment of the mission of the Summit Lighthouse of Love...in the coming cycle that will get the ascended masters names in every household in America. This is the outer representation of that written in Revelations 2000 years ago, the fulfillment of prophecy.

Revelations also delivered seven messages to the faithful remnants of the church to hold fast to the Guru teacher and the teachings, till I (the Cosmic Christ) come in the second coming in you. The locusts and their king stand to abort the Christ in you as they attempted to kill Jesus through Herod, his wife and his brother's family and their army who murder the incarnation of God incarnating as his sons and daughters, sacrificed once again upon the altars of BAAL. This is the abortion of the second coming in man. Just as Kamsa had Pootna kill the first born and then as her brother Trinavarta did, attempt to kill Krishna. This is no coincidence of timing.

Beginning on *May 21st, 1998* during the mid-point of the Galactic Alignment of Helios and the Galactic Equator called the Rift, the sixth trumpet sounded and John saw four angels that were bound in the great river Euphrates, loosed from the hell wherein they had been sealed, at summer solstice 1998. They went forth into embodiment, (and into those in embodiment) their evil intent will slay a third of men (2 Billion 500 Million). These are the four horsemen delivering the karma that had been sealed, that would play out through those in embodiment as the great drama, as the four angels who ride the four horses gathering their army of 200 million; beginning in *August 1998*.

Even then it is written in Revelations that the survivors (5 billion 100 million) do not repent and still worship idols, false gods. So, in Revelations 10:1 on *Feb 21st, 1999* a mighty angel of the Lord came down from heaven with a little scroll that was open. He stood in the earth with his right foot in the sea and the left on land and he cried in a loud voice, as does a lion (Hierarchy of Ruby Ray on the North Gate with the authority of the Father, in the Office of the Lion.); and when he had cried, seven thunders uttered their voices (*April 21st, 1999*). John was not allowed to write down what the seven Thunders uttered, as their words were sealed. The angel standing both on the sea and land (communism and capitalism) raised his voice to heaven (at *summer solstice 1999*) and made a mighty fiat, " that there should no longer be any delay. Hereafter light accelerated and karma accelerated. Then in Revelations 10:7 (beginning on *August 21st, 1999*) in the days of the voice of the seventh angel, when he shall begin to sound, the mystery of God should be finished, as he hath declared to his servants, *the prophets*. John was commanded by a voice from heaven to take the little scroll from the hand of the angel standing in the sea and on the earth. Who gave it to John commanding that he eat (*assimilate*) the scroll, sweet as honey but bitter in the belly; the everlasting gospel, a balm from heaven but the karma bitter in the belly? Morya teaches that the dharma is sweet but the karma is worth the inconvenience. John is told that he must prophesy again, in other words, Mother tells us that John will come again, which he did in his dictations. On *January 21st, 2000* we entered Revelations chapter **11:1** the beginning of the reign of the Gentiles to conclude in 42 months or taught by Maitreya as a cycle of 42 making up three cycles of initiation on the cross (14 years). The 14 tests of the crucifixion, the fourteen stations of the Aquarian Cross, the Cosmic Cross of White Fire.

This 42-months is a cycle of 42 of which the last three and a half years, Saint Germain tells us will end the Dark Night of the Spirit and are called the period of the Tribulation and will culminate in the final battle of Armageddon.

Cosmic Cycles in 2019

Many teachings have been given by the ascended masters about the significance of cosmic cycles and why we must know and understand them. During the New Years Class of 2018, the Class of the Solar Ring, a replay of the cosmic cycle of the solar ring and the judgment of evil in the matter universe. On New Year's Day 2019 we celebrated the cycle's entry into its 36th year in Sagittarius. During this class we heard the Maha Chohan teach us about the math, numerology and geometry of cycles, that they do not lie. We heard from Saint Germain tell us of the galactic significance of the cycle of the Solar Ring. And then we heard from Justinus about the solar ring's purpose, the judgment of evil in the matter universe, beginning with the black hole, the seat of evil and the original evil one. We were told that the Solar Ring was consuming the cause and core of evil as the black hole was consumed by the light. That this was a cycle that over time would accomplish its mission. We have been told that we are to focus first on the core or coil of evil in the etheric body then all else will unravel. That if we focus on the effects playing out through individuals repeating the records of the past they will come again and again but if we go after the core and its cause then the effects can be rolled up and we will have our Golden Age.

THE MANDATE OF VICTORY

This teaching by the Maha Chohan and Saint Germain with Justinus represents for the individual soul the teachings on the personal dweller and its connection to the fate of the Black Hole. We have long known but not understood the correlating concept which is called "original sin". In esoteric astrology this is the construct called "originality" or the true origin of the soul as well as its opposite, the origin of the soul's rebellion (disobedience/defiance) against the Guru and the path of initiation, known as the path of chelaship. This is the origin of the soul's separation from the heart of the Guru, in service to the Guru. This is in astrology the first decant (or third) of Aquarius and of the eleventh house, the community. Originality of our origins (a two-edged sword) is ruled by Uranus and Aquarius.

Maitreya

Of the many teachings on cycles there are three that are relevant to this discussion. The first is Maitreya's teaching on *the circle of 12* as the visitations to the 12 houses of the solar hierarchs who rule the 12 signs of the zodiac. Maitreya also teaches of *the cycle of 14* as the path of initiation and testing. Maitreya teaches this cycle of 14 as the 14 tests of the crucifixion. He also teaches that each soul comes to the point on her path when she commits to Maitreya and his twin flame to be initiated on the path of the ruby ray in three cycles of 14 (42 years) on the fourteen stations of the Aquarian cross. As the soul stands with the Woman and her seed (the remnant) and keeps the white cube of the Church Universal and Triumphant on the six o'clock line of Cancer on the North Gate.....against the attack by the person of the Accuser of The Brethren...Abaddon / Apollyon, king of the locusts (who eat all the harvest of civilization and culture of the Great White Brotherhood in America and the western civilization) against the Lamb, the Lamb's wife and the faithful and true. (see Maitreya, *The Six-Pointed Star of the Lord of the World; POW highlighted in Part One of the Summer 2018 document.*)

Maitreya's three cycles of 14 make up the 42 years of a soul's lifetime preparing to walk the earth as Christ in the resurrection flame as did Jesus following his resurrection when he lived in Tibet and Northern India for 50 years as world teacher. Jesus was preparing those who were to follow him, Padma Sambhava and his Tertons and the unascended masters of the Himalayas, Morya, Kuthumi, and Djwal Kul and many, many, more.

This cycle of initiation is a known pattern says Maitreya and what Jesus did so shall you because he went before you to show you the way of it and has gone to his Father in Heaven who has sent his Prophets to bear witness to you and to be his messengers that he may gather you to his heart and lead you home.

El Morya 1985, 1989

Tells us that cycles are our path to fulfilling the prophecy of our destiny. Cycles bring the faithful in love and wisdom to the victory of the soul's union with her Holy Christ Self and the Guru and to the point of placing upon the chela, mantles to which she is to aspire even as she

THE MANDATE OF VICTORY
IN 2019

holds the office of chela. By these words El Morya created the Twenty-Four Elders to defend Mother and direct the Church. Given by El Morya on Feb 3rd, 1985.

El Morya also, in POW 32 # 33, given on August 9th, 1989 at 11:47 pm to 12:48 am, tells his chelas that were (if) the golden age to appear on earth it would turn the tide for many systems of worlds (in the galaxies) because there are representatives embodied today on earth from all systems of worlds that will be affected by a victory on earth. Earth, where the judgment of evil in the matter universe begins to be rolled back. So, we see that many evolutions across the Galaxies are here for the victory that has begun. But also, the fallen from many systems of worlds, aliens and their technology are also here to oppose the victory that has Galactic consequences as Saint Germain told us on January 1st (1984) 2019. Morya also gave us two priorities, *the altar of God*, the Alpha, and *preparation for physical survival*, the Omega. He tells us that **the Modreds** will have their day and that they must play their parts...let them have their say...for by their words they shall be justified. By their words they shall be condemned. While this occurs, you must maintain your tie by devotion to the altar to purify you and clear you of the karma returning to Mordred(s) and Vivien(s). As well as, prepare to survive this karma returning that it may be said of thee, that it found nothing in me or if it hits me, it will not stick (Morya, 410 axis clearance.)

Mighty Victory Mandate of Victory

The second teaching that is of equal importance to our discussion is that taught by Mighty Victory in *the Mandate of Victory*, publication. In the chapter on the initiation of ten he tells us that the testing of the planetary body is the test of ten, the test of selflessness. Are you, he says, *aware of self as human or divine?* **This is the initiation of 2019.** In the crucible of the test (in the heat of battle) we are called upon to decide: human or divine (my way or God's way). **This is the astrology of 2019.** It is carrying over what began in 2017. We stand at the Yod, at the Y on the path (road) and must decide to confront Apollyon at 2 Scorpio or flee into the psychic (occult) trap of trans-Pluto at 2 Virgo. Will we, he says, stand to the right or the left. Victory teaches that *victory is a cycle and a flame*. In chapter 17, Victory teaches that the human ego must die on the cross, that the divine ego might resurrect. He teaches us to study the cycles.

Mighty Victory tells us to analyze the cycles and the cycles of the stock market crash. He tells us that in every century (21st) mankind is given a 100-year allotment of energy to use to prove the mastery of Christ by the power of ten times ten. Ten decades of ten years each, to master selflessness ten times is the victory of each century.

The first 33 years of a century are critical as is the first 33 years of man which marks the attainment of Christhood or the lost potential for that attainment. In the perfect life of Jesus Christ, mastery came to the four lower bodies through the four cycles of seven, ending at the 28th year (Taurus). This means Capricorn to Leo; Leo to Pisces; Pisces to Libra; and Libra to Taurus. (see the chart to the left)

This is followed by going within for the five secret rays to bring one's mastery to the 33rd year (Libra) and the hour of the ascension. The first two of the secret rays, the 29th and 30th years (in Taurus and Gemini) are within. The last three secret rays are to publicly demonstrate the law in the 31st, 32nd, and the 33rd year in Cancer, Leo, and Virgo.

This is, Victory says, *the test and the pattern* that individuals and nations must follow. And before we look at the cycles affecting 2019, we need to understand what the Maha Chohan

THE CALM BEFORE THE STORM

THE MANDATE OF VICTORY
IN 2019

and Saint Germain, Justinius and others said during the Class of the Solar Ring at winter solstice 1983, replayed at the winter class 2018.

The Maha Chohan Class of the Solar Ring 1983 - 2019

The Maha Chohan taught about *the alignment of Earth and the test of love*. He called for the leaders of the nations to stand for the people. The people have more contact with the Maha Chohan he says, than their leaders who betray them and hold the people back from passing through the 'portal' of Christ Light into the freedom of drawing forth from their momentums of attainment in their causal bodies. Were it not for the conspiracy of the fallen ones the people would accelerate. The Maha Chohan says, that all who see the danger and would act, cannot. They are prevented. Thus, he says the will of God descends in such intensity to brace the earth for planetary changes in 1984. (*now in the 36th year of the completion of these cycles set in motion in 1984, 2019 is set to prepare us for major change.*)

This cycle of winter solstice 1983, heralding the year 1984, with the Class of the Solar Ring, brought forth in the name of Mother Mary, as the instrument of the judgment and the justice of God, all the dispensations of 1984. These included the Solar Ring, the consuming of Evil in the Matter Universe, the cause and core of evil in the Black Hole, the judgment of Helios (20.12), I Challenge You (56.00), The Right Hand of The Cosmic Virgin (56.02) and the restoration of the (Maitreya's) Mystery School (5/31/1984) and the placing of a physical flame of the ascension in Mother's heart for her and her chelas for the next 33 years of initiation on the path of the ascension (4/8/1984 - 4/8/2017) and the judgment of the Abusers of the Word, on the first ray (April 27th, 1984). In 2019, we entered the 36th year beginning at winter solstice and New Year's Day with the March of the Priests with Saint Germain, as we move through the year in the 36th year in Sagittarius. The significance of this will become clear shortly.

Maha Chohan teaches us to call to him and his angels for the self-transcending fire necessary for you to enter in (as Maitreya teaches, the eight-petal chakra of the heart). Maha Chohan says, yesterday's accomplishments (Sagittarius, unerringly achieve the goal by the all accomplishing wisdom of perfected action, Amoghasiddhi, the perfection of indifference, goodwill and unattachment) is not sufficient for today. He says, move on with the galactic cycles of light that carry this solar system and galaxy to the "great encounter" with the Central Sun. One with Alpha and Omega in the beginning and in the ending of all cycles of your being. The masters came at winter solstice 1983, in the Class of the Solar Ring to change the world, nation by nation that the free nations remain free. God has decreed it. The Maha Chohan teaches us to call to (he says to, "summon") the Archangels *to deal with the proud spirits, the rebels, the terrorists, and the destroyers*. He says, "We come to consume evil and that they will not allow the Evil One to destroy the little ones (*even babes in the womb*). (Revelation teaches us that this one is the person of the Accuser of the Brethren, Abaddon known as Apollyon, in astrology Apollon). He tells us to pull down this mandate that has gone forth to the etheric octave, anchored in our etheric bodies, by our decrees. He tells us to pull it down into the physical atoms of earth to cast off the superimposition of Darkness. (In astrology this is the super physical of the occult forces that is our debt of destiny in esoteric astrology, the enemy within; the 12th house and Pisces.).

The Maha Chohan tells us that whereas this will cause minor changes taking place in 1984, until the servants of God are sealed in their foreheads, there will, **not yet he says**, be *changes on a grand scale*. He says the latter will not happen till the servants of God are sealed. (see New Years Class dictation or read it in KOF Lesson 32.) Critical to understand as we conclude the 36th year in 2019 and prepare to enter a new beginning in 2020. This is the focus of this document and its parts. *The cycle of changes on a grand scale is upon us.*

Saint Germain Class of the Solar Ring 1983 - 2019

Saint Germain planted the immortal fire of freedom in the center of the solar rings drawn and to be drawn. He taught us that as the light of solstice (winter) passes there comes into manifestation the light of victory. As the light spirals becoming the light of equinox, it establishes the power of freedom's flame in the four quadrants of the sign of fire (Aries, Spring Equinox*). With each successive year and the turning of the quadrants of the year, the sign of Aquarius manifests more and more in the physical (octave) and with it, the demand for purification. Thus, Saint Germain teaches, we become the water bearers of the eternal water, and he says, the fire of the water is this light of freedom²...flowing. (*see Kuthumi**, *the Light of Winter Solstice*; *Maitreya, the Light Cycle and the Dark Cycle of Capricorn*. Also, *Kuthumi, Expose of the False Teachings # 9 - 12*), (*see El Morya², All Lines converge at the Six O'clock Line.*)

The command of the Central Sun, Saint Germain says, is the solar ring. It descends from the Great Central Sun as concentric rings of light that inundate with the fire of the seventh ray all lifewaves and evolutions under this Aquarian light (across the galaxies). This is he says, a cycle appearing of real living fire that enables action and victory of liberty.

The solar ring established by the hierarchies of light contains the fervor of freedom's flame. The rings you invoke may also contain this fervor of freedom's flame if the Hierarchy of Aquarius decree it so. The beings of light of this hierarchy carry the flame of Aquarius from the Great Central Sun to seal this solar system and the heart of Helios and Vesta in the major dispensation of the light of Aquarius (*never* before transmitted to these matter spheres). 144,000 beings arc the light from Alpha and Omega to the heart of Helios and Vesta. They arc the fire from Helios and Vesta to the heart of the twin stars, Venus and Earth. Thus, Hesperus and Terra receive an increment of fire of the twin flames...Alpha and Omega and Portia and Saint Germain. This is given as **the sustaining light of the activities of Aquarius to come in this solar system.**

These representatives come from the Great Central Sun with power and strength to *reinforce the alignment of noble hearts of goodwill and living fire* to bring forth out of their casual bodies and from the hierarchs of Aquarius *those new dispensations that must come forth* in communications and media (3rd house), the transmission of the word by satellite; in the entire establishment of peace and defense (military industrial complex); nuclear energy; the interior of the earth (USGS seismology and volcanology); all pertaining to the evolution of life, genetics.

These representatives come to stop the action (Mars, 1st house 1st decant) of the perversion of the flame of freedom, going on since ancient times on Lemuria and Atlantis, that caused their destruction. They come to set to naught the fallen ones, their *abuse and rebellion* and to place before them and the sons of God their true divine plan for Aquarius. All are given *the opportunity to choose to live within the framework of this divine plan or face the judgment for all past misdeeds of all previous dispensations*. These are they who have had the freedom to choose to align themselves with God's will for aeons* who are come to the end of their evolution. If they repent their deeds and come into the light, the vast matrix of Godhead for Aquarius, the Great White Brotherhood will set aside their karma and allow them to balance it in the service of the flame of freedom during the next 2000 years. If they will not repent but are determined to overthrow this dispensation, they will face their own timetable of the final judgment.

On January 1st, (each year) each one has a clean white page of opportunity to write upon for the year. On the left you have the balance brought forward from the past (2018, 2017, *all that has accumulated in this life, year upon year even throughout the last 25,800 years, returned these last 2000 years of the dark cycle*). On the left is what has accumulated and it arrives at the door of the new year. As you write on a new page each day of the year, once you have passed the first page, which is the divine plan for the whole year...each daily page will carry forward that day's karma, the day's misuse of energy to be balanced on the next, if it is not taken care of on the day that it manifests. (Therefore, January first each year is your plan for the year.)

The beginning of each new year is the new opportunity. As the year passes, the accumulated weights become a greater and greater burden for each new day's opportunity to fulfill the original matrix of the 365 days that has a marked pattern of sacred fire on the right-hand side (*indication that more violet flame and greater works are needed*). The right-hand side of the page has over it a clear transparent page that contains the original blueprint as it would have been had you not made karma. This true page which you are able to follow shows the adjustments that have had to be made because your untransmuted karma of this embodiment impinges upon the matrix set for you by the Lords of Karma, at the beginning of this embodiment.

Saint Germain gives us this teaching to understand the exactness of karmic law and to understand the call he gave us. He tells us to **call** for the removal of the burdens of karma of this life, year by year. Name those years and dates, as January 1st, begin in your birth year to the present; also name the years as of your date of birth, year by year following on your birthday that date each year. Saint Germain says that these two cycles are key. (Your birthdate and January 1st each year). Because for both these days there is an accounting and a rendering given.

Saint Germain says, chart the cycles of the year for *the planet and for your self*. You have the opportunity to have these rolled up as a scroll and cast into the flame by the call to the violet flame and by good works and words.

Justinus Class of the Solar Ring 1983 - 2019

Seraphim, daily march to the Central Sun and return in radial lines to all galaxies and spheres in matter cosmos; described as electronic fire rings to the planetary orbs. Heaven has waited for the Great God to sound the very sound of this hour (Jan 1, 1984...now year 36, 2019) when earth's evolutions might be stepped up and the fulfillment of the Magnificat of Mary might sound. Justinus says that this affirmation of the Divine Mother does bring forth great wonders* in the Matter universe, knowing that with the coming of the infinite light so to the judgment of Antichrist. "He hath put down the mighty from their seats and exalted them of low degree...

Justinus tells us that Mother Mary saw the coming of the light of the Lord (2000 years ago) as the dividing of the way and the judgment. The solar ring came, Justinus told us, (The Class of the Solar Ring, 1983) for *the reinforcement of planetary change, the end of certain planetary cycles and to bring in new cycles*. We have entered the 36th year in Sagittarius of the victory cycle of this cycle. At a time when many cycles are concluding.

The solar ring places the seal upon death and hell and the areas and pockets of the darkness of the pit. *The Great Central Sun Magnet seals the place where evil dwells until the binding and casting of Death and hell into the lake of fire.*

Sanat Kumara initiates the consuming of Death and Hell (the person and place). Justinus tells us that there is a point in cosmic space defined by the cosmic cross of white fire that is the origin of anti-light, the Evil One and all evolutions of the descent of that origin to the planets, earth. It is a mass of mis-qualified energy-- a vortex of *the blackness of darkness, like a black hole*. It is a mass and vortex of Darkness.

This mass and vortex was put to the torch and has been burning, as of 1/1/1984 for some time in earth years. It is, Justinus says, encircled by Astrea's circle and Purity's power *forever*. It is encircled by Elohim. It was initiated by Sanat Kumara. This fire will continue to burn as the sacred fire consumes and *draws to itself* the cause, effect, record and memory of the substance of unreality, worlds without end.

Justinus tells us that our judgment calls must direct to this nucleus of the grand conflagration the miscreations of the Matter universe and their miscreants whose time is up.

It is from this point of origin in space that all of the effects of the consciousness of Evil and the Evil One proceeded. After decades of invocations of the Messengers their calls finally reached the source, Justinus says, behind the source. It could no longer be hidden from the eyes of the Messengers by the Dark Ones who veiled it to prevent this event of 1/1/1984, the prophesy of the judgment of evil in the matter universe from coming to pass. Thus this was the last prophecy given to Daniel is herein Justinus says fulfilled that, "one would stand on this side of the bank of the river, and the other on that side of the river...that when he shall have accomplished to scatter the power of the holy people, all these things shall be finished.... Many shall be purified and made white and tried; but the wicked shall do wickedly, and none of the

THE MANDATE OF VICTORY
IN 2019

wicked shall understand, but the wise shall understand". Thus, Alpha and Omega gave Sanat Kumara the authorization of the Central Sun to ignite the torch in answer to the Messenger's call.

Justinius tells us that *this is the beginning of the end*, he says to *understand that which is taking place*. This igniting of the cause and core, effects, records, and memory of the original spawning of the consciousness of Evil and the Evil One must continue to the end of the illusion of time and space. Souls of light must *guard and tend the sacred fire of this grand conflagration*. Surrounding this mass are concentric rings of Seraphim forming a ring-pass-not of the Great Central Sun Magnet, that no substance or unclean spirit may exit except by the mandate of God.

The timetable for the consuming of the mass of anti-matter may not be made known. We live, Justinius tells us, on a world surrounded by millions of evolutions, lifewaves, solar systems, universes and galaxies. *This vortex is the point of origin of the contamination of all this Matter cosmos*. Sanat Kumara has begun the consuming of the dweller-on-the-threshold of the matter cosmos. The great hope of all lifestreams emanating from the Great Central Sun who yet abide in the Matter cosmos is the enduring flame of Mother Omega sustained by her presence in the Matter cosmos in you, the heart, soul and being of the lightbearers. *This Mother Flame burning in the hearts of the devotees everywhere has become the counterpoise and power of the Great Central Sun Magnet to hold the balance for this activity* (this Grand Conflagration of our God, worlds without end) of the entire Spirit of the Great White Brotherhood. *And as this process of the consuming of the dweller by sacred fire increases, worlds upon worlds will receive the opportunity for the planetary dweller to be taken*. The great law, Justinius tells us, requires that the cause of the dweller and the point of origin must be consumed, in the vortex.

When the cause is consumed, then the effect, record, and memory may be taken. This is because *out of the original matrix many duplicates (as clones and carbon copies) can be carved out of the one*. Therefore, it is the cause and core that is the focus. *The key, Justinius says, is that the Messengers were sustained in the call by Keepers of the Flame, who sustained the office of the Messengers, as above so below*. The call cannot be made unless the one is upheld by ring upon ring of those who keep the flame of life around a planet...and many systems.

We see then that *the strategy of darkness that was judged in 1984* with the acceleration of the beginning of the end (20.12, 56.00, 56.02), we were given 33 years to put on the Ascension Flame; the opening of Maitreya's Mystery School; *Mysteries of the Holy Grail* by Archangel Gabriel... to name only a few. Review all releases and dispensations given in 1984...all of which are finishing their 35th year in Scorpio (the circle of 12) and on the line of Cancer (in the cycle of 14) as the lightbearers fall the second time as they finish up their 35th year (entering their 36th year) in Scorpio facing the passions of those who have accommodated the Messengers and have not the fruit on the vine nor oil in their lamps. *This is the strategy Mother told us in 1985, that the fallen angels changed from attacking the Guru (Messengers making these calls) to stripping the chelas from the Guru who are sustaining the Messengers in making these calls (even today)*. Thus the 24 Elders, who were created by El Morya to defend the Guru by attaining to the office of their Christ, are being stripped from the Guru and their mission to defend the Guru and re-organize the organization, the activity to give birth to the Christ in Community. The strategy is that of Herod and his wife Herodotus and of Kamsa who attack the Christ being born by the

THE CALM BEFORE THE STORM

THE MANDATE OF VICTORY
IN 2019

strategy of the Golden Calf, materialism and its passions and ambition to convince the chelas in the Mystery School (America and the Church, both at 10 Taurus with a 1-minute orb) that there is a better way and now that the Messenger is gone, it is our turn.

Justinius is telling us that the work began will go on now for the rest of time in the Matter universe and is made possible because the Keepers of the Flame uphold the office of the Messengers, above so below, who continue to make the call (in heaven) until the timetable is complete. The one must be upheld by ring upon ring of those who keep the flame around a planet...and many systems. Therefore, we cannot let down the guard till the work is done. *This is the attack and strategy of the Fallen Ones. To strip the faithful from the work of the Ages, filling their worlds with toil so they have no time for the work but also as Peter in his carnal mindedness said to Jesus, that the crucifixion is unnecessary, yet desiring the resurrection and the ascension. Hear the denunciation today (6th house 3rd decant, also of Virgo) of the Lord: "Get thee behind me, Satan: thou art an offense unto me: for thou savourest not the things that be God, but those that be of man." The same yesterday, today and tomorrow.*

Be not deceived. Remember the prophecy of Archeia Aurora in *Vials of the Seven Last Plagues*, that in the hour of the judgment, the Lords of Karma (Leo) count the disciples of the Lord. That when you feel the intensity of the ray of the Lord upon your head, know that the examination of the Lord's emissaries is upon you and the accounting of your works is being tallied. Thus, heaven tests us to see who is willing to bear the cross of personal (MC - IC axis) and planetary karma (ASC - DSC axis). As they look to see who will seek to save his life (job, career, home, material substance) and who will lose his life for the sake of the Christ. Thus, Archeia Aurora re-stated Lanello's prophesy that many shall turn away from **the flame of the Mother** because her love will draw out *the toxins of hatred* from their four lower bodies. This hatred must be extracted that their souls be saved from the karma of their own hatred. Those who commit their karma to the flame before it turns to boils and sores upon their bodies will remain in the mandala of the Mother. Those who do not will blaspheme her name because of their pains, and they will not repent their deeds. Aurora says, Jesus the Christ the true head of the Church Universal and Triumphant, extends you the communion cup, saying, "Drink ye all of it". And when you commit to the will of God to drink the cup of the 14 stations, you will be given the cup (by the soldiers) of the wrath of mankind's karma (ASC - DSC axis) on your MC - IC axis that they would force you, the Christed ones to take. This is, Aurora says, you will taste it, but you will not drink thereof. Aurora says it is their cup! Let them drink it! For this is the judgment that came through the prophet Jeremiah 9: 13-16. "They have forsaken my law. have not obeyed my voice, neither walked therein, but have walked after the imagination of their own heart and after Baalim....thus saith...God of Israel: Behold, I will feed them, even this people, wormwood...I shall scatter them and send a sword after them, till I have consumed them. The seven vials of the last plagues of mankind's karma is the wormwood.

Archeia Aurora tells us to seek refuge in the temple of the Lord and in the Church Universal and Triumphant, partake of the Eucharist, and see how the alchemy of the Christ consciousness is performed within you, by the mediator.

Justinius says, keep the vigil and the All-Seeing-Eye on the Middle East. He calls for a ring of light around Middle East. All US Armed Forces in the Middle East must be protected. Because *unless there be containment*, you will see the fulfillment of the prophecies of Nostradamus of a great darkness coming out of the East and moving in fury across the European continent. In addition, he says we must contain the cause, effect, record, and memory of this ancient hatred of the laggards towards the light bearers. It is not native to earth but came from other planets and evolutions with their Nephilim gods and their mechanization man who journeyed here in their spacecraft aeons ago, even from distant galaxies. (*An aeon in geochronology is the largest timeframe of geological time. The current aeon is from the present to 540 million years ago. It comprises 3 eras and 12 period subdivisions.*)

Justinius showed us how the manifestation of the effects of the consciousness of Evil and the Evil One came here directly from that mass of anti-Matter, to the Middle East. Directly from this vortex of the black hole in space and the dweller-on-the-threshold of the Matter cosmos. He drew the solar ring around the Middle East and all the countries surrounding the Mediterranean who are he says, in part are comprised of laggard evolutions. The Middle East is the Mother chakra of the planet (*the base of the spine chakra of the planet. Sanat Kumara teaches us that the False Hierarchy of the Ruby Ray on the North Gate on the six o'clock line is the Devil in the person of the Accuser of the Brethren; the Laggards against the light, the fallen ones, and the clock of betrayers; also, Abaddon and his fallen angels and the devils and beasts out of the bottomless pit that make war with the Lamb and his chosen and faithful. see the Ritual of Exorcism and Sanat Kumara On the Path of the Ruby Ray POW volume 22.*)

Justinius asked us to daily invoke the sacred fire and to call to Mother Astrea to consume the cause, effect, record, and memory of *the evil minds and the murderous hearts* of these in the Middle East. **We must contain the darkness to the Middle East** till it is consumed **or we will face the prophecies of Nostradamus**, Justinius told us. This is especially important in 2019 as the fallen ones have put in place the migration of the people of the Middle Eastern nations to Europe and North America, for a purpose...to make war with the Lamb and his faithful. The hand writing is on the wall.

Justinius called in the name of Sanat Kumara, placing the solar ring around the vortex of the origin of the consciousness of Evil and the Evil One and around the vortex of its effect upon Earth's evolutions in the Middle East and beyond. He called forth the twin pillars of Alpha and Omega, of Elohim on the seven rays and the five secret rays and all twin flames ascended and unascended to reinforce these solar rings (to ratify this call daily). He called for these solar rings to be sealed and to seal the place where Evil dwells, let it be consumed from within! Justinius called for the igniting and consuming of the cause and core, effect, record, and memory in the Middle East of laggard evolutions and their port of embarkation whence they sailed to earth and that their most recent habitats and their point of origin in the Matter spheres be cleared of the records of their infamy, their record of all destructivity of the ancient golden ages on Lemuria and Atlantis as well as on other planets of this solar system and throughout the Matter cosmos. He called for the judgment of the Nephilim, their laggard scientists and their mechanization man and also the Watchers who are their overlords.

Justinius describes a single candle of the nucleus of sacred fire is held in the upper atmosphere over the Middle East by Sanat Kumara, guarded by Alpha and Omega and Venus. A

single torch is ignited in the astral plane put to the nucleus of the cause and core of the Middle East situation. It is sealed by the Great Central Sun Magnet and by the God-control of the seraphim. He describes this as *a controlled experiment to consume specific layers of laggard consciousness and karma in this area* circled by the solar ring in the Middle East. He tells us that it will be sustained therefore sealed according to the level of our calls to Astrea and the continuous vigil kept in the ongoing decades (now in the 36th year). Justinius then called for a cloak of invisibility, invincibility, and invulnerability around this alchemy of sacred fire for world transmutation in the very core of the astral plane, that it be sealed. He asked us to make the call for seraphim to sustain the tube of light around every lightbearer in the Matter cosmos.

God Meru and Goddess Meru, The Class of The Solar Ring 1983 - 2019

(Note the level of urgency in 1984. The level of urgency 36 years latter in 2019 is exponentially greater.)

The message of God and Goddess Meru is that the solar ring is a matrix for the *holding of the balance of light in the hour of worlds turning and of changing planetary conditions*. (they reference holding the balance in the physical elements, weather, atmosphere, the souls of the people, the astral plane, mental plane, and in the etheric body). They tell us that the rings are for *the sealing of the planet, as the hour of the judgment is come* and that the light of the Cosmic Christ cannot be withheld. Therefore, they advise us that we *call forth these solar rings as of 1984 for the protection of right endeavor and the light in the earth*. Also, for the binding of the seed of the Wicked One and those who continue to move against the sign of the Sun -- the Sun of Righteousness who descends with healing in his wings.

God Meru states that this is (New Years Class 1983) a moment in cosmic history. Because these *solar rings have not been available on earth since the Great Rebellion and the Watchers who lost their first estate*. The electronic fire rings surrounding souls is for the *holding of the balance for many millions of people upon earth who do not keep the vigil in the four planes of matter or their four lower bodies*. The solar rings are given for the sealing of the earth in preparation of our four lower bodies to receive the coming of Helios on the 4th of July, 1984 (20.12) to speak in the very octaves preceding physical sight and awareness of his form.

They gave us an instrument of light, a sacred tool, for our call, of the electronic fire ring which we term the solar ring. Its attribute is *the balanced light of Alpha and Omega, who hold the balance in time of great upheaval and turmoil in men's souls, especially at the subconscious level*. This turmoil God Meru tells us is *the records of violence* of the fallen angels that is beneath the surface of consciousness of the people. The film industry capitalizes on this subconscious turmoil in film as fear, violence, death, and the misuse of the sacred fire. These are the records the people of earth fear the most and are the most agitated about "beneath the threshold of consciousness. Film, video, and media provide a venting of this pressure in the "pressure cooker of life" as people see violence portrayed again and again. Shun it, he admonishes us. These records and the reviewing of them causes an interference in the establishing of the matrix of the solar ring in your mind, heart, and soul. Refrain from viewing

THE MANDATE OF VICTORY

these records so that there might be a clear level of consciousness the masters can use (Grail) to establish that which must be done.

It is *that which the people fear most that would come in war and cataclysm that the Elohim would contain by the solar rings*. Thus, God Meru says, the inner flame of peace that comes from illumination, from contact with the Mother Light...the peace that passes all understanding once that understanding is gained, having made the call, is necessary for the holding of the balance in the earth. (*The Safe Passage of Ye All; the Mantle of Learning, Illumination, and Self-Knowledge 1/1/1989 now in its Saturn Return begun 11/9/2018; entered its 31st year in Cancer on Jan 1st, 2019 at the beginning of the 36th year of the Solar Ring consuming Evil and protecting the lightbearer.*) It is the placing of the people's attention on the records of death instead of on God that caused the sinking of Lemuria and Atlantis. When people do not put God first, darkness mounts and the waves increase and the storms begin. (*This is why Mighty Victory, in the Mandate of Victory said to study the cycles of the 1920's. It was followed by the rise of war and genocide in the 1930's. We are about to enter the cycle of the 2020's.*). God Meru urges us to understand the necessity of the solar ring for sustaining of the evolutions of a planet when by their lack of attainment, they cannot resist the anxiety and the terror of world change.

These high levels of planetary anxiety are at a level (by winter solstice 1983) that the people are not equipped to hold the balance (of light) in a planetary crisis. *They cannot be counted on as instruments of light that is necessary to be Keepers of the Flame*. Rock music is anxiety. It increases agitation in the bones and molecules of all who listen. There has been, God Meru says, a gradual build up of this momentum of anxiety. All who move to the rhythm of rock contain an anti-force to the solar ring and to the light that must hold the balance in the earth. Also, that force is death to all individuals who contain it. This anxiety breeds death, its force and vibration cause the disintegration of the soul, the chakras, the four lower bodies of a people and a planet. The force of this beat out of the pit, God Meru says, brings Death and Hell to an evolution. This vibration (Rock) together with misuse of chemicals and drugs in the body caused the sinking of Atlantis and the destruction of civilizations past. It is occurring again, he says. (We see it in the opiate epidemic and the wave of the legalization of cannabis.)

We come, God Meru says, to you who have demonstrated a willingness and an ability for the path of initiation and discipleship. Yet some of you he says, yet strive to maintain a basic and fundamental discipline.

Time is short, yet he says, there is a sense among some erstwhile students that perhaps things have changed (going into 1984; especially now in 2019, 36 years latter) or **that the rules have been altered or that a new era of compromise has entered the CHURCH**. Cosmic law, God Meru says, is not subject to human will or human fads and lifestyles. It is the living Logos, "the same yesterday and today and forever."

God Meru says, change has come in that you perceive change as the mercy of the Law of Christ which has an elasticity and does bend to the creation lost in the morass of maya. **During this period (1984-present) of the dispensation of mercy you may not feel harshness of the law.** This is so that you may regroup your forces and determine to walk the line of self-

THE CALM BEFORE THE STORM

THE MANDATE OF VICTORY
IN 2019

perfectionment. It is **by no means, God Meru says, an indication that the Law itself has changed,** only that the Great Mediator has afforded you the opportunity to balance karma and come into alignment and be the vessels of the Holy Grail.

Calling the solar ring into action means we are calling forth the twin flames of Alpha and Omega, Helios and Vesta, the Elohim of God, God and Goddess Meru and your own twin flames to sustain the solar ring. Visualize the solar ring as the T'ai Chi of Alpha and Omega, as the circle of fire that is the movement of the eternal circle, the serpent swallowing its tail. This movement consumes the momentum of Antichrist. These are momentums running counter to the God Harmony of the Great Central Sun come in the earth.

These rings established in 12/29/83 - 1/1 1984, are the platform for the coming kingdom of God and for the sealing of Death and Hell. This kingdom is the incoming golden age, it cannot come, God Meru says, until Death and Hell and their entire contents are cast into the lake of fire. This means Meru says, that the transmutation of the misuse of light and the canceling out of the identities of those who created an entire universe of illusion in their anti-God determinations. The solar rings are for the protection of the lightbearers and the judgment of the seed of the Wicked One by the solar ring. By the solar ring Alpha and Omega are represented in the earth until the fullness of the Godhead descends to dwell bodily in the disciples of Lord Maitreya.

The solar ring is the manifestation of the Cosmic Christ. This establishment of the solar ring, God Meru says, is a unique alchemy for each one, each circumstance, home, family or community. Bless that Christ whose mercy and compassion does mediate and mitigate the Great Law. The solar ring's presence is compelling the souls of earth to stand face to face with the living Christ and sustain that Christ Consciousness. Meru instructs us when calling for a solar ring around nations and communities that the solar ring be established around lightbearers who have qualified to keep the flame for that city, town or endeavor and that the hosts of heaven anchor the light of balance and reinforce and strengthen, align and harmonize the four lower bodies of those who have already proven themselves to be the most advanced of that area. The solar ring is to accelerate the transition into the golden age and the path of the ascension for all who desire it. The 20th century was designated as the century of a mighty victory. This is, God Meru says, the moment of the cresting of your wave. It is a wave that comes from the Great Central Sun (Relentless Wave 8/10/1959). These waves from the Sun are cyclic. When they occur, there are changes wrought in the earth body and the psyches of the people.

Cosmic Cycles in 2019, in Perspective

THE CALM BEFORE THE STORM PUBLIC DEMONSTRATION OF CHRIST MASTERY OF THE LAW: THE MANDATE OF VICTORY IN 2019

This chart shows, the cycles by year that are having a profound affect upon all people today. They portray the pattern of a cycle described by Mighty Victory. These cycles define for us the initiation and testing of our souls as defined by the cosmic clock, while providing the backdrop upon the stage of the great drama described by Morya El, as God acts through planetary events and people according to the cosmic astrology (esoteric astrology) known as the *Clock of Destiny*. Note line 22 column R should read *Libra*, not *Virgo*.

This table of cosmic cycles follows the pattern laid down by Mighty Victory. This legend explains the chart. There are eight phases of a cycle. Each phase is an initiation of Christ mastery testing the soul on her attainment to measure or grade, if you like, the soul on the

evolutionary path of the soul's initiatic journey of the soul's Odyssey home. The soul progresses through each phase to the next. Add to this Saint Germain's description of each year's initiation as a new page upon which we write each January 1st and how our untransmuted karma detracts from each day's purpose. Each year is a step in our life plan for this embodiment. Therefore, all impacts on the year's divine plan because of our karma causes us to error, to fail, or to leave off or avoid our initiation and has the added affect of impacting our soul's divine plan for this life. Saint Germain teaches how to make the call for the day, the year, and for your birth date and year and the planets.

The way to read the chart is to start in column A, follow the legend across the columns, understand where you were each year and what was playing out as events around you and your reactions and involvement. Make the calls to surround the darkness in the solar ring and consume by the violet flame that which now abides on the left-hand page that is a karmic weight interfering with both 2019 and your divine plan as described by Saint Germain in his 1/1/1984 dictation the "March of The Hierarchs of Aquarius". Now you are standing in column AU for 2019, (2/10/2018-2/10/2019) as each new day of the year brings you to the sign and cycle indicated for 2019 (example today Feb 10th you have reached column AU, while the remainder of the year you are still in the previous year's cycle in AT).

Look at the color-coded phase and the sign. This is the cycle of initiation that is building like a step pyramid. Each year the foundation of the next year. Knowing the phase and the line of the clock you now see the future i.e. the number of years left in that phase and you can forecast where you will be and when at the beginning of a critical phase of your cycle of initiation in the near future. You also know the number of years left in your current phase to claim your victory and knowing the cycles as taught by Maitreya, pass your tests. Example, in **Maitreya's Mystery School** (MMS) we are being initiated in the 35th year in Scorpio in column AT until May 31st this year when the cycle changes into Sagittarius in the 36th year in column AU. We are dealing with God Victory over the core evil that is tied to the Wicked One, which is to say for you and I that we are dealing with our core rebellion against the Guru and our I AM Presence and his law.

This is the end of our third 12-year cycle and concludes the phase as we begin our last year of our three-year Christ mission (in MMS) culminating in the crucifixion and resurrection on winter solstice 2019 as we come to New Years Day 2020 to stand in resurrections flame to begin the Buddhic cycle of the birth of the man-child and the child-man. The main initiation is God Victory over the soul's original sin of disobedience to the Guru that led to the soul's expulsion from the Garden. The soul is come full circle having passed her initiations in the Mystery School, the soul one with her Christ, is able to meet the Serpent on the highest mountain she has been climbing and now knows the law and the cycles of initiation having followed in the footsteps of the Guru MA to the summit of the mountain as the Son, her Sun sign, as taught by Kuthumi, and has understood the lie of the Serpent logic and reasoning in the third house of those in the third decant of Aries and those in the third decant of the 1st house and their propaganda about the Guru, the teachings, the path, as well as, the purpose and principles of America believing it is what they have inherited and that they are free to fix it. The soul sees the original lie that cast her out of the Garden so long ago and she stands one with the Guru and Jesus The Christ and commands, "Satan get ye behind me". This is the test in the 36th year of the

judgment of evil in the Matter universe and the solar ring around the core of evil in the Black Hole.

This is the year of the Victory of the work of the last 36 years slaying the dweller, by the faithful who have read the hand writing on the wall of the seven messages of the Book of Revelation (6/21/1985) to the faithful who stand in Libra (6/21/2018 – 6/21/2019) in the 34th year of this cycle being stripped of their garments, having fastened themselves to the cross, the cosmic cross of white fire. As their role and service has been usurped and subverted by those who have accommodated the Guru Saint Germain these last 35 years. The soul is now prepared to meet the 11th station of the cross, as she is nailed to the cross, the cosmic cross of white fire so that the human ego (the Black Moon Lilith) can die on the cross so that the Divine ego, the Christ can resurrect at winter solstice 2019.

While this mystery is playing out in 2019, the soul stands on the path of Initiation of Personal Christhood in Leo as the soul has journeyed in her Odyssey meeting many challenges these last 35 years in Maitreya's Mystery School on the Path of the Ascension meeting the challenge of the lust for POWER and light of the Mother. Now the soul enters the secret ray initiations to publicly demonstrate the law in the initiation of the heart in Cancer moving into Leo on Feb 21st. This demonstration will be public and will demonstrate this year the God Victory over the core evil that is the Black Moon Lilith within each soul, her original sin. With victory this year comes the karmic challenge next year in the public demonstration for the third year of the transfiguration as the soul of the victors are confronted by the sense of injustice and the hate and hate creation of those Accommodators of the light and love of the Guru, in Virgo in 2020 as the Galactic alignment comes to a close and the earth and Helios emerge into the light of the Divine Mother in 2021 whose star we are approaching as we emerge from the Galactic Equator. The coming intensity of the light will cause insanity in the uninitiated, the Cain generation who still believe the lie of the Serpent about the human ego and use of technology and mechanics (machinery) to take dominion in the earth.

We emerge in 2021 when on our path of personal Christhood in Libra on our Christ Mission as we undergo the initiation of our hearts by the Holy Spirit standing before the Guru Sanat Kumara in Libra at the river Jordan to be anointed as he promised us would happen. So that we may stand in the cycle of 33 years (8/7/1991) to finish the Mission of the Summit Lighthouse in 2021 in the first of three years of the public demonstration of the law of our personal Christhood in the second coming in the initiation of our hearts that will see the miracle of the mystery of our God as these initiates bring the ascended masters names into every household in America. This must be accomplished by August 2024 when the Mission of TSL coinciding with the conclusion of three years of the public demonstration of the law to the American people by those who in those same three years fulfill their Christ Mission on the Path of Personal Christhood under the initiation of their hearts by the Holy Spirit.

This time table places those initiates in the resurrection flame as world teachers wearing the mantles bestowed by Sanat Kumara that he promised the faithful, so that by August 2024 at the conclusion of the Mission of TSL we may stand in the TSL cycle in Libra in the 34th year anointed by Sanat Kumara to gather the faithful from the homes of America and teach them so

that they may prove the law and the teachings as the American people must undergo the 14 tests of the crucifixion between August 2024 and August 2027. This is the three-year period that will see the return of Merlin as foretold by Saint Germain to cast the black magicians out of Camelot, the Modreds and the Vivians, as Saint Germain returns to Washington DC. We enter an election year five months later in 2028. As the people rally to Saint Germain to seal North America and cast the black magicians out of North America as foretold by the Goddess of Liberty.

Maitreya teaches that the cycles are to be known and Mighty Victory teaches us that this is a test and a pattern that individuals and nations must follow. It is to be known by you that you may pass your tests and be co-creators with God by knowing the cycles of your life and the divine plan of each year. Beloved Morya tells us that within the divine plan is the will. The question and the choice that each soul faces is whose *will* rules the soul; Christs or the synthetic self, the not self, the black moon Lilith. The Black Moon Lilith the creation or effects created by the core rebellion of the soul, her original sin. The crucifixion and it's 14 tests (stations of the cross) are for the shedding of the snake skin of the human ego that the divine ego, Christ may resurrect the soul as the Lamb's Wife.

Cosmic Cycles in Perspective

2019 is a year of endings. In numerology it is $2+0+1+9 = 12 = 3 =$ Birth of Christ, the end of the lesser self; it means alignment with our higher self and the Guru. It represents the fruit of the path of the Initiation of the Heart (2/21/1988) on the path of Personal Christhood (11/1/1987). It represents the oil in our lamps. It is the result of attainment at winter solstice of the Safe Passage of the soul bonded to the Guru and the soul's Holy Christ Self and of the internalization within the heart of the mantle of learning, illumination, and self-knowledge. This is the ability, Maitreya says, to recede into the secret chamber of the heart when the soul undergoes the crucifixion upon the cross. This is the inner initiation of the secret rays taught by Mighty Victory, in the Mandate of Victory on Cycles. It is the culmination of a cycle of the Class of the Solar Ring that began its 36th year on January 1st 2019 as we entered the secret ray initiation of our souls for the public demonstration of the law of what the soul has internalized of the teachings and our teacher and in the Order of the Diamond Heart, the Guru.

This is the message to the faithful that by receding into the secret chamber of the heart they can focus their attention on unerringly achieving in the 36th year in Sagittarius (of the 1984 cycles....) their divine plan's goal by communing with the Holy Spirit and assimilating the all accomplishing wisdom of the teachings given to the soul, this year. As the Faithful sit under their own vine and fig tree in the Saturn Return of the Safe Passage of Ye All and assimilate the mantle of learning, illumination and self-knowledge. This Saturn return occurred on *November 9th, 2018* in the 30th year of the cycle in Gemini during the soul's inner initiation of Christ mastery on the secret rays. This cycle changed on *January 1st 2019* onto the line of Cancer in the 31st year of secret ray initiation of the soul in the public demonstration of the law of personal Christhood. January 1st being the beginning of the 36th year of the solar rings binding and consuming the seat of the origin of evil in the soul, her original sin of rebellion against the Guru as law giver and initiator.

The solar ring is the instrument of the judgment of evil in the matter universe (began on 1/1 1984), including the core of your original sin against the Guru. This core evil is the Serpent's coil around the spine. This is its final year of its third cycle, in the 36th year of binding it and casting it into the flame. This has major implications. On January 1st 2020, we enter the 37th year in the resurrection flame of the Buddhic cycle of the sacred fire consuming this *blackness of darkness*, as described by Justinus. This corresponds with Saturn conjuncting Pluto, in the final year of the Galactic Alignment of Helios with the Galactic equator and the corresponding period of the birth of Christ. The Christ who comes forth, in the Aquarian Age in Aquarius in the 38th year in 2021 when Helios emerges from the galactic equator, Christ emerges from the rift as the Son incarnate in the second coming, in many.

Many who are ready to begin their Christ mission in Libra in the 34th year (2021) on the path of the initiation of the heart on the path of their Personal Christhood. The galactic alignment lasts 46 years for the consuming of the cause and core of evil in the Black Hole as the origin of evil, that is tied to keeping you earth bound as your original sin against the Guru. This represents the 46-year period for the binding of your dweller that stands before the Divine Mother, who travails to give birth within you, to the man-child. This represents the 46 years of labor culminating in the birth within you as the second coming. The opportunity to let go and prepare the manger will last for the next 24 months. Then the Sun/Son emerges in the second coming and the light of the Mother will increase exponentially and the opportunity to purify will become clear to everyone.

Helios and Earth emerge from the rift of the galactic equator in 2021 into the accelerated light of the Divine Mother in the Galaxy at the completion of the last 46 years of the Galactic Alignment of Helios with the Sun behind the Sun, back to the Great Central Sun. As our sun revolves around the Galactic Center currently at 1 Capricorn, our Galaxy revolves around a central Sun at 1 Libra, and so on till we reach the Great Central Sun of Alpha and Omega. This is the period given to all embodied, to return to Maitreya's Mystery School and pass their initiations with the Serpent and his (original) lie who has returned (in 2012) to strip the chelas from the guru as prophesied by Guru Ma in 1985 with the creation of the 24 Elders and the beginning of the 33-year cycle of the playing out of "many of the prophesies of the Book of Revelation as taught by Archangel Michael (6/21/1985). Prophecies of what opposes the bonding to the heart of the Guru and the passing of these initiations for the purposes of bonding to the heart of Maitreya (8/10/1985 by Goddess of Liberty). This emergence in 2021 (beginning at winter solstice 2020, during the next Jupiter Saturn conjunction) coincides with the transfiguration on the path of personal Christhood in the 33rd year in Virgo (11/1 2019 - 11/1 2020) with the completion of the three years of public demonstration of Christ mastery of the law (11/2017 – 11/2020). The soul enters Libra in the 34th year for the beginning of the three-year Christ Mission on November 1st 2020 during the next Saturn Jupiter conjunction. The soul stands in her Holy Christ Self, one in Christ at the river Jordan before the Guru in the second coming to begin her mission, at winter solstice 2020.

What needs to be understood is how the accelerated light of the Sun, Helios will be met by the darkness in the people. As the light contacts those who are not sealed in their foreheads,

the locusts are given the power to torment them for 5 months. It will cause boils and sores in those who have not purified. The light will increase to an intensity where we will know the Great Day of the Lord when all the effects and memories of evil can be rolled up and in one day the population of earth can be reduced by 75% - 90%, per Mother and Jesus.

Physically in matter we see that increased solar activity affects mankind causing *insanity*, hence the king of the locusts (Millenniums) delivered by the 5th trumpet judgment to a third of men. While the 6th trumpet judgment delivers the judgment, as the four angels released from hell gather their armies of 200 million. The intensity of the Sun is reflected by the Moon in its revolution around the earth, causing *lunacy*. That is why Saint Germain told us that when this time comes and the judgment descends upon the effects, memories, and records coming forth upon the fallen angels, to get to the mountains and the hills. He told us he would send his angels to warn us. The faithful need to be clear of their karma with the Guru, to have an empty chalice, to have the soul sensitivity in Leo of listening grace and to obey immediately. This is the test in Leo in 2019 on the path of personal Christhood in the initiation of our hearts.

Saint Germain told us to prepare physically, for four scenarios and be prepared to survive for the next 200 years. This means building community. The community of the Essenes made up of those who will sacrifice the lesser self for the good of community and to prepare souls for marriage and the nurturing and protection of the Holy Family in the heart of community, (Saint Germain) to give a home for the birth of Christ in you. So that if you have to reincarnate to finish up you will have a family who wants you and can protect you and give you a safe place to grow up in the Community of the Holy Spirit. Saint Germain said that if you serve him as a faithful servant in this life and the law requires you be reborn to finish up, he will *guarantee* you such a rebirth that you will be able to ascend in the next life. This is his promise to us.

We have been told by Mother that our priority in this life is to save our own soul because we are taught that the fallen angels are refusing to have children and that their karma is that they cannot have children, Goddess of Liberty Quarter fall 1979. So, unless the Essene communities are re-created by those trained by the Great White Brotherhood as the called-out ones trained by the embodied Guru, where will Christ be received and to whom will you pass the torch before this generation of called out ones passes away?

Between this year of endings and next year (2020) of new beginnings, mankind, especially the 13th Tribe, will enter a period where they will pass through a transformation of civilization while they themselves will under go a period of self-transformation.

This is the first in a series of documents titled, The Calm Before the Storm, The Public Demonstration of Christ Mastery of The Law: The Mandate of Victory in 2019. Coming next is an overview of the astrological highlights for the year. This will be followed by an in depth look at the light of winter solstice and the portents of the (inner) New Years Class while we attended on the outer the New Years Class of the Solar Ring, now beginning its 36th year. This journey will open up the year to you not by the intellect, but by the third eye awakening by esoteric astrology of our understanding of the Clock of Destiny, as astrology is understood by the initiates of the outer mystery schools. It takes the cycles of cosmic math and translates them by the sacred
