THE COMING CHANGES

(What follows is intended for those who would understand and apply the science of cosmic cycles derived from the teachings of the Ascended Masters of the Great White Brotherhood (of Light) as given through their Messengers, Mark and Elizabeth Clare Prophet and applied using the science of the cosmic clock and astrology. I have followed as faithfully as I can the direct application and translation of the cycles as given, understanding it is karma making to interpret. I have taken the Master's dictations to the altar and sat under my Christ Self and the Masters who tutor my soul and have applied these cycles in my own world for the purpose for which they are given, to save my soul. What follows is the product of the cycles as given by the Masters and as applied and understood in the meditation of my heart with the hearts of Mother, my Guru, Saint Germain, Kuthumi, and Maitreya. I have followed and applied this science for years. I have been compelled to share these with you that my cup might be emptied that it might be filled again and again. I have applied the science of light and the cosmic clock with my understanding of esoteric and mundane astrology to translate the hand writing on the wall of returning karma. The light flushes out the darkness. The methodology of this applied science is not given here, but the inquiring mind may understand. The methodology will be given separately at a later date.

It is my intention and purpose that you sit under your own vine and fig tree and use the material here and study the Masters teachings referenced here to enter into a dialogue with your God Presence and be God taught so as to acquire God's gifts of the Holy Spirit of Knowledge and Understanding, Discernment, and Interpretation of Tongues. Your Christ Self is your teacher. What truth lies here is only of value to you if it sets your heart to vibrate as two tuning forks that come into contact. The Truth will set you free. Your Christ Self is Truth. Seek and you will find.

What follows is for your intercession on behalf of mankind for the saving of souls and your ascension in the light.)

This is the conclusion to "The Woman Clothed with The Sun document series Parts 1 to 4."

Sun in the Omega Cycle of Cancer

Summer Solstice Sun Enters the EMOTIONAL PLANE

The Omega cycle of Cancer, Summer Solstice sets the stage for the Omega return of our soul's journey to fulfill the Divine Plan for 2019. It is the foundation of the Helios cycle of the year. The Cancer cycle of the year must be understood and where necessary corrected to move forward in the footsteps of Jesus Christ. This is the path of karma yoga. Cancer, El Morya teaches us is the line of the clock where all lines of the clock converge. The convergence forms a chalice to invoke and hold the light, *Leo-Cancer-Gemini; Virgo-Cancer-Taurus* and so on. Each of these six chalices has its own unique characteristics and contains its own challenge on the soul's journey through the year. Cancer tells us what crop is being nurtured that will come to harvest beginning in Virgo. Now is the time to counter the blight, the dweller on the threshold of our subconscious and the collective unconscious of the planetary dweller. It is time, the proverbial saying goes, "to nip it in the bud". The key to the soul's journey is to keep studying the stars and our navigation charts (everlasting gospel) and making course changes. The outer mind can know the mechanics of life and make good choices but what seems good is not always right. This is the illusion of the lower mental realm. The soul's power is the purity of her soul senses, her sensitivity, her intuition and ability to tap into the inner realm of the higher mental plane where her inner guides, her Guru and the Masters, can direct her. Course correction is the constant re-alignment with the flame blazing upon the altar within the heart. Saint Germain teaches us to try, try, try and keep on trying and you will reach your goal.

The astrology of the Cosmic Clock is the applied science of the stars for the soul's navigation on the path of karma and initiation. God Surya calls it Divine Astrology. This is how he referred to Mother's and America's astrology. It is the science of navigation of the path of cosmic cycles. It is the science of navigation of the sine wave of the soul's journey, Mother calls this the Odyssey of the soul. It is a science and an art. The art is the soul's individualization (of her victories) of the God Flame, her mastery of the stars.

SUMMER SOLSTICE
2019
THE COMING CHANGES

The sun entered the emotional plane of the planet on July 7 to nurture and initiate our emotional bodies to balance and expand our three-fold flames on the north side and at the North Gate of the pyramid of being, for the squaring of the circle. The first thing we notice is Venus on the ascendant conjunct the Sun and North Node. Venus is being initiated to receive her Holy Christ Self and the Guru and to work the works of the ages to consume the energy veil and the planetary karma, the collective unconscious of the planetary dweller. The soul is conflicted as she finds herself being tested by Neptune at 18° Pisces conjunct the midheaven opposing the soul, the Moon (the fallen feminine principle of the soul called Personality) at 17° Virgo conjunct the nadir. This opposition of the Moon Neptune conjunct the nadir-midheaven axis represents the soul's experiences as she faces her returning karma while she faces the emotional disturbances of her past mood momentums of the soul's attachment to material substance and the substance of self as taught by Kuthumi. The soul's experiences are determined by her reactions. Her reactions determine if the Master (Guru) can intervene.

The soul is conflicted as she is called to stand with the Guru and her Holy Christ Self on the ascendant to hold the balance in God Harmony [Cancer] for the actions being taken in the White House influenced by Chiron at 18° Gemini in the US natal chart, 10th house. The US Chiron at 18° Gemini is in direct opposition to the guru Jupiter at 16° Sagittarius in the sixth house. This represents the leadership of the American people in the exploration or journey which Mother calls the Odyssey of the soul with the crew being the American people and the captain of the ship, the President of United States. We as a Nation are called to make decisions as we meet the challenges in 2019 faced by the nation. The soul of the American people and of their leader is conditioned by Chiron in Gemini in the 12 house, ruling the super physical, the occult, the hidden secret societies of the occult or the collective unconscious of the planetary dweller manifest in the occult black brotherhood of the planetary dark forces. This is the illuminati that governs the secret government behind the nation(s). This encounter of the Odyssey of the soul of the nation is for the breaking of the illusion of the challenge we face as a nation with this power elite that controls the lifeblood, the very mind and hearts, of the nation. We have been *told of old* that they are now whited sepulchers. Before the Christ and the Buddha, Mara's only power over life is illusion. This illusion is spun by Neptune on the midheaven, in (ruling) the White House, over the White House, that is to say in control of the White House.

SUMMER SOLSTICE
2019
THE COMING CHANGES

Christ and the Buddha defeated Mara, the illusion set by the planetary dweller on the threshold by wise dominion, of illumination flame that consumes ignorance and imparts wisdom, as taught by Lord Maitreya. The American people in 2019 are gearing up for the elections in 2020. They are called to come apart to be a separate and chosen people elect unto God and to elect their Christ representatives in 2020. The only thing standing between the soul and her victory is her karma, the midheaven-nadir axis at 17 Pisces and 17 Virgo conjoined Neptune and the Moon. The challenge the soul faces is the intoxication of the people in the illusion of the promise of the outer world, the materialization of the Babylonian civilization, in 2019. It is an illusion. It is CGI, carefully controlled, contrived Matrix.

Revelations tells us this illusion (spun by Neptune) and its core rebellion (Uranus) is the product of the opening of the pit and the incarnation of the current world population flooding the planet. Increasing world population since 1990 by 2 over billion of the seed of the fallen ones released from the bottomless pit. You can check the numbers, in 1940 the population of the planet was approximately 2 ½ billion, by 1990 it had doubled, and by 2018 it had increased again by 50% more, to over 7 billion. Revelations tells us in January 1990, chapter three verse seven, in the message to Philadelphia, the church in revival...because you have kept the word of my patience, I will keep thee from the hour of temptation, which shall come upon the world, to try them that dwell upon the earth. Him that overcometh will I make a Pillar in the temple of my God... This world population is come to test the faithful, to choose Christ or Antichrist to rule the kingdom.

In less than 80 years the population of the planet has increased by 5 billion. This is the end time; they have been released from their chains (in Hades) to be given a final opportunity. They are living the illusion Neptune; the Pale Horse and Hades follows. We were warned and told to prepare for this generation 2000 years ago. Their illusion is *the lie* of the Beast, Babylon the Great and of Rome. Their illusion is the lie of the Harlot, the anti-church. The lie is that God and Christ are separate from man, that man is a sinner. Profess Christ, your chelaship and be saved. Mother taught us the folly of this. Helios and Revelations teaches us that we must use the retrograde periods of the planets and the intercepts of the signs to self-assess and self-correct our "Path" and our "Hearts" to keep aligned to the Galactic and Cosmic energies that are initiating our souls to align and integrate our soul with our Holy Christ Self, in the alchemical marriage of the bride and bridegroom. We are called to awaken, wake up to the inner man, shun the outer man.

The planetary evolution is *being given a final opportunity* to choose life or death. The sons and daughters of God are given the opportunity to meet the forces of evil, having assimilated the Christ, and to return to the garden to defeat the serpent. We are called to defeat the last enemy, death, in the crucifixion, by resurrections flame. Saint Germain has told us that every golden age has fallen by materialism. This is the illusion that the solution to free will can be solved by the human will instead of God's will. The illusion is founded on the lie that there is no relationship to cause-and-effect; that *man's consciousness* does not affect the planet or the solar system. The implications are that the inverse is true, that the planet and the solar system has no effect on man. Therefore, man can take control of his own environment irrespective of the natural environment. This is the great lie and it has many ramifications. The lie states that man

THE COMING CHANGES

has no greater law, he is in fact the law, a law unto himself. Therefore, man can *take* dominion over the earth, and we are, the serpent mind reasons. So, join us and live. This is the lie and the threat of materialism. It states that God does not exist. This is the sin against the Holy Spirit in man. This taking, is the taking of heaven by storm, a sin against the Holy Spirit.

The sons and daughters of God face the challenge in the Odyssey of their souls in 2019 of the lie of dialectical materialism, ruled by Neptune *the great illusionist of the mind*. In esoteric astrology Neptune rules, the higher octave of Mercury, the higher mind. This is the causal body of Neptune and its influence on the planet is causing the evolution of the race, elevating it to the maturity of personal Christhood, the individualization of the God Flame. This is the initiation of the soul on the path of the Ruby Ray, seven initiations as taught by Sanat Kumara. These seven initiations are mastered through the mastery of the seven rays that Mighty Victory teaches demonstrates the mastery of the four cosmic forces, the four planes of matter over the four lower bodies. This is the mastery of the seven rays in each of the four lower bodies. Seven years to master each, a total of 28 years. The soul having mastered the four planes of matter and taken dominion over her four lower bodies, in harmony, God harmony of the four-petal chakra of the base of the pyramid by the discipline of the diamond heart then faces the mastery of the five secret rays. This, Mighty Victory teaches is for the demonstration of the mastery of the power of the heart, the secret chamber of the heart the eighth petal chakra by the mastery of the Ruby Ray, the eighth Ray. The conclusion of this 33-year cycle of mastery is for the Transfiguration. The Transfiguration is followed by the three years of the Christ mission to prepare the Christ for the crucifixion and the resurrection to follow. This cycle begins anew each century. It started a new spiral of Christhood in 2000. We are in the 19th year in the Leo year, the sixth year of mastery over the emotional plane and our emotional bodies. This cycle of initiation will determine, Mighty Victory tells us, if Christ will be born in the initiates by the 29th year (the start of 2028) who will publicly demonstrate Christ mastery, undergo the Transfiguration and prepare for the ascension by 2033. This will, Mighty Victory told us, determine if Christ will manifest on the planet in this century (21st).

Mother teaches us in her lecture, “The 2000-Year Ride of the Four Horsemen” { see the reference at the end of the document } that the soul stands in juxtaposition between the forces of light as the individualization of the God flame, the alchemical marriage of the soul to her Christ self and the forces of darkness, the soul’s synthetic self, its carnal mind, its dweller and must choose between everlasting life and the second death. This is the journey’s challenge of the Odyssey of the soul in 2019. Cycles are ending for all living on the planet in 2019.

Neptune conjunct midheaven is trine the Sun conjunct the North Node in Cancer. Mother Mary teaches us that Cancer expresses its positive characteristics (of Cancer) in Pisces, as the God Mastery of the water body, the emotional body, the astral plane. The Sun-North Node conjunction in the second decant of the first house exalts the God Flame and works the works of the ages, standing in Pisces on the midheaven in the Christ mind expressing the causal body of Neptune and invoking the power of heaven to eclipse all opposition to the electronic belt of Neptune *the great illusion*. This illusion is being called today *the great transformation of the counterrevolution* that is underway to counter **the Coming Revolution in Higher Consciousness**. The soul invokes the power of heaven to turn back the tide of world communism

THE COMING CHANGES

assailing the devotees and the patriots of America and the I AM race in Hong Kong, Taiwan, and Tibet and all nations sponsored by the Great White Brotherhood.

The Son of Man, the true Christs stand on the East Gate with two Messengers and the two Witnesses to consume, by illumination flame in Pisces *the illusion* of the electronic belt of Neptune that is *the tide of world communism*, **Wormwood**, that is the sleep of death that has clouded the minds of the people by the mass hypnosis of virtual reality. This virtual reality began as television and now has become the electronic realm of Uranus. The people's minds are being programmed to a virtual reality that is out of alignment with the cosmic energies bathing the solar system and the planet, for the evolution of our souls. These cosmic energies are for giving birth to the continuity of the word, the incarnation of the word in the devotee and the people who have assimilated the word over the last 32 years and beyond. These are they who have been called to stand in the earth as their Holy Christ Self, who stands in the secret chamber of their heart upon the altar of the temple and invokes illuminations flame to become the light of the world in the dark night of the spirit as we approach *the final hour* of the judgment.

Mother taught us in 1996 that her chelas must keep the fire of the heart manifest as the fiery decrees or over time in the coming decades we would become separated from her even though we would claim to be her chelas. This fact requires an annual self appraisal, a continual course correction to stay in alignment. Jesus taught us *at Easter 1993* about the heart becoming stagnant as the soul faces the vicissitudes of life on the path. Venus at 4° Cancer is in the third decant of the 12th house, the *vicissitudes* of life on the path (the sine wave) that we would need to be one pointed in the Order of the Diamond Heart to save America. Kuthumi teaches that the soul masters the influences of the moon on their emotional bodies and their water body [water trine] by invoking the power of the Solar Hierarchies of the Sun to consume attachments to material substance and the substance of self. Kuthumi teaches that by erasing the face of the lesser self from the mirror of the moon mother, the soul sees the face of the Cosmic Virgin. We have been taught that Guru Ma is the daughter of the Cosmic Virgin. We have been taught that with God all things are possible. We have been taught by Mother that she will return. Only those who have erased the face of the lesser self from the mirror of the moon mother will see her in the second coming, of Christ in you.

The soul is called to demonstrate the mastery of the water element, Neptune on the midheaven in Pisces trine the North Node conjunct the Sun in Cancer. The soul is journeying through the solar plexus of the Pisces Virgo axis as *the soul's reaction*, God Harmony (Cancer) is being tested by Neptune **between April 29th 2019 when it entered the 18th degree until January 22nd 2021 when it leaves the 18th degree**. The soul is called to pass through this window of her karma in God Harmony as she faces Pluto in the third decant of her 7th house to expiate her karma, standing independent of those out picturing the Saturn South Node conjunction at 17 Capricorn and slay their dweller, Pluto at 22 Capricorn. The soul stands on the Pisces Virgo axis in Cosmic Christ Peace, having invoked illumination flame that consumes ignorance and imparts wisdom, wise dominion over the dweller, as taught by Lord Maitreya. This is the positive outplaying of the Sun North Node trine Neptune midheaven and in polarity to Saturn South Node at 17 Capricorn [the latter is sextile Neptune midheaven].

SUMMER SOLSTICE
2019
THE COMING CHANGES

The key to passing our initiations is given by the Lord Maha Chohan, he states, “that those who accommodate the Guru will out picture the four Horsemen [the electronic belts of] Mars, Saturn, Uranus, and Neptune. These are, he says, the testers, Mars is the trigger for these tests.” This means that those who assimilate the Guru are tested by those who accommodate the Guru. Revelation teaches us that this occurs as the dweller comes out of the bottomless pit, the unconscious and subconscious of the chela and the people. Mother and the Masters teach us, that their dweller attacks the Christ in the faithful chela. Revelations teaches that they kill the messengers [Mother’s lecture, “To Kill a Mockingbird or 100 Ways to Kill the Messenger”].

Neptune’s casual body is initiating the soul in the higher mind, the Christ mind that is filled with the consciousness of God, the super consciousness of the etheric plane and of the soul’s higher etheric body. Whereas, the electronic belt of Neptune in Pisces, which rules the super physical and the occult, manifests in the *Accommodators*, as the records of death of Pisces rises from the subconscious into the consciousness, as the Pale Horse, Death and we are told Hades follows [see Revelation chapter 20 verse 5]. These Four Horsemen are the outer man-in-festation, the infestation in man of the dweller.

Those who stand on the midheaven in the 10th house in the organization, ruled by Capricorn in the seventh house, that are out picturing the Four Horsemen in the confrontation with the dweller on the mountain with Maitreya and Satan (Saturn) while standing at the Y in the road, are being overtaken by their dwellers. These latter are unable to organize against the forces moving against the community and the nation as we have seen throughout the history of these last 25,800 years. The former are those who pass through the Cosmic Christ Peace and leap into the secret chamber of the heart and as Morya taught us, bend as the reed when the winds of the Holy Spirit come as the judgment while the mighty oaks are uprooted.

Maitreya, Morya and Mother teach us to call to the Masters and Archangel Michael daily to bind our dwellers and the Masters will step in to fill the vacuum until the soul is ready to slay the dweller. Maitreya teaches us that some fail to call upon the Masters for the binding of the dwellers. This is the price to be paid for exalting the human ego and its pride that once again plays out the lie of the serpent in the mystery school. ***The lie that the soul can do it her way, and that doing it her way, the better way, is the path of initiation.*** God has told us that the soul has the choice to be initiated by God on the path of the way of Christ or to be initiated by the fallen angels who will rule them. The lie is the great illusion of Neptune, the carnal mind and the reasoning of the Serpent logic and its subconscious motives. This is the super physical occultism of Pisces in the 12th house of that which is hidden beneath the surface of consciousness. As the Serpent initiates the soul in the outer organization, of their secret societies or associations that are ruled by Uranus. This reasoning of the serpent mind is ruled by Gemini, the black brotherhood of the Egyptian priesthood come again as a Brotherhood of the Black Raven. This brotherhood resurfaced in Germany in the late 1700s and has given birth to the illuminati and the Rothschilds central banking empire that funds wars of global conquest, of the Imperial Nephilim empires. America declared their independence from this Nephilim planetary conquest that began with the Dragon’s revival of the beast of Rome as taught in Revelations. The Nephilim tried and were exposed and challenged by the Great White Brotherhood, last century (Nazis, Marxist Russia and China). Now, they have been resurrected by the Dragon of the planetary Dweller on the Threshold, in the Capitalist Imperial China of today.

THE COMING CHANGES

Summer Solstice

Sun Enters the PHYSICAL PLANE

The Sun enters the physical plane in Cancer on July 15, 2019 see *figure 4* on page 9. Now we see manifesting in the physical at summer solstice what is being nurtured by the soul, those who are one in Christ and by those who are as Dr. Jekyll and Mr. Hyde. We also see what Helios has come to earth to do in the 36th year of judgment of evil in the matter universe, manifesting on the planet.

Venus North Node in Cancer is opposed by Saturn South Node in Capricorn forming a T-square to Mother's Sun in Aries in the 12 house. This speaks of the relationship of the Guru to the *assimilators* of the word [Venus North Node] and the *accommodators* of the word [Saturn South Node].

Helios of the Sun at 22° Cancer in the second decant of the third house has come for the judgment of Pluto in the second decant of *the ninth house*. Helios stands with the devotees, Venus North Node to hold the balance in the earth by illumination flame invoked from the higher mental plane within the secret chamber of the heart and anchored in the earth to consume ignorance, the poison of ignorance in the ninth house of Saturn, the Dragon and *the personal and planetary dweller on the threshold of consciousness, Pluto*. Helios has come to initiate the devotees in the seven initiations on the path of the Ruby Ray to bind the Beast out of the bottom the pit, Pluto and their king, Abaddon [1° Scorpio in the second decant of the sixth house, the unjust stewards, the clock of Betrayers]. The light is descending for the initiation and the testing of the devotees in God Harmony as they face the returning karma on the Nadir of who rules the soul in Leo, Christ or Antichrist, in these elections, the outer man-i-festation. The karma returning is of the records of the insensitivity of the soul to God and man. The karma is the soul's attachment to the substance of self as mood momentums of emotional disturbances triggered by Mars, as self-love. These records must be cast into the flame, or Vairochana teaches, it will poison the consciousness of the personality, exalting itself as god, as seen in Daniel's dream, chapter seven.

Venus North Node must stand in the first decant of the ninth house in the discipline of obedience to the souls intuition as she faces those who out picture Saturn and the Dragon's tail, the backlash of the ego poisoned by the volition of self will and its envy and jealousy of the true devotees devotion to the Guru, the God flame and the reciprocal love of the God flame for the devotee. This manifests through Saturn South Node in the second decant of Capricorn, the martyrdom or persecution of the true devotee by the ego of those in the priesthood in the ninth house who are the devotees of the ego and the energy veil, Pluto. This is the initiation in 2019 in Leo, the 32nd year on the path of personal Christhood in the initiation of the heart by the Holy Spirit. These spiritual initiations delivered as the cosmic cycles, play out through the astrology of the soul, through the planets and the signs, their angles and houses. This is El Morya' great drama. It is the story of the evolution of the soul.

THE COMING CHANGES

Venus on the North Node, stands in *uncharted* territory. The faithful soul Venus stands on the North Node *to experience something new* as she faces Saturn South Node, the Satans and their backlash of the Red Dragon's tail. As their Christ Self fastens himself to the cross at the center of the ascendant-descendent and the midheaven-nadir axes, the cosmic cross of white fire. The soul, Maitreya and Archangel Uriel teaches us, speaks the truth into the lie by the fire of the heart and then is silent as she enters the secret chamber of the heart as the elders lead them away, as Archeia Aurora teaches, they led Mother away. Maitreya then teaches that the soul must recede into the secret chamber of the heart and commune with Gautama Buddha *or* she will remain in the outer consciousness to be crucified by those who have fallen on the mountain in Capricorn.

The soul, Venus, having assimilated the blood of her Christ self understands the 22 steps of Revelation and by her intuition interprets Revelations and knows by the Holy Spirit in Pisces by the Christ mind of the causal body of Neptune, the prophecies playing out in the Book of Revelations and in the Book of Daniel. The soul knows what is coming upon the earth as prophesied by Nostradamus. By this revelation, the soul willingly fastens herself to the cross in the full knowledge of the resurrection and the fulfillment of the destiny of the soul, the ascension.

Venus stands at 14° Cancer conjunct the God Star Sirius conjunct the third house cusp at 13° Cancer conjunct the United States conceptual Sun. The soul stands, the disciplined one, in the white fire of the fourth ray in Cancer, squaring the circle of their astrology, creating the foundation of their pyramid. The soul of Venus knows the God Reality of the path and the promise of balancing her karma by the balancing of the threefold flame on the four sides of the four lower bodies of the pyramid of being, raising these [4 sides] to the capstone. The soul of the awakened one is rising to meet the Guru, who is returning, in the capstone. The soul is preparing for the alchemical marriage with the Christ self to receive the guru as the Chela with the big C. This is the initiation of the heart in the 32nd year in Leo on the path of personal Christhood. The soul is preparing to be anointed, by the return of the guru at the river Jordan in 2021.

Venus stands on US conceptual Sun conjoined transiting Sirius at 14° Cancer to hold the balance for the birth of Christ in the American people and the I AM Race, worldwide. These are those who stand between 29 Gemini and 6° Cancer to form the six-pointed star that Mother tells us is always the sign and signal of the incarnation of the word. The six-pointed star is made up of those in America and the world whose astrology (returning good karma) occupies between 29 Gemini and six Cancer, with Uranus, the Black Moon Lilith, the Watchers [Cupid], the Moon and Apollyon at 1° Scorpio, and Transpluto at 1° Virgo. Venus keeps the vigil through the dark night of the spirit for the birth of Christ in the American people and the I AM Race by standing on the mountain and casting down Satan, the Dragon, the Serpent on the East Gate, and the planetary dweller of all who are tied to the Wicked One through Apollyon, who are the false hierarchy of the Ruby Ray on the North Gate. Venus upholds the arms of the Guru in the third house in the judgment, as the 12 tribes of Israel meet the challenge of the illuminati, the planetary dweller on the threshold who would destroy the church and the nation.

SUMMER SOLSTICE
2019
THE COMING CHANGES

Venus ratifies the judgment of Helios and raises the right hand of the Cosmic Virgin in the judgment of those who stand in Capricorn in the 10th house who have chosen to follow their dweller instead of Maitreya on the mountain, as they did on Atlantis at the end of the Golden age when they rebelled against the Christ rule of the Emperor Jesus [80% of the population of Atlantis rebelled]. These Atlanteans are reborn and living today on the planet for their final opportunity.

Pluto stands in the second decant of the ninth house, as **the challenge** that we face in 2019 on the Odyssey of our souls, as we stand with Maitreya to pass our initiation on the mountain (of God Consciousness or of our karma). Maitreya teaches us to call upon the sword of the Cosmic Virgin to slay all that assails the birth of Christ within you and the American people and the I AM race worldwide. We are called to slay the dweller in the third Decant of Capricorn, the true ideal, the ultimate goal of the path, the price to be paid for the resurrection and the ascension.

We are called to cut the people free [the Moon] from the Watchers at 29° Sagittarius in the second decant of the eighth house. It is the responsibility of the devotees to do this in order to pass their initiation on the mountain with Maitreya. This is a prerequisite to cutting the souls of the people free so that they may balance their karma with the Guru, Jupiter at 15° Sagittarius in the third decant of the seventh house. The people must be cut free so that they may rally to Saint Germain for the fulfillment of the mission of the Summit Lighthouse beginning in 2021. The beginning (2021) of the final 3 ½ years of the mission of the Summit Lighthouse to bring the Ascended Masters names into every household in America, so that the 10% might rally to Saint Germain, who returns as **Merlin** to cast the black magicians out of Camelot. The Goddess of Liberty tells us that we are to cast them out of North America and God will seal the Western Hemisphere as the black magicians flee to Europe where they will receive their karma.

This sequence of events relates to the American people cutting their ties and balancing their karma with the Watchers (Illuminati). This is done in preparation for their rallying to Saint Germain who returns, as the American people prepare for the coming elections in 2024 following the completion of the mission of the Summit Lighthouse (in August). In November 2024 they will elect Christ to the Office of President of United States of America and the people who have rallied to Saint Germain will rally to the President to seal and defend the Western Hemisphere under the protection of God, as the Tribulation, the seven last plagues descends upon the fallen ones on Terra.

The people must be cut free from the Watchers [29 Sagittarius]. They (Watchers) work through the human ego of those individuals in every activity who are blinded by their karma becoming mentally and emotionally dense so that they cannot distinguish their own thoughts and feelings from those that come from these dark ones. The brain has two hemispheres corresponding to the lower mental and higher mental planes. The lower spirits as *the princes of the air* occupy the lower mental plane and (carnal) mind while Christ rules the higher mental plane and is always able to defeat the princes of the air. The soul, one in Christ is able by listening grace and her fidelity to meet the challenges in the 9th house and conqueror, in Christs

name and by his flame, the Beast (dweller), as she calls to the Father in Cancer to bind and remove them (Watchers or Illuminati), as did Rai Ernon.

The message of the Sun through Mercury at 2° Leo is to let Christ govern the soul and defeat by God Mastery the challenges in the ninth house, of the planetary dweller of the international capitalist communist conspiracy on the West Gate. By God Mastery the inner man is able to conquer *the outer forms* of the outer man, Saturn conjunct South Node. The Christ mind on the higher mental plane sees the cause and core behind the effects of the evil forces working through man on the planet. The Christ calls for the binding of the cause and core of the archetypal pattern of the **Beasts** that uphold the Babylonian civilization that extends its tentacles through the financial and banking systems on the West Gate. Arrest the spiral of the curses and the grave cloth that binds the soul to the earth. This is the action Kuthumi teaches we must take when the Sun and moon are in the physical quadrant or phase.

The current cycles began in 1990 when the dark cycle entered the physical plane. This is when karma we created *began returning immediately* into the physical. Since 1990 we have seen a drastic increase in world population, an increase in the national debt, an increase in technology and the control of the people. We have seen an increase in the power of world communism and its threat despite all appearance of its defeat in the late 80s. We have seen the dismantling of America, from space to Main Street and Wall Street and of the US military. We have seen the transfer of industry and manufacturing, banking and finance from America to the Third World.

Much is being said about the current and coming astrological configurations. I will address these configurations in great detail in time. Today people talk in absolutes. This means there is only one view, one perspective. This is dialectic materialism. It is defended by intellectual pride and emotional and mental tyranny.

There are a number of themes that are emerging throughout the astrology of the soul's overcoming (esoteric astrology) and the karmic astrology of the soul's psychology of making her way in life as she bears her yoke or gets (forces) others to do so.

1. First topic: The Guru, the teacher(s) is coming. The world will soon be changed forever. Some know this as the "*Coming Revolution in Higher Consciousness*". While others call it the *Great Transformation* of society and politics. The guru Jupiter is coming to deliver the judgment and the promise.

What will happen when the guru comes? What happened when Elijah came again as John the Baptist to anoint Elisha? Or when Moses came down the mountain? What will happen when the Cosmic Christ comes? It will be preceded by the second coming in man. We will see him because we have been told, we will be like him. Who is this Guru?

We have been told that Jesus will come again. We have been told that Mother will return. We have been told that Saint Germain will return, as Merlin returns to Camelot. We have been told that El Morya is the Once and Future King. We have been

told that the coming of the Cosmic Christ could manifest as a nuclear first strike against America. This we are told occurs because the people have rejected their God. We have been told that the nuclear strike will occur on the 45th parallel, by Nostradamus.

The Guru Jupiter is in Sagittarius. Jupiter enters Capricorn on December 2nd, 2019 for five days at 0° Capricorn. Jupiter leaves Capricorn on December 19th, 2020. Jupiter conjuncts the Watchers on December 4th, 2019. Jupiter conjunct's the Dragon's tail on January 6th, 2020. Jupiter conjunct's Pluto on April 4th, June 30, and November 12th of 2020. Jupiter conjuncts Saturn at winter solstice December 21st, 2020.

2. Jupiter Saturn cycle ends what began on May 28, 2000 during the mega conjunction in Taurus that delivered the prophecy of the consequences of the choices made during this mega conjunction in Taurus at the end of a millennium and of the Piscean age. This is the prophecy of the Book of Revelations chapter 11 verse five. It is the message to the Gentiles, those who are called and chosen to serve the Guru and the community and those who are called to America to serve Saint Germain, to defend this Christ nation, to give birth to Christ in man and their own soul. Many are called but few are chosen.

This date May 28, 2000 is a milestone on the soul's journey as we stood at New Year's Eve 1999 in Revelations chapter 10 verse 11. We awoke on New Year's Day, January 1, 2000 with a new blank page laying before us as we stood with the Messengers of the seventh angel to fulfill our destiny. We stood prepared for the crucifixion of the Guru and her chelas. We stood to fulfill the promise of the birth of Christ and the first resurrection. We received the Divine Plan on January 1, 2000 of the 21st century and the birth of Christ as taught to us by Mighty Victory that will be determined in the first 33 years of this 21st century. We stood on the cusp of the new Saturn Jupiter conjunction on May 28, 2000 concluding that which began in 1980. The conclusion of the writing down of the Everlasting Gospel, the mysteries of God, should be finished, "as he hath declared to his servants, the prophets." [Revelation chapter 10 verse 7; this occurred by July 21st, 2000, during the July Class of 2000].

In the year 2000 we stood in our personal karma in the 1998th year of the dark cycle. What ended on May 28th, 2000 began a new 20 year cycle of Jupiter Saturn, characterized by the mega conjunction in Taurus, of the rebellion of those who were called and chosen and of the remnant of the faithful called to fulfill their destiny and to be tested by those who have accommodated the seventh angel and his prophets in the church and in the nation at 10° Taurus with one minute orb of separation. On May 28th, 2000 we had chosen our roles and our path for the next cycle of initiation, of the Jupiter Saturn cycle on the Odyssey of our souls return home.

This journey that we began in the year 2000 is nearing conclusion. We stand in August 2019 at the Y in the road on the mountain with Maitreya (Saturn's causal body) and the Satan's (Saturn's electronic belt) with less than 17 months until the conclusion of this cycle of the birth of Christ in the second coming midst the chelas and the people.

THE COMING CHANGES

The soul stands facing the greatest challenge on the journey home. The challenge on the mountain with Maitreya at the conclusion of the 20-year journey of self-mastery over the lesser self (dweller) having submitted in Taurus to be governed by Christ on May 28th in the year 2000. We stand in the summer of 2019 watering the crop of Christ Mastery over the Antichrist, the lesser self (our dweller) that declares its independence from God, the doer. We are called in the next 17 months to slay the lesser self and cast the soul upon the rock of Christ in the Transfiguration. We are called to slay the Black Moon Lilith, the soul that rejects the Christ and the love of the Divine Mother. This great drama of the next 17 months will play out as Jupiter transits Capricorn. Come to wage the final battle of Armageddon within the souls of the called-out ones chosen to be the first fruits, in the church, and in America.

These are they who have been called to embody the mysteries of God delivered by the seventh angel through his prophets. They are called to fulfill their destiny for the judgment of evil, the energy veil and planetary karma known as the reign of the Gentiles and their false gods of the false hierarchy of the Ruby Ray [*see the Ritual of Exorcism numbers one through eight*]. They are called to embody the God Flame to consume the Beasts and the Scarlet Woman who rides the Beast of Babylon the Great and the anti-state and anti-city and the anti-church and its anti-apostles and false pastors as taught by Sanat Kumara to the initiates on the path of personal Christhood in the initiation of the heart by the Holy Spirit of the seven initiations on the path of the Ruby Ray.

Mark your calendars and prepare for the coming challenges. Stand with the Guru in Sagittarius and claim your victory in 2019 over the Watchers [December 4, 2019] and the soul's tie to the vortex of evil in the matter universe. Prepare for the sealing of the victory at winter solstice 2019 as the Sun conjunct's the Watchers and the coming announcement on New Year's Eve of the brand-new page of January 1st, 2020, the judgment of the Watchers in 2020. This judgment will play out upon the Watchers and their civilization, their political and economic controls and upon all who are tied to them.

2019 is given to cut the tie and to come out of her or receive her karma, Revelations chapter 18 verse 4. This judgment will play out, as many astrologers are describing, as a transformation of society and politics. El Morya has taught us [*see the three-part document for the cycles playing out in the summer of 2018 at Cosmic-Clock.com*] that the Modreds [plural] must have **their say**, they must act, El Morya tells us in order that the law be fulfilled and that all that is written come to pass, see Revelations chapter 17 verse 17, that their crystal cords and three fold flames may be reduced.

There is a great drama to be played out and you are called to play your role. You are called after decades of training and initiation to rise to the stature of your Christ self, to cast out the black magicians from Camelot and North America as you rally to Merlin and the Once and Future King, as the hour has come for the fulfillment of the coming of that Future King and *the return of his prophets* who have been laying in the street for three days slain by the Beasts, the dweller on the thresholds, of the called out ones. This is the prophecy of Saint Germain and the Goddess of Liberty. You are called to fulfill the

prophecy and to stand in this hour as the son and daughter of solitude as taught us by Kuthumi. Read Phyllos the Tibetan and the Bible to understand the meaning of God with us as we face the coming challenges threatening the church and the nation.

Look to no one, only to the God flame within the secret chamber of your hearts to meet the challenges that are coming upon this nation and this church and call upon the Lord to take dominion. We have entered the age of miracles and you are and will be their witness.

We are being called to meet *fire with fire*. We are called to meet ***the challenge of the fire from hell with the fire from heaven***. We have been called and chosen we have been trained and initiated and tested. We stand in the Helios cycle of 2019 prepared for what is coming upon the earth and to rally with the Guru and return to Capricorn [solar return] to carry out the Divine Plan of God as his instruments, as your Divine Plan and solar return of your birth cycles congruent with the Divine Plan of January 1st of each year. God works through people and events. You are his chosen people and he walks in the earth through the flames in your hearts and carries out his divine plan through the events that are coming upon the earth.
