**THE WOMAN CLOTHED WITH THE SUN**  
**AND HER MANCHILD**  
**PART 2 OF 5**

(What follows is intended for those who would understand and apply the science of cosmic cycles derived from the teachings of the Ascended Masters of the Great White Brotherhood (of Light) as given through their Messengers, Mark and Elizabeth Clare Prophet and applied using the science of the cosmic clock and astrology. I have followed as faithfully as I can the direct application and translation of the cycles as given, understanding it is karma making to interpret. I have taken the Master's dictations to the altar and sat under my Christ Self and the Masters who tutor my soul and have applied these cycles in my own world for the purpose for which they are given, to save my soul. What follows is the product of the cycles as given by the Masters and as applied and understood in the meditation of my heart with the hearts of Mother, my Guru, Saint Germain, Kuthumi, and Maitreya. I have followed and applied this science for years. I have been compelled to share these with you that my cup might be emptied that it might be filled again and again. I have applied the science of light and the cosmic clock with my understanding of esoteric and mundane astrology to translate the hand writing on the wall of returning karma. The light flushes out the darkness. The methodology of this applied science is not given here, but the inquiring mind may understand. The methodology will be given separately at a later date.

It is my intention and purpose that you sit under your own vine and fig tree and use the material here and study the Masters teachings referenced here to enter into a dialogue with your God Presence and be God taught so as to acquire God's gifts of the Holy Spirit of Knowledge and Understanding, Discernment, and Interpretation of Tongues. Your Christ Self is your teacher. What truth lies here is only of value to you if it sets your heart to vibrate as two tuning forks that come into contact. The Truth will set you free. Your Christ Self is Truth. Seek and you will find.

(What follows is for your intercession on behalf of mankind for the saving of souls and your ascension in the light.)

***Summer Solstice 2019:*** Part 2 of 5

*This document Summer Solstice 2019 The Woman Clothed with the Sun has been divided into five parts. This is Part 2, the second of five, Summer Solstice.*

*Part 1, Helios Cycle of The Year*

*Part 3, Sun in Etheric Plane of Cancer*

*Part 4, Sun in Mental Plane of Cancer*

*Part 5, Sun in Emotional & Physical Planes of Cancer*

Our soul stands in her etheric body to receive the Sun who comes bearing the divine plan of the Father's will delivered at solstice by Helios who takes up the torch from Lady Vesta who has born the flame since winter solstice and now places the torch for the year upon the altar at summer solstice. Helios delivers the judgment by carrying out the divine plan of our Father's will and by our Father's authority and office of the Lion on the North Gate on the Six O'clock line of the solar hierarchy of Cancer. (*see figure 1*)

Our soul stands on the North Gate in the seven initiations of the Ruby Ray to carry out the judgment of our Father delivered by Helios upon our own dweller, by the divine plan of his will. This is the fulfillment of the opening of the seven sealed scroll, playing out year upon year until all is fulfilled. Each one is given a sacred labor to develop the heart as she balances her karma with those with whom we serve or meet on the way. As the heart develops, karma is balanced and the reward given...greater service, a greater dharma. Your destiny awaits, your final service of this your final embodiment, as we walk the path, the Path of Personal Christhood, of slaying our dweller and balancing the three-fold flame. The Path began for all called to this activity on November 1<sup>st</sup>, 1987. We are now in the 32<sup>nd</sup> year in Leo, Mighty Victory teaches us, for the public demonstration of the mastery of the law over the dweller, by the five secret rays. This is in preparation for the 34<sup>th</sup> year in Libra in 2021, when we will be found at the River Jordan standing before the Guru, to be anointed, to begin our Christ Mission, three years to prepare *for the crucifixion and the resurrection*. These three years begin as the Galactic Alignment ends, concluding a 46-year period of our preparation for our mission having bound our dweller. These three years coincide with the last three years of the Mission of the Summit

**PART 2 OF 5**

Lighthouse that began on August 8<sup>th</sup>, 1991, ending in 2024. Some must be ready, ready to be anointed, and to go forth to awaken a nation, America until the prophecy of the mission of the Summit Lighthouse is fulfilled. That the Ascended Masters names will be known and spoken in every house in America (by August 8<sup>th</sup>, 2024).

The final confrontation between absolute good and absolute evil within each one is fast approaching. We have been prepared; God is ready. And whether we stand in 2019, *as Mark Prophet did, our ever-present Guru who told El Morya, "I am not ready" or as Guru Ma did, crying out upon the rooftop in Boston, "Saint Germain, you have got to come and get me"*, the relentless wave of light is coming, its intensity and vibration is increasing and like the violet flame decree session during the July class, led by the Angel of the Violet Flame, we must increase in vibration and frequency to meet the oncoming wave of light. We must come out of her, the anti-church and their anti-apostles and false pastors - of the non-focus on slaying the dweller and balancing and increasing the flame of the heart or receive her karma. We must increase in light, and to be found in the light. We must balance our karma of rebellion against the guru and the law of our Father before the wave as an avalanche reaches us or as Archeia Aurora teaches us in *Vials of the Seven Last Plagues*, the return of Guru Ma will manifest as so great a pain and suffering in the four lower bodies as the light contacts our darkness, our lesser self (our dweller as taught by Kuthumi) and her baggage. Prepare in earnest. The wave is cycling through the four planes of matter to the physical, even now. Saturn and Jupiter are cycling into and through Capricorn to force us to confront our dweller, PLUTO, in 2020.

Helios has come in 2019, to inaugurate the 36<sup>th</sup> year of the judgment upon the power elite and their vibration. Those who have taken power to themselves in church and state. That is to say they who have taken the power of the light of the Masters and Uncle Sam to elevate their human (dweller) egos. Astrology teaches us that the Sun rules all Rulers, Presidents, the power elite, the ruling class (click), the corporate class, and the wealthy class. Astrology teaches that Jupiter rules the clergy, ministers, pastors, all people in authority and of distinction; lawyers, judges, captains of Industry, merchants, and bankers. This includes all those who have been called to the office of the Son, the office of Christ.

Helios comes as Jupiter, moves into Capricorn on December 2<sup>nd</sup>, 2019. Jupiter represents the lineage of the Guru, the entire spirit of the Great White Brotherhood come to deliver the judgment of Helios upon the planet, the power elite and all tied to their vibration (Rev 18:4). Jupiter is also come to deliver the teachings through his chelas to a world waiting. The Guru is coming. Anticipation is in the eye of the beholder.

### **Astrology of Summer Solstice – Helios Cycle of 2019**

This document will look at the Sun in Cancer (*see figure 1, page 7*). We will look through the eyes of the Sun as it transits for 28 solar days, 4 cycles of seven days in each of the four planes of matter in the earth. We will look at the Sun's initiation and testing of the four lower bodies of the people of earth. We will see how the Sun representing our I AM Presence and the Son, our Holy Christ Self, initiates the soul in balancing and expanding the flame within the heart. We also see how this astrology is perceived by the soul from its earth centric, ego centric and the anthropomorphic perception of the human personality. We see how these two perspectives are at the heart of the battle of Armageddon, as well as at the center of the warring within our members. We will see how it (perception, perspectives) defines our experiences and the challenges we face in the odyssey of our soul's journey home. We will see how it defines the testing of our soul, daily, as the soul, with Christ, fastens herself to the cross, the cosmic cross of white fire. We will see what this means to our individual path as the soul daily faces right choices and right action as she learns to control by the God Flame, the lunar forces upon the untransmuted "mood momentums" as described by Master Kuthumi. He teaches us how to use

**SUMMER SOLSTICE 2019**  
**THE WOMAN CLOTHED WITH THE SUN**  
**AND HER MANCHILD**  
**PART 2 OF 5**

the flame in the heart and to call to the solar hierarchies to control these moods manifest as emotional disturbance. He teaches us to watch the moon cycles through its 28-day monthly cycle and control it by the flame of the Sun as it transits through the 12 solar houses of the twelve solar hierarchies that govern earth (12 signs of the zodiac).

The sun enters each sign (Cancer) in the etheric plane to affect our etheric body to balance the threefold flame on the South side of the pyramid and the South Gate as we are initiated on the seven initiations of the Ruby Ray. Seven initiations on the seven solar days, one on each of the seven rays and each day we are tested. This is the astrology of days; we know it as the cosmic clock of the hours. It is how you watch and control the energies moving in through and around you. It is how you maintain conscious awareness of your surroundings by standing in the flame in this case Cancer in the etheric body from June 21<sup>st</sup> to June 29<sup>th</sup>, seven days to be initiated on the seven initiations of the Ruby Ray as the soul is initiated on each of the seven rays, one ray, one day, one test, as taught by Kuthumi. Thus, we clear the etheric body washing seven times to fulfill the law by breaking down the bricks containing the flame of the heart and balancing and expanding it as we are drawn into the flame by the Holy Christ Self as he takes the supplicant preparing her by initiation to be his bride. And as the soul having fallen in love with the Groom prepares the wedding garment, the seamless garment of light.

SUMMER SOLSTICE 2019  
THE WOMAN CLOTHED WITH THE SUN  
AND HER MANCHILD  
PART 2 OF 5

The Sun is in the etheric plane to impart the divine plan in Cancer for the Helios cycle of the year. It is here to impart to the individualization of the God flame, your Holy Christ Self, your individual plan, your role to be played. Helios is here in Cancer to nurture your soul as the lamb's wife, the chela to bring you through your initiations and testings of the soul's faithfulness and ultimate mastery. This document series delivers the message of the sun that is written in the stars.

Here in the etheric the soul is called to clear the iron bands around your heart, Maitreya teaches us to invoke illuminations flame, it draws into itself and consumes "ignorance" and imparts wisdom. The wisdom of right action of the soul's choices as well as the action of the flame, God's grace.

These cycles of the Sun and Moon are mathematically exact and determine the precise karma returning to be transmuted as the soul washes, healing her etheric body. It does require the soul's diligent pursuit of *the astrology of cycles* and the assimilation of the teachings and the teacher to apply this *science of the cosmic clock* to meet daily by *the clock of the hours* our initiation and its testings as we meet our karma and dharma on the way.

The Sun enters Cancer and is immediately met by the desires of the people that act to attract material substance and the substance of self. Some use the individualization of the God flame to control by their actions, their untransmuted mood momentums of emotional disturbances that, Maitreya teaches, allows the soul to speak the truth into the face of this emotional disturbance of the people around them to calm the waters and to recede into the secret chamber of the eight petaled chakra. While others encountering the emotions of others re-act (re-in-act) or act in such a way that allows the soul to be martyred. The latter, the masters have taught us must not be allowed to happen.

This encounter at summer solstice with the emotional plane and our emotional bodies is what gets watered and nurtured by the soul in the three signs of the emotional plane, dividing the way year upon year and month upon month. It defines those who enter into the light for their salvation and those who reject the love of the Mother (Cancer), subverting the authority of the Father while usurping the office of the Lion, held in Matter by the saints who are the sons and daughters of God, the 144,000 and the remnant of the woman's seed, who keep the white cube of the Church Universal and Triumphant. This is the initiation of the heart that is preparing our hearts, initiating the soul to enter into the flame, *to become the flame*. This flame incarnate is destined to light a world that is filled with the darkness of those for whom the light is come for the judgment. The wave of light that is coming, that our Helios and the central sun of our galaxy is approaching, will deliver upon earth such an increasing intensity of light that all that is written in the Bible and particularly in Daniel, Revelations and Isaiah will come to pass. We are told that this will occur in one day within one hour (see Rev 18:8,10). While Daniel tells us of the period leading up to this day (a period of 1260 days followed by a final 70 days).

Two configurations dominate the etheric plane as Helios enters Cancer. The *Mystical Doorway* to the eight petaled chakra and the *Yod*, the fork in the road. El Morya teaches us that

**SUMMER SOLSTICE 2019**  
**THE WOMAN CLOTHED WITH THE SUN**  
**AND HER MANCHILD**  
**PART 2 OF 5**

all lines of the clock converge at the six o'clock line, in Cancer. All lines converge, prepared by Lady Vesta (beginning at winter solstice) for the coming of Helios at summer solstice. Helios is come to bring the divine plan out of the etheric and mental planes into the emotional and physical planes. The Mystical rectangle is **Sun, Part of Fortune** (3 Taurus), **Watchers** (Cupid, 0 Capricorn) and **Apollyon** (Nephilim, Abaddon, 1 Scorpio). While the YOD is formed by Moon, Jupiter, North Node.

The **Yod** is (the) key to the **doorway** to the heart and *the safe passage of ye all*, the mantle of learning, illumination, and self-knowledge. This cycle of initiation to attain (safe passage) to the assimilation of the Guru (Jupiter) began on January 1<sup>st</sup>, 1989, the Divine Plan for 1989. It is now in 2019 in Cancer in its 31<sup>st</sup> year for the public demonstration by each one of the mastery of the law.

This key (Yod), Mother teaches in the Climb the Highest Mountain (CHM) Series, *Christ Antichrist*, is the Y in the road when those who are called must face and slay their dweller. Our dweller represented by Pluto is in Capricorn, it is the beast out of the Bottomless Pit that Daniel and John the Revelator saw. It is these beasts that Revelations (11:7) tells us that goes to war against the messengers, the two prophets and kills them. (see Mother's lecture, "To Kill a Mockingbird or A Hundred Ways to Kill the Messenger").

We were being tested in 2018 and now in 2019 to slay our dweller (daily) so that we are not drawn into the drama described in Revelations and in CHM to become our dweller, a castaway. Our soul (moon) at 19 Aquarius in 6<sup>th</sup> house first decant is inspired by the Guru to achieve this victory over the dweller through selfless service to the Guru, in the sixth house. The Guru inspires the soul, who *gains self-confidence* as she stands with the Guru (Jupiter) in 2019 at 18 Sagittarius in the first decant fourth house on the journey (Odyssey) to get home. Through the bond to the flame in the heart of the Guru we invoke the all accomplishing wisdom of perfected action from the casual body of Amogositidhi to control our mood momentums as taught by Kuthumi. Thus, we face and conqueror the challenges our soul faces in the summer and fall of 2019 because in this hour the cost to the soul to engage in these momentums is great indeed.

The apex of the Yod, the North Node (18 Cancer, 1<sup>st</sup> decant 11<sup>th</sup> house) is where we stand in Hamlet's shoes and must choose, as Mother taught us on July 4<sup>th</sup>, 1996, *to be or not to be*. We must take the *right*-handed path, yet the way that seemeth *right* leads to death. We apply Mother Mary's teachings on Grand Trines (example God Mastery in Pisces expresses as God Vision in Scorpio while Pisces misqualified expresses as indecision in Cancer). Applying this we take the right-handed path gaining mastery over the lunar forces (*Moon in Aquarius, amplifying hardness of heart*) of the full moon that amplifies Martian fears (*23 Cancer conjoined North Node*), amplifying our desires for the substance of self, vanity and put her (Moon) beneath our feet by erasing the face of the lesser self from the mirror of the moon mother, as taught by Kuthumi. By tackling the Moon energies and their influence on Mars we are able to serve the Guru in the 6<sup>th</sup> house of service to the Guru, as taught by Mother. Standing in our right mind we are able to stand with the Guru Jupiter in the 1<sup>st</sup> decant of the 4<sup>th</sup> house invoking the Sun and the Solar Hierarchy of

**SUMMER SOLSTICE 2019**  
**THE WOMAN CLOTHED WITH THE SUN**  
**AND HER MANCHILD**  
**PART 2 OF 5**

Sagittarius to control our mood momentums that manifest as emotional disturbance. Thus, we are able to stand on the North Node and defend the Guru, her mantle of authority and her office as we are being initiated and tested to keep the mystery school in the community of the holy spirit (Capricorn) on the South Gate as we meet the challenge in Capricorn of Saturn conjoined the Dragon's Tail at 18 Capricorn in the 1<sup>st</sup> and decant of the 5<sup>th</sup> house, Rulership of the soul, Christ or antichrist. We are called at summer solstice to meet the challenge on the Odyssey of our soul that threatens to strip us from the Guru as prophesied by Mother in 1985 following her trial and the creation by El Morya of the 24 Elders which is the office of elected individuals who are called to aspire to the office of Christ while they serve the Guru, who represents our I AM Presence to us who hold the office of chela. See El Morya's dictation Feb 3<sup>rd</sup>, 1985. This is the solution to the challenge of the YOD as the soul stands at the Y in the road and faces in Capricorn on the mountain with Saturn, the Dragon, and our Dwellers, personal and planetary, the decision to be or not to be. Has the soul surrendered in Taurus to selfless love of Aquarius or to self-love. This is the key to the Mystical Doorway to the Heart's Secret Chamber, the 8-petal chakra. It is the 8<sup>th</sup> ray, the Ruby Ray that opens the door to the heart's inner chamber and the safe passage of ye all, see 20.09 the Binding of the Dweller on the Threshold.

These two configurations are your keys to the safe passage of your soul through what is coming upon the Earth, as we keep the white cube of the Church Universal and Triumphant on the North Gate in Cancer. They are the keys to our standing on the Part of Fortune at 3 Taurus in the 3<sup>rd</sup> decant of the 8<sup>th</sup> house, in Christ attainment on the East Gate with the two Messengers and two Witnesses as the true Christs and true Prophets and uphold the multitudes who wait on the West Gate for our coming (in the Second Coming) to pass our initiations and be anointed to go to the Multitudes to gather the one million lightbearers who are ready and to gather the multitudes to the altar to invoke Archangel Zadkiel's seven vials of violet flame to roll up the darkness from west to east and north to south.

To achieve this our souls, on the North Node at the apex of the Yod, must be restored to the *confidence of the little child* we once knew long ago before our departure from the Guru in the Garden. This is the meaning of the Node at 18 Cancer in first decant of the eleventh house. We must face and conquer our rebellion against the Guru and law of the Father. Those who come to summer solstice having assimilated the Guru these last 32 years are ready to be tested on the mountain. This is the initiation for which they have been preparing these last 32 years and of course many more, even lifetimes of faithful service to the Guru (lineage of Gurus). The soul is acquiring the key to the doorway (Mystical Doorway) to the heart. This is a prerequisite to the Transfiguration in Virgo (year, 2020).

Souls face the Guru on the nadir steeped in their karma of (past) resentment and revenge poisoned by envy and jealousy and by the synthetic self that we have created and who now threatens to destroy the soul. We must control "volition" Amoghasiddhi teaches us, the will of the not self in juxtaposition to the will of the Father in Cancer that we have assimilated by controlling our mood momentums. This is the test after 40-years on the path for many of claiming the victory of our original application to be chelas of Guru Ma and her Guru El Morya. Many have left off or have avoided the initiations to hold onto their vanity and possessions, the not self. They simply are not prepared to meet the karma returning, of our karma with the Guru.

SUMMER SOLSTICE 2019  
THE WOMAN CLOTHED WITH THE SUN  
AND HER MANCHILD  
PART 2 OF 5

Please re-READ Phyllos the Thibetan. He will teach you that this karma is the karma of Atlantis, Suern, of the seed of Abraham and now America. It is the same souls who trace their Odyssey through the ages as described by Phyllos. The karma of the last 25,800 years is the karma with the Guru, the Sons of Solitude, the Ascended Masters of the Great White Brotherhood. As we come to face the karma now descending, we have been taught to keep the eye on the light at the end of the tunnel. Do not let go of the hand of the Guru. She is our safe passage. Safety lies in the 8<sup>th</sup> ray access to the 8-petal chakra wherein we hold the hand of the Guru who even now stands in the 9<sup>th</sup> ray initiation to see us all the way home. See Sanat Kumara's book, *The Seven Initiations on the Path of the Ruby Ray*.

The mystic's rectangle, the alchemical *doorway of consciousness* is formed by the **Sun**, the **Part of Fortune** (*place of Harmony and Joy, 3 TAU*), **Abaddon** (*1 SCO*), and the **Watchers** (*0 CAP*). This is an occult doorway. It opens for everyone according to their consciousness. Without the key it holds great danger for the initiate. The door will open to the left or to the right. It will open to higher realms or to the unconscious where dwells your dweller and death. If you do a google search you find the full spectrum. This is the initiation on the mountain (Capricorn, the mountain goat at war with the ram, Aries, see Daniel) with Maitreya and Satan (Saturn). We will meet this challenge in Capricorn during the Jupiter transit. We must come prepared. Let no one or anything distract you. We will hold the hand of the Guru upholding her arms in the judgment of our dwellers, personal and planetary, or we will elect to become a Jupiter personage, someone in positions of authority or of distinction. The key here is that we are being initiated. We are not like everyone else. We were called by Alpha and Omega to come home. This is our initiation, alone. We are, Kuthumi tells us, in embodiment the Sons of Solitude as he and Claire were during his embodiment as Saint Francis.

We are called to understand that *all that has gone on before and is continuing to go on is not real and its appearance has no power*. It is all about you and your initiations to become the Christ, to be prepared to walk your path all the way home. It is about becoming the Christ (second coming), the twin of Jesus, to run a sack-cloth race together to bring in the souls as did Jesus 2000 years ago. Now it is our turn to bring them to the Mother who will introduce them to the Kingdom of our Father. To bring them to Saint Germain and the Aquarian Age by first anchoring the judgment of those who being called to the church and to America, have declared their rebellion and (Saturn) separation from the Guru as they have done since Lemuria. We are being initiated and tested to separate out from them to declare our Independence and prepare to survive what is coming upon those who are in our midst. We are called to wash seven times to clear our four lower bodies, to balance our three-fold flame in each body) and to transmute our karma in the twelve solar houses of the solar hierarchies of the Sun, the twelve lines of the clock. God is the doer and is delivering the karma for the judgment in the four planes of matter. Having washed, cutting our ties, we are called to ratify the judgment and come apart and to recede into the eight petaled chakra on the eighth ray to be God taught while the judgment descends into the physical.

We are running a race to wash our garments and cut our ties (vibration) to these people who have been called and chosen, but who have chosen to reject the love of the ones sent by the hierarch of Aquarius. Cycles of opportunity are ending. It has been time to save our own soul

for some time now. Those who do, to them more will be given and they will rule with Christ in the Age of Aquarius. These words are not platitudes, they were given as foreshadowing. Noah preached and prepared for 100 years and in one day, one family was saved to start over again. You are that family of God.

You have been called to be prepared to start over, to be the pioneers. It will only happen if you cut your ties...of karma making with those who do not want to start over. These ties are your mood momentums of emotional disturbances that have at their root, rebellion against the law and the law giver, the Guru (*a poison and a contagious disease, the proverbial rotten apple in the barrel, of the rejectors of divine love*). They have placed their trust in attachment to material substance and substance of self to solve our challenges. The root of this evil is the original lie of the Serpent in the Garden of Eden. This is how the Dragon revives the Beasts. He gets the lightbearers to feed the beast the light of God. This energy veil is evil and has been judged, we have entered the 36<sup>th</sup> year in Sagittarius. The cycles given our Church and our Nation are ending. It is time to move on, to start over. This is a Milarepa initiation. We must be prepared physically and spiritually for what is coming in the next phase of our church and nation. Only the prepared will survive, to lead.

The soul stands in Taurus on the Part of Fortune (3 degrees) conjunct Vesta and Uranus. Vesta is the midpoint. They, all three, fall within the third decant of the eighth house, to test and to measure the attainment of the soul's Harmony and Joy (3 Taurus) in loving obedience to the Guru and the law. Vesta is an asteroid of Maldek containing the records and vibration of the rejection of the love of the Divine Mother, Vesta of the Sun. It is the records of the laggard evolutions in the Middle East. Uranus is for the measuring of the soul's love of Aquarius, altruistic love, selfless love, the highest evolutionary love of the Guru for the chela and chela for the Guru. It is higher than even that of the love of Twin Flames. It is the love that bonds the matter universe to the spiritual reality. Love is being measured on the scale in the balance between light and darkness. Uranus has both a casual body and an electronic belt. The latter is the karma made on the etheric plane and includes the rebellion (Uranus) in the Garden of Eden. It includes the karma we make in devachan, the lower etheric plane. Uranus is the White Horse and its horseman is delivering the Karma of our disobedience and rebellion against the Guru and the path of chelaship, the path of initiation, in America and CUT and throughout the last 25,800 years. US and CUT's Sun is 10 Taurus with a 1-minute orb separating them. They are tied by destiny and by design. The judgment is one and the same. It is the vibration that is judged at 10 Taurus, the soul is forgiven. That is why we are called to come out of her or receive her karma (Rev 18:4). Who is she? She is the anti-church, and its anti-apostles and false pastors, the anti-soul, the synthetic self. See Sanat Kumara and the Ritual of Exorcism number four.

We are called in Taurus in the eighth house to pay our debts and to give of ourselves to restore order by giving love and our resources to pay our debts, of the past. This is the measure being taken, of our attainment. The testing is of the soul's determination to be love, to open the heart, to shed the iron bands surrounding the heart (Maitreya). It is being measured against the heart that is asleep and hardened. In the eighth house, ruled by Scorpio, the polarity of Taurus has to do with our desires that cloud our God Vision of our third eye chakra (Taurus Scorpio) that allows the soul to take the initiative in the quadrant of the MC to the ASC. Amitabha teaches

AND HER MANCHILD

us that it is the component of the personality of the not self, perception, that poisons our soul with its passions, the lust for material substance and substance of self, self-love. The soul that loves allows the soul on the North Node to stand as a Son of Solitude in the Church and in the Nation in 2019 and to see the origin of the soul in God and of her rebellion against God and to take action to control these mood momentums and repay our karmic debts. Therefore, to lovingly give of self to do God's will to fulfill his divine plan, in doing so fulfill one's own divine plan.

The soul struggles in the second decant of Taurus against that part of life (of the soul) that refuses to love and to give of self and to obey the law. This portion or fragment of self gets caught in emotional disturbances by the influence of the Moon upon Martian desires that manifests as attachment to substance. This is the place of attachment (Taurus Possessiveness) to materialism and the lesser self. Call to the Sun of your Presence, to the solar hierarchies, to Kuthumi, your personal psychologist (see 6.04 degree, memorize it) to consume the influences of the lunar cycle on the negative mirror of the lesser self because it magnetizes residual desire (Karmic debt) which rises into the subconscious and consciousness as a storm of emotional disturbance. The struggle is against the forces of the Moon magnetism that amplifies these desires as emotions because we are attached to some substance and we want it. We may be, being called to give it up. So begins the struggle. We may need to give our money (light) to balance a karma. This is also the measure of the soul's ability to wrestle with our desires because of our perception (Scorpio Personality) and the poison that stems from perception as the passion of self love with its craving, greed, covetness, and lust. It is the struggle within self of our perception of the event or circumstances and of our devotion to the flame that states that I AM the Law of Love that gives without consideration for self. Versus the self-love of Scorpio, the lesser self of the scorpion that sees love as a weakness (Men are from Mars, Women are from Venus) survival belongs to the strong. This is the analogy Morya gave of the Mighty Oak and the reed of grass facing the winds of the Holy Spirit, coming upon the earth.

The soul enters the battle (in Taurus) determined in the first decant and struggles to overcome in the second decant, having persevered she comes to the third decant for the lesson of soul mastership. Here is where she demonstrates her mastery, the as master-of-the-ship as Odysseus did in the Odyssey. Here the soul undergoes the transfiguration from Eagle to the Phoenix, the floodgates open and heaven pours out, giving as the I AM Presence is the giver and the soul receives ten-fold. Lanello told us that if we transmute 10% the masters will do the rest. The key here is that the *tie* (karmic) is broken. The soul is free. Here in the third decant it teaches the soul *the wisdom of love* and *the power of love*, of the giving of self. Now the soul not only pays her debts but in Scorpio calls for healing of the one to whom the debt is owed, by the grace of God. In giving love the two parties are healed. If the one rejects the love, the giver is healed. Thus, the soul conquerors by wise dominion...willingly pays the debt, not grudgingly.

Here the soul learns the mastership of *karmic entanglements* (to be the master of the ship, your four lower bodies and the four planes of Matter), of *karmic webs*; of *karmic debt* owed. The soul learns that it is not so important to know how the karma was created (at the risk of re-living) except to recognize a karmic encounter exists and to repay the debt. Because the

AND HER MANCHILD

danger lies in the saying, “curiosity killed the cat”. Recognize a karmic encounter and give (of self) in loving obedience to the law.

The transit of the sun reveals the debt. Sun is in the tenth house second decant. The Sun reveals the debt of how we used power in the past that resulted in the martyrdom of self or another. Mars in Cancer shows what the souls wants and how it gets what it wants, taking freedom from self or another.

Circumstance or the situation defined by events describes the karmic encounter and the debt. Now is the time to take the soul down from the cross from when you condemned another or were condemned. Will you? It is time to lay the soul in the tomb or to fall the second time as you pay your debt. Those who are laid in the tomb in the 14<sup>th</sup> test of the crucifixion, it is your debt to preach to those on the astral plane (in the physical, as the astral sea has been rising) of their opportunity to return to the Father’s kingdom and his fields. This is in preparation for the resurrection when you will preach for 50 years fulfilling El Morya’s prophecy of living to 120 years.

This sums up the message of the Sun in Cancer. As told by Mercury conjunct Mars. We are told we are in a race between light and darkness. Time from here on is very, very short. We are given the choice to act selflessly in Cancer and give lovingly and nurture life and God will multiply. Or to re-act and re-in-act upon the stage the returning karma, repeating the past, as we see instead an injustice in the negative mirror, a perception of injury (fault). You are in God Reality seeing yourself in the mirror. The karmic encounter is your opportunity to repay your debt (to this one) not to receive, or take, but to give of your love and light (money) as required by the law that governs that encounter.

Why is time short and urgent? It is because Saturn, the Dragon (tail), and Pluto are in Capricorn, playing out as the archetypical pattern in the spokespersons for the multitudes in Libra on the West Gate (ICCC) in the second house of the people’s money, the light of America, that was invested in America by the Founders, the Sponsors, as well as in the Church. The polarity is the 8<sup>th</sup> house of our debt and our savings. The time is come to pay our debt or for the stealing of our savings (as in 2007-2008), all that is left. This is the taking. The taking of savings to repay debt by the planets in Capricorn. The classes of Capricorn, ruled by the Sun want to remove from circulation the light of the people, which esoteric astrology tells us is our liberty. Our Liberty to rally to Uncle Sam and to Merlin, to cast these black magicians out of Camelot and North America. They would pre-empt the cycles of God’s judgment.

We have been told that we are in a race between, preparing for the wave of light that is coming for the judgment of Babylon (Rev 18) and the salvation of the lightbearers, and the preemption of the fallen ones. Only the embodied Christs, the continuity of the word can forestall the fallen ones and carry out the Father’s plan and his will. All else is illusion and deception.

**All Lines Converge on Six O’Clock Line ~ *El Morya***

Virgo is the karmic axis, the solar plexus, with Pisces. Pisces rules the 12<sup>th</sup> house of our debts of destiny. Taurus is the 3<sup>rd</sup> eye chakra with Scorpio. Virgo and Taurus converge on Cancer forming two 60-degree arcs to Cancer. This cup when extended to include the three polarities forms two grand trines or a six-pointed star; a water and earth grand trine.

This in turn, is repeated for each pair that converges on Cancer, starting to the right and left of Cancer with Gemini and Leo and moving away. Each cup, each convergence describes the challenges we face together and individually. It is best to draw this diagram so you can follow the discourse that follows in this five-part document series: *The Woman Clothed with the Sun and Her Manchild*.

The sun illumines the karmic *situation*, our *debt*, our *role* as debtor and the one to whom we owe the debt. The soul in loving obedience to the Sun of our Presence, represented by the Guru, of whom we have been assimilating her body and blood all these years, allows the soul, as watchman on the wall of our conscious awareness, to meet the karma returning unperturbed by its sudden appearance. We are able to respond to the spiritual encounter, not the materialistic or karmic encounter by the outer man and the letter of the law, because we stand with the Guru. The soul acts, setting in motion God’s desire (Sun) to be free from this past (many times, ancient) energy trap or karmic web. An example, is Vesta (4 Taurus), the midpoint between Uranus and Part of Fortune. The karmic debt is the rejection of the love of the Divine Mother, Vesta of the Sun. The refusal to take and pass the tests of Uranus to assimilate Uranus’ casual body, selfless love, attaining through God Obedience in the 3<sup>rd</sup> decant of the 8<sup>th</sup> house over Abaddon, the god of plagues at 1 Scorpio of self-love. Instead, out picturing the rebellion (Uranus) in Taurus (rebellion against the law and law giver) that entangled the soul with a generation of life waves that rebelled against the divine plan as in Russia in 1917, refusing to let go (of the ego) and take responsibility for their debt to life, they defended the status quo and their possessions or those they possessed. This set a pattern (mental) that has repeated itself as this entanglement replayed, as the web reformed, as these souls re-embodied together throughout the ages till today, as taught by the Rai Ernon in Phyllos the Thibetan. Everyone can learn to be the watchman on the wall of their consciousness and to read the handwriting on the wall. One has only to see beyond the perception of the lesser self’s self-love.
