

Astrology of COVID-19 THE STORY OF A VIRUS

We are experiencing the testing of the heart on the Virgo Pisces axis to find the solution to a problem. Our story begins at winter solstice when the Watchers conjoined the Sun on the Mountain of Maitreya in Capricorn where we all stood at the Y in the road as we faced the year ahead. We came to Spring equinox where we planted our seed that set the stage for the next 90 days, the Spring Quarter of the year which lasted until summer solstice on June 20th. At equinox Pisces was on the nadir of the ingress chart.

The people are being tested. Dividing those who stand in Pisces who take the right-handed path of the mastery of the flow of energy that plays out as God Consciousness through Pisces' super physical consciousness, and in Scorpio as God Vision, from those who have chosen to replay the records of the past and unleash the Pale Horse Death and Hades (Neptune, ruler of Pisces) that follows. Pisces represents the mastery of the flow of energy as water, emotions, feelings and as we are taught in the Everlasting Gospel, the waters of Aquarius, the waters of the Tree of Life (Rev 21:6). This manifests in the etheric plane as God Consciousness, cosmic consciousness. The creative ideas of the higher mind in man playing out as the mastery of the flow of energy as super physical consciousness in Pisces. This is God delivering his solution to man, those who are tuned at Easter 2020, to the upper room. These are being God taught for 40 days. They are being prepared on the inner to receive the God solution to our current problems, even those we are not yet aware of. Those problems that are cycling into the physical from COVID-19. We will not see them until after fall equinox. What began at winter solstice was foretold by its cosmic astrology and is only now being understood as we begin to think about what is going on internationally and nationally. Our perceptions are being formed by our thoughts today. It is an evolving process. You are your thoughts. You are your karma, until you change your thoughts. You are a creator with God, co-creators, of your world and your future.

This article describes COVID-19 in Astrology. Cosmic astrology gives us a perspective of the COVID-19 virus that reveals what is being done in the shadows. It reveals what is hidden behind the illusion created using the energies of the electronic belt of Neptune in Pisces. It reveals what is being done in secret hidden within secret societies and associations, under the electronic belt of Uranus in Taurus, against Saint Germain and Uncle Sam.

Cosmic astrology teaches that the US conceptual Sun is at 13 Cancer while the natal Sun is at 10 degrees Taurus. Cosmic astrology takes its perspective from the etheric plane called the fire element. Cosmic astrology derives from the sacred geometry of creation and is based upon the cosmic laws that Jesus Christ taught when he delivered his teachings that was to take the law of Moses to the next level. It is founded on the primary law, do unto others as you would have them do unto you, the golden rule. It is the end of the thread that when taken up reveals the laws of karma and reincarnation. Why we are bound, earthbound in chains that we created, slaves to our desires, chained by our mental patterns that are the foundation of our idolatry and sympathy for the devil, the deified energy veil that separates us from our God and his kingdom. This deified evil is what is referred to in the commandment, "Thou shall have no other gods before me." This alludes to the original sin of the Garden of Eden that we took for our own by accepting the rebellion (Taurus Sun) of the Serpent and his seed, the knowledge of good and evil, that polluted the pure waters of our God Consciousness we once knew before we joined the fallen princes of the Air in their rebellion against God. Resulting in our consciousness accepting by free will, evil, a separate state of consciousness (veil) from God and Absolute Good. God knows no evil nor can he perceive of the energy veil. Thus, he created his Sons and Daughters to judge evil and angels. This cosmic truth was captured in the allegory of the Apple and Eve.

The sub-title when understood provides mankind a solution to the challenge the virus presents us. The soul of mankind has come to the point in her evolution in 2020 where we must face **COVID-19 in an election year** that will define our future. We have walked the path for 2000 years, the last 200 or so in the wilderness protected from the Serpent as described in the Book of Revelations. We are told that the Serpent would retaliate by spewing out of its mouth a flood to carry away the Woman. The earth helps, opening her mouth swallowing the flood, Rev 12:13-17. The earth in astrology is the earth trine,

Capricorn, Virgo, Taurus, the labor of our hands. It is also in the cosmic astrology of the ascended masters and the Everlasting Gospel, the physical plane and our physical bodies.

So, we must unlock the mystery of the Piscean Mastery that Jesus taught us so that in 2020 the earth can fulfill the prophecy, to swallow this flood (the virus and the cancer of communism) that affects the sacred breath, the airways, and our lungs, even now we are discovering, our blood. In esoteric astrology the lungs are ruled by Gemini. It corresponds with the throat chakra, the Gemini Sagittarius axis. This virus is the attack upon the Holy Spirit, the sacred fire breath. It is the returning karma of the warring in the members in Gemini. As the virus attaches and attacks the airway and lungs, attacking man's ability to breathe. If you can't breathe you can't decree. COVID-19 is the denial of the four pillars of our freedom. It is also a direct attack on the hierarchy and the initiates of the Ruby Ray. Imagine 2000 years ago if a pandemic waged across the Holy Land and everyone was confined to their homes. What would Jesus have done then, in order to gather his apostles, the Holy Women and his 500 disciples?

He would do the same as we are now required to do. Solve the mystery and carry out his/our Father's will.

You now stand in Cancer at summer solstice and by discipline defend the Christ come in you and in others, the second coming and see it manifest as the right-hand path of the water trine in and as Pisces mastery of the God within. Fulfill your calling, reach out with your hands and grasp the other two signs in the water trine. As you stand in Cancer, in your right hand is Pisces, in your left hand is Scorpio. This is the mystery of carrying out God Mastery in Pisces, God Vision in Scorpio and God Harmony and Supply in Cancer. Pisces plays out in Scorpio as God's Vision of his plan in the physical quadrant in the physical. You can recognize God Mastery because it manifests in Scorpio as healing and science, the God solution to the virus attacking God's people.

Viruses were created by the fallen angels long ago in their laboratories as they are today in the world's level 5 labs. Check out the YouTube videos on the discovery in Antarctic under the ice sheets of living organisms and microbes by the nations and their scientists. It is rumored that COVID-19 began in Wuhan at a retirement home for the elderly. It has been reported that this retirement facility is across the street from a Chinese government level 5 laboratory, coincidence, circumstantial, you decide.

Apollyon is known in mythology as *the god of plagues*. He is transiting Scorpio at 2 degrees. Apollyon is named as a major player in the Book of Revelations that was delivered to John for the end of the 2000 year age of the Piscean conqueror. This is when we are destined to manifest in the Second Coming of Christ in man, the Shepherds of the People who choose to elect Christ in 2020 to lead them and with Jesus rule the Kingdom Age for the next 1000 years. Apollyon is the Greek name for the Hebrew Abaddon, referred to in Revelations as the king of the Locusts that are come into embodiment out of the Bottomless Pit. These began to embody, Hitler, Stalin and Mao told us in the thirties and forties (1930s and 1940s). A second wave began in the late 80s (1988 and 1989) and have continued ever since. The power elite today, call them the Millennials. They are the destroyers, anarchists. They are come to devour the Western Civilization and its promise of a Golden Age of Christ rule, the promise to be fulfilled in the American Republic under a God Government founded upon principals of Laissez Faire and Free Market Economics.

Sons of the Republic, Daughters of the Republic look and listen, understand by receiving the Holy Spirit what is playing out in 2020. You will see the Hand of God everywhere. Do not give your power to the devil, to defied evil and its four beasts- Babylon the Great, Serpent, Accuser of the Brethren, and the beasts out of the sea and earth and the dragon who gave them their power; the one named *blasphemy* whose mark, number and name is 666. The cost to the soul is too great.

THE STORY OF A VIRUS

Neptune is disease and outbreaks. It is the Pale Horse in Revelations. It is death and we are told that Hades follows. Hades is currently at 9 Cancer conjunct retrograde Mercury and the Sun at 10 Cancer conjunct Vesta (one of the four large asteroids of the former planet Maldek from whence came the laggard evolutions to our planet who now occupy the Middle East and the Mediterranean Sea basin and surrounding area. This area hosts the *rift*, the opening in the earth to Hades. It runs from Turkey to Kenya out of which came the foreign prince that overthrew the Golden Age civilization in Africa whose heart is buried under the sands of the Sahara. This people and the great drama are playing out once again, in America, as all the former players are now re-imbodied. All are come to pay their debt of karma to the Guru, we call the Father and his Son. Today he is called Uncle Sam, once known as the prophet Samuel and the Magician Merlin. We have been called to come out of her, Babylon and its Harlot, the Scarlet Woman who rides the Scarlet Beast and to come apart to the wilderness, the place prepared through the ages, America to be a separate people, elect unto God, *In Whom We Trust*. All that is occurring is the replay of this great drama that has repeated itself across the millennia for 100s of 1000s of years, going back two million years.

Neptune has another name, it is Wormwood. An angel that fell from heaven with Lucifer. He is embodied in world communism and is worshiped by the Millennials as told us by Hitler, Stalin and Mao. His is the logic and reasoning of the Serpent rolled up into a body of ideas by Wormwood that we call *dialectic materialism*. Both Soviet Russia and China, today and yesterday, are models of this Babylon the Great. It is devoid of God and his Holy Spirit. It is soul destroying. It is the Antichrist as are all who follow this *beast of world communism*.

The electronic belt of Neptune controls the de-evolution of souls to a state of consciousness devoid of Spirit called the collective mind, collective consciousness. It is anathema to the casual body of Neptune that is instrumental in the evolution of the soul to become the bride of Christ in the second coming of Christ in Man...in 2020. This is the battle referred to in the Book of Revelations and in Daniel, Matthew, Isaiah and others as the final battle of Armageddon, and the Great Day of the Lord. You are alive today because you are called to the final battle. You have prepared throughout the ages and have been called and chosen. Now fulfill your *Debt of Destiny* in your 12th house and that of the nation. We stand on the cusp of **1770 and** once again in 2020 to fulfill in the 3rd century (of America) in the third plume of love's victory over death as Christ is come in you (man) the bride of Christ for the final judgment of evil, the energy veil, and the evil ones who will be cast out of the earth as prophesied by God but not only, it was prophesied even by evil of their own ending in the Mayan Prophecies. We have entered the final battle. The prophet Daniel tells us it is called the Tribulation.

The sixth house rules public health, public health departments and their activities, quarantines, social distancing and local and state lockdowns that have become policies in the seventh house, first decant. This diabolical use of manmade viruses are being used to prevent the people being called out to rally to Christ and our God. It is designed to destroy *the four pillars of man's freedom*. Primarily, it is designed to destroy the divine right to assemble...in free elections to elect Christ to rule in 2020. It is designed to prevent Christ's own from gathering" in my name and what so ever you ask in my name my Father in Heaven will grant you". *It is designed to shut down the churches of the faithful*. It is calculated to counter the law that the power of prayer cannot be duplicated by in a virtual environment. This is the law and the Goddess of Liberty, spokesperson for the Great Karmic Board has told us that the fallen angels would attempt this. This is a ploy in most nations of the world, and now in America and Europe.

You see this as governments phase in returning to work while the church continues in restricting the ability to assemble in the communion of the Holy Spirit, continuing to argue the logic of serpent and the Harlot, the Antichurch and its anti- apostles and false pastors. Choose this day whom you will serve, God or Mammon. The vials of the seven last plagues are delivered to a planet for the judgment of evil and the energy veil, deified evil. Who has bewitched you, you foolish Galatians. So now it becomes clearer what it has meant all these years...come out of her (or receive her karma) and be a separate

people, elect unto God, one people, one nation, one God. So, it has begun in 2020, a new beginning and *an ending*.

Many still believe it all began 2000 years ago or 200 or even in the 1970s or 1980s. Not so. It began in 2000 and now in 2020, the 3rd decade we are called to stand on the mountain with Jesus and his Father (Saturn, its casual Body in Capricorn) and choose in these elections in 2020, *a symbolic gesture*, whom we will serve; whom we will follow, God or Mammon, man. Jesus told us that in this day many false Christs, many antichrists are gone out in the world. All the players have gathered in Capricorn as foretold in the Book of Revelations and by Daniel, Matthew, Nostradamus, Edgar Cayce and many others. The Seven Archangels continue to gather them to the Great Day of The Lord, the final battle.

Scorpio rules healing and science, by God Vision. It is countered by the components of personality we call *perception* and its poisons, *the passions*. Perception derives from the lunar forces acting upon Mars which rules the desire body, the cause of all suffering. The moon force of magnetism pulls down consciousness from the mountain top of the higher mental plane and the Christ mind filled with the consciousness of God we call in astrology in Pisces ruler of the 12th house, the super physical consciousness and the occult. Native American Indians call this the spirits of good and of evil where there is a great vying for the soul of the individual. Every Indian youth came to that place on their journey when they had to choose. The choice was made by the state of consciousness created by all previous choices of the soul through many embodiments. Over this realm of the spirits of good and evil resided the Great Manatu, we call Sanat Kumara, the Ancient of Days. It is here in Scorpio that the soul must seek healing, the correct alignment with the Spirit Mater universe of God Reality or the Great Rebellion. There are no alternatives. There are many who claim there are but they are all masks of Rebellion, man as an island separate from the masses. This is not Christ who is shepherd of the people.

Virgo rules the 6th house bringing divine justice in the 6th house to the unjust stewards who rule over public health and public service (government). God has gathered the princes of this world to Capricorn and has released his judgment, the seven last plagues as the final episode of the seven trumpet judgments. These cannot be escaped. What we are seeing is the attempt by the status quo, the power elite in Capricorn through their associations and societies ruled by Uranus, many shadowy as they meet in secret in the dead of night where they practice their black arts of the occult practices ruled by the 12th house and practiced in the 8th house, to control the masses and their funds, the public purse, the money of the people to limit their liberty which the wealth of the abundant life has provide the people of God. They have created by government the culture and economy of debt ruled by the 8th house.

The 8th house is where we are called to pay our debts. We are called in the 7th house 3rd decant to expiate our karmic debts before we take our place in the 8th house to use the resources of others, especially the public purse as representatives of the States, the people. You cannot heal an out of alignment state of consciousness. You first must correct the wrong perceptions of the soul(s). This means the polarity, the 3rd eye charka, and the water trine use of desire for the right-handed path or the left-handed path. In this case the polarity of Scorpio is Taurus, God Obedience to the law, the will of the Father, or to rebel as did the fallen angels and as did our souls in the Garden of Eden, choosing to follow the Serpent instead of Christ. Well the Serpent has returned to the Garden, America, the mystery School come again in America where all Americans (legal and illegal) are initiates of the Father (Maitreya) as taught by the Seventh Angel, Saint Germain.

The serpent returned in 2012 during the precession of the equinoxes that occurred during a solar eclipse at 0 Gemini, the line on which the serpent and his seed fell, long ago. The line of God Wisdom, Gemini. The serpent has returned to the mystery school where all are called in America to give birth to Christ in the second coming during the 46-year cycle of the Galactic Alignment that began in 1975. We are called to receive the love of the Divine Mother or reject the one sent, Guru MA, the daughter of the Cosmic Virgin. Many were called but few are chosen *in the ending* that is occurring in 2020 during the

33rd year in Virgo on the Path of Personal Christhood and the initiation of our hearts by the Holy Spirit and the heart of a planet, in America as we are called to demonstrate publicly the Christ mastery of the 12 rays of the 12 God Qualities of the diamond hearts we have forged these last 33 years on the path. You see this in her cities as many rally to Wormwood and Abaddon (Apollyon at 2 Scorpio) and worship Mammon. They have chosen to worship the beast and reject Christ and the love of the Divine Mother. They are being left behind. All are being forced to choose in 2020. Only those whose souls have evolved 2020 vision and stand declaring their independence by casting their vote in these elections, having come out and apart and, uniting in one union of spirit, will survive what is coming upon America and the planet.

It has begun this summer solstice under a solar eclipse and the Cancer Solstice intercept in the 8th house. (*This is the topic of the next article*).
